A BRIEF EXPLANATION OF COUNCIL FUNCTIONS AND EXECUTIVE FUNCTIONS

There are certain functions that are defined by regulations which can only be carried out at a meeting of the Full Council or under a Scheme of Delegation approved by the Full Council. Everything else is an Executive Function and, therefore, is carried out by the Council's Executive Board or under a Scheme of Delegation agreed by the Executive Board.

The Area Committee has some functions which are delegated from full Council and some Functions which are delegated from the Executive Board. Both functions are kept separately in order to make it clear where the authority has come from so that if there are decisions that the Area Committee decides not to make they know which body the decision should be referred back to.

Agenda Item 7

NORTH EAST (INNER) AREA COMMITTEE

MONDAY, 1ST SEPTEMBER, 2008

PRESENT: Councillor Lobley in the Chair

Councillors J Dowson, R Harker, V Kendall,
B Lancaster, M Lobley, M Rafique, E Taylor
and P Wadsworth

13 Declaration of Interests

Councillor Lancaster declared a personal and prejudicial interest in Agenda Item 10, Well-Being (Revenue) Fund – Project Proposals due to applications for funding from Meanwood Elderly Neighbourhood Action (MENA) and Karate for Inner City Kids (KICK) for which she is respectively Joint Chair and a Trustee. She withdrew from the meeting during the discussion on these applications. Minute No. 19 refers.

Councillor Harker declared a personal interest in Agenda Item 8, Beckhill Feasibility Study, due to his position as Executive Member for Learning. Minute No. 17 refers.

14 Apologies

Apologies for absence were submitted on behalf of Councillor Harris.

15 Open Forum

The agenda made reference to the provision contained in the Area Committee Procedure rules for an Open Forum Session at each ordinary meeting of an Area Committee, for members of the public to ask questions or to make representations on matters within the terms of reference of the Area Committee. On this occasion, no matters were raised under this item by those members of the public who were in attendance.

16 Minutes

RESOLVED - The minutes of the meetings held on 23 June 2008 and 1 August 2008 were confirmed as correct records.

17 Beckhill Feasibility Study

The report of the East North East Area Manager delivered the feasibility study into the proposals for a new build, multi-agency service centre on the Beckhill Estate as endorsed by the Area Committee in February 2008. It also provided an update on the position regarding the future of the caretaker's bungalow on

the site of the former Miles Hill Primary school which had been used to provide Family and Children's services.

The report recommended that a request be submitted to ring-fence any future capital receipt from the sale of the site to the value that had been invested by Sure Start and the Area Committee in order to fund the relocation of services on the Beckhill Estate.

It was reported that it was not currently required to pursue a newly built centre and that services could be relocated within the Beckhill Estate. Members attention was drawn to paragraphs 23 onwards in the report. These described the proposals to move forward which involved the transfer of facilities to Stainbeck Church. It was reported that funds would be available to upgrade facilities at Stainbeck Church to accommodate services that could not be provided from the new Children's Centre at Carr Manor Primary School. In response to a Members questions regarding the possibility of building extensions to current facilities, it was reported that this was not precluded by the proposals contained in this report.

RESOLVED – That a request to Asset Management Group to ring-fence the capital invested in the caretaker's bungalow by Sure Start and the Area Committee be supported to facilitate the re-provision of services previously provided at the bungalow to Stainbeck Church – subject to a process, robust business plan and clear agreement with the Church on how services will be re-provided and hosted as outlined in section 26 of the report.

(Councillors Rafique and Dowson joined the meeting during the discussion of this item at 4.05 p.m. and 4.10 p.m. respectively).

18 Inner North East Leeds Community Centres Pricing and Lettings Policy

The report of the East North East Area Manager asked the Area Committee to endorse and implement a revised Pricing and Lettings Policy. A draft version had been presented to the Committee in February 2008 and a consultation exercise had been undertaken.

In brief summary and in response to Members' questions, the following issues were discussed:

- Procedural issues at community centres – caretaking arrangements, key holder responsibilities and health and safety matters.
- Charges were based on standard charges agreed by the Executive Board and amended by a scheme of discounts imposed by the Area Committee.
- Potential costs to the Area Committee.

