In respect of Item 6, Report on a proposal to Change the Member Allowance Pay Date from 16th to 26th of the Month, to amend the recommendations as follows:

Delete Recommendations b) and c) and replace with new recommendation b):

“supports the proposal in principle to achieve cost savings as a result of moving to a single pay date; notes that the proposed changes to the members’ pay date and members’ allowance scheme arise in conjunction with wider proposed changes to the pay date for staff; Council notes objections from the recognised Trade Unions; Council notes other employers in the city have proposed a change of pay date but have managed to agree a process without objections from the recognised Trade Unions; and Council calls on the administration to consult with those employers to find out what they did successfully and then reconsult with the recognised trade unions and bring a paper back to Executive Board and Council to approve the workforce pay date change and the members’ pay date change respectively.”
