Project Title: Middleton Park Court Seating

Name of Group or Organisation: Leeds City Council - HAP

Total Project Cost: £1,912

Amount proposed from Wellbeing Budget 2023/24: £1,912

Wards Covered: Middleton Park

Project Summary: Residents of Middleton Park Court would like some communal seating to the rear of Retirement Life building, so in the summer months they have an area where they can meet and socialise together.

At present there is just two old wooden tables (with no seats) so its not really fit for purpose and they are in such poor state they need removing and something more suitable in place. The proposal would be to install two of the circular mobility tables.