RESOLVED –

- (1) That the report be noted.

- (2) That the revised Pricing and Lettings Policy to be implemented in the inner north east community centres be endorsed.
- (3) That the indicative implementation date of 1 October 2008 be agreed. If this date cannot be achieved, the policy to be implemented as soon as operationally possible.
- (4) That the Area Committee review income from Community Centres in the Inner North East Area 6 months after the implementation of the revised Pricing and Lettings Policy.

(Councillor Wadsworth joined the meeting at 4.40 p.m. during the discussion on this item).

(Councillor Lobley declared a personal interest in this item due to his position as Deputy Executive Member for Neighbourhoods and Housing).

19 Well-Being (Revenue) Fund – Project Proposals

The East North East Area presented a report which detailed proposed projects to deliver local actions relating to agreed themes and outcomes of the Area Delivery Plan. The projects had been discussed with Members of the Well-Being Fund Working Group and their recommendations were detailed in the report.

It was reported that further information had been requested regarding the application for funding for REEMAP: Making the Difference Programme, and it was suggested that this item be deferred to the next meeting of the Area Committee.

Further discussion focussed on the funding of projects that were of benefit to residents outside the boundaries of the Area Committee and on ways of assisting organisations to become independent of the need for repeat Wellbeing funding.

RESOLVED – That the report be noted and the following amounts of Wellbeing Revenue funds be released:

- (i) Meanwood Elders Neighbourhood Action – Approved - £1,500
- (ii) REEMAP: Making the Difference Programme – deferred
- (iii) Karate for Inner City Kids – Approved - £3,000
- (iv) Gang – Hoodies or Goodies – Approved - £2,000

20 Summer Community Engagement Feedback

The report of the East North East Area Manager provided an update on progress implementing the Area Committee's community strategy, in particular the efforts to ensure the annual cycle of community continued to help inform the development of the Area Delivery Plan and Wellbeing Spending.

The report summarised the ward based community events held during the summer which focused on feed back to residents how their ideas shaped

plans and actions. A recommendation was also made to approve an allocation of £700 from Wellbeing funds to support the Volunteer Thank You Event for 2008.

It was reported that feedback received on the events would be circulated to Ward Members and that although a similar cycle of engagement would be held, different engagement exercises would be used to prevent repetition.

RESOLVED –

- (1) That the content of the report be noted. In particular the achievement of completing the first annual cycle of resident engagement culminating, for the first time, in an area budget that has been allocated according to direct resident participation in the prioritisation of resources.
- (2) That the allocation of £700 from Wellbeing funds to support the Volunteer Thank You Event for 2008 be supported.

21 Quarter 1 2008/09 Actions and Achievements Report

The report of the East North East Area provided Members with an update on actions and achievements of the Area Committee Team since the meeting held in June 2008.

Issues highlighted in the report included the following:

- Oakwood Town & District Centre Scheme
- Townscape Heritage Initiative
- Community Centres
- Open Door
- Community Engagement Events
- Beckhill Implementation Group
- IMPaCT
- Moor Allerton Partnership – it was reported a further update would be provided at the October meeting.

RESOLVED – That the content of the report be noted.

22 Area Committee Working Groups and Area Partnerships - Membership

The report of the East North East Area Manager sought approval for the membership of the Area Committee's Working Groups for the 2008/09 Municipal Year and agreement on representatives on the various thematic Area Partnerships (subject to approval through the Member Management Committee).

Members were informed of the current position of the Area Committee's Working Groups and of the following themed partnerships that nominations had been sought for:

- North East Divisional Community Safety Partnership (DCSP)
- North East Children's Partnership
- East North East Housing Partnership
- East North East Jobs Enterprise and Training Partnership (JET)

It was also proposed to nominate a Children's Champion and Members were informed that further partnerships were likely to be developed including a Health/Wellbeing Partnership.

