

An Extraordinary meeting of the City Council called under the provisions of Council Procedure Rule 5(b) and (d) will be held in the Civic Hall, Leeds on Wednesday, 12th December, 2007 at 2.20 pm, or at such later time as the Extraordinary meeting called for 2.00 pm on the same day concludes

Members of the Council are invited to attend and transact the following business:

1. White Paper Motion - Government Targets for New Housing

This Council notes with great concern the revised figures that the Government is proposing for housing numbers across West Yorkshire and particularly Leeds. This Council believes that the figures now being proposed by the Government for the City are unsustainable and unattainable.

The Council resolves:

- (a) to do everything it can to protect greenbelt and greenfield sites around the city
- (b) to point out to the Government that their proposals would lead to unsustainable development
- (c) to inform the Government that the numbers required would lead to a very damaging effect on the Council's own regeneration initiatives in the EASEL, Swarcliffe, West Leeds Gateway and other areas of the city.

In conclusion this Council resolves to strongly oppose the new housing allocation figures and calls upon all Leeds' Members of Parliament to support the Council in this action.
