**RESOLVED** – That, in accordance with Regulation 4 of The Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012, the public be excluded from the meeting during consideration of the following parts of the agenda designated as exempt from publication on the grounds that it is likely, in view of the nature of the business to be transacted or the nature of the proceedings, that if members of the public were present there would be disclosure to them of exempt information so designated as follows:-

(A) That appendix 3 to the report entitled, 'British Library at Temple Works', referred to in Minute No. 33 be designated as being exempt from publication in accordance with paragraph 10.4(3) of Schedule 12A(3) of the Local Government Act 1972 and considered in private on the grounds that the appendix contains information relating to the financial or business affairs of any particular person (including the authority holding that information). As such, it is considered that the public interest in maintaining the content of the appendix as exempt from publication outweighs the public interest in disclosing the information;

(B) That appendix 1 to the report entitled, 'Leeds Pipes District Heating Network: Status Update and Securing Future Growth', referred to in Minute No. 34 be designated as being exempt from publication in accordance with paragraph 10.4(3) of Schedule 12A(3) of the Local Government Act 1972 and considered in private on the grounds that the appendix contains information relating to the financial or business affairs of any particular person (including the authority holding that information). With the agreement of the Chair, a late item of business was admitted to the agenda entitled, 'Update on Coronavirus (COVID-19) Pandemic – Response and Recovery Plan'.

Given the scale and significance of this issue, it was deemed appropriate that a further update report be submitted to this remote meeting of the Board. However, due to the fast paced nature of developments on this issue, and in order to ensure that Board Members received the most up to date information as possible, the report was not included within the agenda as originally published on the 13th July 2021. (Minute No. 36 refers).

## **ENVIRONMENT AND HOUSING**

## **32 To consider the future of the maisonette block on the Highways housing site in the Killingbeck area of East Leeds and receive an update on progress with the redevelopment proposals for the site**

Further to Minute No. 41, 24 July 2019, the Director of Communities, Housing and Environment submitted a report detailing proposals to include the maisonette block of 12 homes at 122-133 Highways, York Road, Leeds LS14 in a wider redevelopment of the Highways tower block site, which had been previously agreed by Executive Board. The report also sought approval to

suspend new lettings to the maisonettes and start re-housing existing residents with a view to achieving vacant possession as soon as possible. Additionally, the report provided a further update on the overall progress made in respect of the Highways site.

In considering the matter, Members welcomed the scheme. Responding to a specific enquiry, it was noted that currently there were 132 homes on the site and that the scheme would see this replaced with an estimated 230 – 250 new build units. Regarding a question about whether there were any known abnormalities or risks associated with the site, it was noted that although there was no current indication of such issues, appropriate onsite surveys and assessment would be undertaken as part of the due process. Also, responding to an enquiry the Board noted that it was anticipated that rent levels for the properties would be consistent with social rent levels for new build Council homes.

In considering the current timeframes for the scheme, the Board received further details on the progress being made to re-house existing tenants as efficiently as possible.

Also, it was noted that the commitment made for tenants of the Highways tower blocks and maisonettes who wished to return to the new build programme when completed, would be honoured, subject to the size of the new properties being able to appropriately accommodate each family's needs.