RESOLVED –

- (1) That the membership of the Wellbeing Members Working Group be approved as follows: Councillors Dowson, Kendall and Lancaster.
- (2) That the membership of the Youth Issues Working Group be approved as follows: Councillors Lancaster, Loble and Taylor.
- (3) That the strengthening of the Youth Issues Working Group role to maximise influence and joint commissioning opportunities through Children's Services/Trust be agreed.
- (4) That the continuation of Councillor Rafique as a representative on the Divisional Community Safety Partnership for the remainder of the municipal year (subject to corporate approval through the Member Management Committee) be supported.
- (5) That the following representatives be agreed subject to corporate approval through the Member Management Committee:
 - North East Children's Partnership – Councillor Wadsworth
 - East North East Jobs Enterprise and Training Partnership (JET) – Councillor Harker
- (6) That Councillor Lancaster be approved as the Area Committee's Children's Champion.
- (7) That all the aforementioned positions be reviewed at the first meeting of the Area Committee in the following Municipal Year.

23 Area Committee Roles for 2008/09

The report of the Director of Environment and Neighbourhoods presented the Area Committee with details of the Area Function schedules and roles in relation to service areas for 2008/09. A report had been submitted to Executive Board on 16 July 2008 which had subsequently approved the Area Functions and endorsed the enhanced roles of Area Committees.

Members attention was brought to the increased and enhanced role of the Area Committee, particularly the increased influence on areas such as Community Engagement, Local Representation and the Children and Young People's Plan. Further discussion included budgets for CCTV and advertising on lampposts.

RESOLVED- That the report be noted.

24 Date and time of next meeting

Draft minutes to be approved at the meeting to be held on Monday, 20th October, 2008

Monday, 20 October 2008 at 4.00 p.m. at Carr Manor High School.

The meeting concluded at 5.30 p.m.

Report of the Area Manager

North East (Inner) Area Committee

Date: 20th October 2008

Subject: Leeds Colleges Merger - Consultation

Electoral Wards Affected: All

Specific Implications For:
Equality and Diversity <input type="checkbox"/>
Community Cohesion <input type="checkbox"/>
Narrowing the Gap <input type="checkbox"/>

Council
Function

Delegated Executive
Function available
for Call In

Delegated Executive
Function not available for
Call In Details set out in the
report

Executive Summary

The City Council's Executive Board has endorsed the proposed merger of the City's 3 largest Colleges, namely Leeds Thomas Danby, Leeds College of Technology and Park Lane, which will result in the creation of a new single institution to be known as Leeds City College. This report, supported by a short presentation from the LSC Partnership Director for Leeds, informs the Area Committee of the progress made. This will set out the rationale for the merger and summarises the outcome of the extensive consultations which have been held over the past few years.

The report seeks agreement from the Area Committee on a process by which it is felt appropriate influence can be made on future delivery of post 16 and adult learning by the new merged College. This could include locations for the centres and sites for the new College - including any refurbishment/upgrade of existing community buildings for the provision of further education in the neighbourhoods and communities served by the Area Committee.

BACKGROUND INFORMATION

1. The City Council's Executive Board has endorsed the proposed merger of the City's 3 largest Colleges namely Leeds Thomas Danby, Leeds College of Technology and Park Lane which will result in the creation of a new single institution to be known as Leeds City College.
2. The merger is supported by key partners including Yorkshire Forward, the two Leeds Universities, Leeds Trinity and All Saints College, Leeds Chamber and the Leeds Skills Board.
3. It will have a budget of in excess of £70m and will provide extensive further education opportunities to over 70,000 students.
4. The White File is currently with the Secretary of State (The White File catalogues the merger process) and a decision is expected by October 2008.

