8. White Paper Motion - Environment Agency Funding to Reduce Flooding

This Council, recognising the fact that the recent flooding and heavy rainfall is likely to be repeated in years to come, calls upon Her Majesty's Government to reverse the cuts in funding to the Environment Agency and indeed to invest further in measures to reduce flooding across the UK.

This Council also calls upon the Environment Agency to reinstate the Leeds flood alleviation scheme and the schemes for Wykebeck and Farnley.

9. White Paper Motion - Responses to Flooding Incidents

This Council recognises the suffering and misery that recent flooding has caused to many people in Leeds and calls upon the Council to make sure it is doing all it can to help people to return their lives to normality. Furthermore we urge the council to work constructively with the Environment Agency, the Department of the Environment, Yorkshire Water and all other agencies to make sure they too are doing everything they can to help people most in need.

This council calls for an inquiry into the City's preparedness to deal with flooding incidents like these and identify how such events can be avoided in the future, recognising the greater risk through climate change.

Furthermore this council demands urgent action to be taken to provide relief for all people affected by flooding and to examine options which would help:

- Provide information about making insurance claims.
- Provide relief to local people whose homes are uninsured, who may be burdened by rising insurance costs and for those people who may now be unable to get their homes insured in the future.
- To look into the feasibility of providing people with relief from the council tax.
- To establish a fund to help those affected.

This council recognises the need to make sure that no people affected by flooding are taken advantage of by cowboy contractors inflating prices and preying on the vulnerable.

And finally this council congratulates the work of the emergency services, the environment agency and the employees of Leeds City Council who worked with such professionalism, dedication and bravery to help evacuate homes and deal with problems caused by the recent floods.

10. White Paper Motion - Use of Traditional Nappies

That this Council reaffirms its commitment to the promotion of the use of traditional nappies, and writes to the new Health Minister, Ben Bradshaw, bearing in mind his recent comments, urging the Government to continue its financial support of the Real Nappy Campaign, to encourage the use of traditional nappies instead of disposable ones to help reduce the impact on the environment.

11. White Paper Motion (Procedure Rule 3.1(d)) - Condition of Streets in Student Let Areas

This Council recognises the deplorable state of streets in areas like Headingley, Kirkstall, Burley and Hyde Park caused by inconsiderate landlords clearing houses formerly let to students and depositing massive amounts of unsorted and therefore contaminated waste on the streets of those areas. It therefore requires the Chief Executive to institute immediate prosecutions of offenders and legal measures to recover the cost of collecting and disposing of the rubbish collected.

Narrowing the Gap

1.0 Purpose Of This Report

1.1 To seek formal confirmation from full Council for the cancellation of the meeting scheduled to be held on 5th September 2007

2.0 Background Information

2.1 The Annual Council meeting on 24th May agreed the Council meeting dates for 2007/08 which included a meeting on 5th September 2007. An initial suggestion was made at group leader level that a meeting so soon after August could be cancelled with little or no detriment to the conduct of Council business. An officer analysis of the suggestion concluded that “there is no evident legal, policy or governance reason to prevent cancellation of the September Council meeting and the suggestion can therefore be considered solely on political terms”. Party Whips agreed on 19th June that the meeting should be cancelled and the Lord Mayor at the Council meeting on 20th June made an announcement to that effect.

3.0 Conclusions

3.1 Considerations prior to the writing of this report have all but formally concluded that the September Council meeting be cancelled

4.0 Recommendations

4.1 That Council formally resolve that the meeting scheduled for 5th September 2007 be cancelled.