CURRENT POSITION

5. The Learning and Skills Council (LSC) which currently has responsibility for the funding of post 16 learning and skills provision is seeking the views of the Area Committee members on the future delivery of post 16 and adult learning in the City by the new merged College.
6. One of the key issues which the Committee is being asked to consider is the possible locations for the centres and sites for the new College together with any refurbishment/ upgrade of existing community buildings for the provision of further education in the neighbourhoods and communities served by the Area Committee.
7. Area Committee members need to be aware that from 2010 the Government has indicated that the funding of all learning and skills provision for 16-19 year olds will transfer from the LSC to the Young Persons Learning Agency (YPLA) and ultimately subject to a satisfactory progress check to the individual Local Authorities. Post 19 funding will be through the Skills Funding Agency (SFA) which will be a national body based in the offices of the former LSC in Coventry.
8. The LSC Partnership Director for Leeds will make a short presentation at the meeting, setting out the rationale for the merger and summarising the outcome of the extensive consultations which have been held over the past few years.

RECOMMENDATIONS

9. The Area Committee are requested to note the report and agree a process by which it can:
 - (a) submit views on the future delivery of post 16 and adult learning by the new merged College.
 - (b) consider the possible locations for the centres and sites for the new College
 - (c) suggest any opportunities for refurbishment/upgrade of existing community buildings for the provision of further education in the neighbourhoods and communities served by the Area Committee

Report of the East North East Area Manager

North East (Inner) Area Committee

Date: 20th October 2008

Subject: Well-Being Budget – Project/Activity Proposals

<p>Electoral Wards Affected: Chapel Allerton Moortown Roundhay</p> <p><input checked="" type="checkbox"/> Ward members consulted (referred to in this report)</p>	<p>Specific Implications For:</p> <p>Equality and Diversity <input type="checkbox"/></p> <p>Community Cohesion <input type="checkbox"/></p> <p>Narrowing the Gap <input type="checkbox"/></p>
<p>Council Function <input type="checkbox"/></p>	<p>Delegated Executive Function available for Call In <input checked="" type="checkbox"/></p> <p>Delegated Executive Function not available for Call In Details set out in the report <input type="checkbox"/></p>

Executive Summary

This report contains details of proposed projects/activities to deliver local actions relating to agreed themes and outcomes of the Area Delivery Plan. The projects have been discussed at a meeting of Area Committee’s Member Well-Being Group and their recommendations are included. An update on the small grants scheme and the latest financial position of the Wellbeing (revenue and capital) budget is provided.

Purpose of this report

1. The purpose of this report is to update the Area Committee on project applications/proposals that have been discussed with the Member Working Group since the last Area Committee meeting and to seek approval of their recommendations.
2. The latest financial position of the revenue and capital Wellbeing budgets is provided to assist the decision making, attached as appendix A and appendix B.
3. The report also updates the Committee on small grants approved since the last meeting, attached as appendix C.

Background

4. At the Special Meeting in August 2008, the Area Committee agreed to split the Well-Being Fund between the strategic themes identified in the Area Delivery Plan, as well as retaining an element of funding for ward based projects and continuation of the Small Grants scheme.
5. The spending decisions made to date against each heading are summarised in appendix A.
6. Six applications/proposals have been received since the last Area Committee from organisations wishing to deliver activities which will help contribute towards achieving outcomes identified within the Area Delivery Plan.
7. The Wellbeing Members Working Group met on the 24th September 2008. A number of issues/questions that arose from that meeting were looked into. As a result, Members from the Working Group were provided with the additional information gathered and recommendations agreed as set out in this report.

Project/Activity Proposals

Meanwood Valley Urban Farm (requesting £5,910 capital)

8. Meanwood Valley Farm (MVF) is a registered charitable organisation established in 1980. The facilities provided at the farm are open to the general public – with free admission to children under 12 and a small charge for adults. The facilities have seen many improvements and expansions – including the construction of the Epicentre, which provides exhibition space, classrooms, meeting facilities, offices, a library and is the central focus for the learning.
9. MVF have approached the Area Committee for assistance in putting together match funding as part of a £107k scheme to create a new planting bed area and access. Matched funding has been secured from a number of sources including section 106 and Green leads. The scheme is being developed in partnership with LCC Adult Services. The scheme involves:
 - Construction of access footpaths leading to new gardens and wildlife area
 - Creation of terraced gardens, raised planting beds, paving, ramps, handrails
 - New gardens to provide the base for a team of 16 learners with disabilities per day

10. This will provide an additional educational resource for 3000 visiting school children, increased physical and mental well being for local young people and learners with disabilities and an increase of locally grown fruit and veg to local peoples diet.
11. Section 106 funding has paid for designs to be drawn up by LCC and a tendering process is underway following LCC advice and procedures.
12. The proposal will complement the longer term ambition of MVF to extend its management of Meanwood Valley greenspace further down the valley. It is hoped a long term lease will soon be signed with the Council for land associated with the ex-Scott Hall Farm and Scott Woods.
13. Work continues between the MVF and Planning officers to help realise the ambition of a continuous cycle route – potentially linking the city centre with communities along Meanwood Valley and through Meanwood, the Hollies and Golden Acre Park. This has great potential to provide a green transport corridor to support regeneration aspirations.
14. The project will deliver the local improvement priorities of ‘Increasing the proportion of vulnerable groups engaged in education, training or employment’ as part of the Learning theme of the 2008-2011 Area Delivery Plan.
15. *Recommendation: to approve the release of £5,910 capital well-being budget as a match funding contribution toward this project.*

REEMAP: Making the Difference Programme (requesting £18,600 revenue)

16. REEMAP received funding in 2007/08 to deliver their programme targeting BME young people and their parents in order to raise educational attainment at GCSE level. This funded an expanded programme for the last academic year which has worked with 57 young people and 30 parents. This application is to fund an extended programme for the new academic year to enhance the educational achievement of disadvantaged pupils in Key stages 2, 3, and 4. They aim to deliver this up to 190 young people in the inner north east.
17. The total cost of the project is £65,411. REEMAP have been successful in obtaining funding totalling £46,811 from Education Leeds, and the Equality and Human Rights Commission.
18. The Member Working Group requested information on results for the 2007/08 academic year and more information on how this project complements a wider approach to targeting all young people who are at risk of underachieving at school, particularly those from disadvantaged backgrounds.
19. Concerns were also expressed regarding the level of funding being requested for a third year in succession, which would appear to indicate that the activity was not being mainstreamed by Education Leeds or local schools.
20. The project will deliver the local improvement priorities of ‘improve the learning outcomes for all 16 year olds, with a focus on narrowing the achievement gap’ as part of the Learning theme of the 2008-2011 Area Delivery Plan.

21. *Recommendation: to defer the application and request that the Locality Enabler for Childrens Services work with the North East Childrens Leadership Team to bring back a report on all out of school support available to those at risk of under-achieving, with proposals on how any gaps could be filled.*

LCC Parks & Countryside - All Weather Cricket Wicket at Roundhay Park (requesting £7,500 capital)

22. Amongst the facilities at Roundhay Park are 2 artificial cricket wickets located at the southern end of Soldiers field. Although not formally used by a cricket club, these wickets are used frequently by members of the local community for informal recreation.
23. Presently the wickets are in a very poor condition. Without prompt investment these wickets would need to be removed for reasons of health and safety. The proposals are to remove the existing wickets and replace them to encourage greater participation, promote physical activity, improve health and engender social inclusion.
24. The project will involve; the disposal and excavation of the existing wickets, creation of new formations and levels, installation of a new porous base and laying of artificial match wicket.
25. Revenue maintenance costs will be managed by Parks and Countryside who are currently responsible for the site.
26. The Members Working Group agreed to support the contribution of 50% match funding, excluding costs relating to administrative fees and conditional on the other 50% being provided by Inner East Area Committee. They also attached a condition that the amount set aside for contingency in the scheme be returned if unspent, or full details provided if spent. It's since been established this is only £200.
27. The project will deliver the local improvement priorities of 'enabling more people to become involved in sport and culture by providing better quality and wider ranging activities and facilities,' as part of the Health and Well Being theme of the 2008-2011 Area Delivery Plan.
28. *Recommendation - to approve the release of £7,050 capital well-being budget as match funding, conditional on (a) any unused contingency costs included in the scheme estimate being returned (b) equivalent match funding contribution from Inner East Area Committee.*

LCC - Roundhay Festive Lights (requesting £5,960 capital)

29. The proposal will see the installation of festive lights on Street Lane in the Roundhay ward. This will cover the installation of electrical equipment, motif brackets and sockets to eleven lighting columns totalling £4,180 (£350 per column) and the cost of renting twelve motifs for the 2008 Christmas period totalling £1,776 (£148 per column).
30. The festive lights will run from the Deer Park pub to the petrol station on Street Lane, which will cover most of Street Lane shopping district. A motif will be fixed on each

street light in this area. An additional motif is also proposed at Oakwood District Centre utilising the existing fitting/electrics.

31. The Member Wellbeing Working Group expressed concern that the proposal may mean additional and unnecessary costs when the streetlight replacement programme reaches the Roundhay ward and new columns/fittings are installed.
32. The Council's Street Lighting PFI Senior Engineer has confirmed that if the street lights are replaced in 2010 they would be replaced like for like, meaning the festive light fixtures and fittings would be fitted on lighting columns that previously had the festive light fittings, such as the festive light fittings proposed on Street Lane. There is no additional cost to Area Committees when the lights are replaced.
33. It should be noted that the current estimate for the rental for the 12 motifs for 2009/10 is £1,776 (plus inflation). The Area Committee will need to meet this cost next year if no sponsorship is found.
34. The project will deliver the local improvement priorities of 'increasing sense of belonging and pride in local neighbourhoods that help to build cohesive communities,' as part of the Stronger Communities theme of the 2008-2011 Area Delivery Plan.
35. *Recommendation – the Member Wellbeing Group has reservations about the precedent this sets for other festive light requests in the area and the ongoing revenue costs that would be incurred by this project and would like the Area Committee to debate and make a decision on this application and how it would like any further schemes to be developed and considered.*

Roundhay Planning Forum – Neighbourhood Design Statement (requesting a further £4,220k revenue)

36. Roundhay Planning Forum (RPF) is a group of residents from the Roundhay Ward. It was founded in May 2004. Its founding members were united by a feeling that residents would be better able to influence decisions on planning if the good and bad characteristics of their neighbourhoods were collectively agreed by most residents and recognised formally by LCC.
37. Its primary objective is to produce a Neighbourhood Design Statement (NDS) for the Ward which can be adopted by LCC as a Supplementary Planning Document for the area. Design Statements (DSs) set out not to resolve individual specific planning problems of residents but rather to set down principles for the guidance of developers and planners.
38. The principal outcome will be that Roundhay Ward should become a better environment for living and working because the Design Statement is shaped to the expectations of its residents and workers with respect to its built environment, its open spaces and landscapes and their accessibility and mobility. It will achieve this by defining and identifying the best attributes of quality and character within the area and by identifying historically poor developments and suggestions for their improvement. This information will be published to provide guidance to developers, property owners and householders on how their actions can complement, enhance and improve the existing character of Roundhay Ward.

39. RPF was originally awarded £10,000 by the North East (Inner) Area Committee towards estimated expenditure of £12,000. An application for £6,000 to 'Awards for All' was unsuccessful and alternative potential sources of funding have not been identified. This has left a £2k shortfall in funding – for which the Area Committee is being approached to meet.
40. RPF originally estimated that they needed about £9k for expenditure in the first main phase of the project, but have only needed to spend £6.5k, a saving of around £2.5k.
41. However, RPF estimate that the project will need an extra £4,220 adding to its budget for the remaining phase to cover the following increase in estimated costs:
- The original estimate for printing the NDS final document has proved inaccurate. The actual cost is now estimated at £4,650 for 2,000 copies - £3,350 more than originally thought. This is in line with printing costs for other NDS in the city (eg Far Headingley NDS).
 - The consultation events have proved extremely successful in engaging residents in the process and an additional final exhibition to display the draft NDS for residents to view has been added at a cost of £720
 - It has originally been hoped to use the design services of a local resident – this fell through and so extra £300 now needs budgeting for.
42. Roundhay Planning Forum estimate that they will put in just under 2,000 hours of unpaid time into the development of the NDS. In match funding terms at £10/hour that would equate to a £20k in-kind contribution.
43. This proposal fits best with the provision of an extra £50,000 delegated last year by Executive Board to Area Committees to spend where possible on Conservation Area Reviews and Resident Parking Schemes. As there are no Conservation Area Reviews planned for the Roundhay ward and there are no viable parking schemes being proposed – the support for producing a Neighbourhood Design Statement for the ward is suggested as an appropriate use of this resource.
44. *Recommendation – the Member Wellbeing Group has reservations about the additional cost to be incurred by this project and would like the Area Committee to debate and make a decision on this application*

East North East Leeds Homes – Gledhow Towers CCTV (requesting £4,400 capital)

45. This project will install a CCTV system in Gledhow Towers to cover the entrances, car park, lobby and lifts. The total cost of the project is £32,200. Match funding has been secured from East North East Homes, the East North East Area Panel and the Police. East North East Homes will pick up the on-going revenue cost of surveillance and maintenance.
46. The request originated from the Gledhow Towers Tenant and Residents Association to address on-going crime problems in the area identified through tasking meetings.
47. The project will deliver the local improvement priorities of 'reducing crime and the fear of crime,' as part of the Thriving Communities theme of the 2008-2011 Area Delivery Plan.

48. *Recommendation – to approve the release of £4,400 from the Wellbeing Capital budget as match funding*

**West Yorkshire Probation Service – Pilot Community Payback Team
(requesting £5,000 revenue)**

49. This is a proposal to establish a pilot Community Payback Team for the Inner North East area to be managed by the Probation Service.
50. A similar scheme has been in place in Inner and Outer East areas and has proved successful in helping provide a free labour force to assist with a range of jobs in the community.
51. The scheme will cost the Area Committee £15k for a year. This is a contribution towards the cost to Probation of employing a dedicated supervisor and the associated management and overhead costs associated with organising a team of offenders to undertake work in the community. For example, as well as the payroll costs of a supervisor, the offenders need checking/selecting for the right jobs, transporting to and from the work location, health and safety/risk assessments being done and training undertaken where needed.
52. What is not included is any additional materials or skips required for a job.
53. It is proposed to try the scheme out for the remainder of this financial year as a pilot, with a view to committing to an annually renewable contract should Members feel it has been successful.
54. The labour force provided will be a maximum of 7 people per day, 7 hours a day, every day of the year (including weekends). Although, due to the nature of the workforce it is unlikely that everyone will turn up every day. Assuming 5 people do report for work that would equate to hours a year available to the Area Committee to use. At £10 hour that would be £127k of labour at a cost of £15k for the contract.
55. A contract will be drawn up in the form of a Service Level Agreement with Probation Services. This will include an agreed referrals system and reports back to Area Committee on the amount of un-paid work that has been achieved, what jobs have been completed and examples of before/after photographs. The report will also provide information on how many offenders have been accredited for their work as part of the scheme.
56. A referral system will be agreed with Members – but will be based on a system whereby a simple form is completed and sent initially to the Area Management Team and then to a coordinator in Probation.
57. It is anticipated that most referrals will come direct from Members and community groups/organisations. There will be publicity of the resource to local groups. Referrals will also be made from local tasking teams.
58. The sorts of jobs that the team will typically undertake will be clearance of overgrowth (brambles etc), painting (internal and external), garden clearances and small scale landscaping.

59. It is possible the team could do more ambitious pieces of work – such as small scale pathways – however this may be dependent on the skills sets of those under supervision and supervising and would bring additional cost etc.
60. *Recommendation – to approve the release of £5,000 from the Wellbeing revenue budget (to be charged to the Environment theme) to fund a pilot scheme*

Recommendations

61. The Area Committee is requested to note the contents of this report and approve the following amounts of Wellbeing budget to be released to the projects listed;
- a) Meanwood Valley Urban Farm (£5,900 - capital)
 - b) LCC: Roundhay Cricket Wickets - conditional on equivalent match funding from Inner East Area Committee (£7,050 - capital)
 - c) East North East Homes: Gledhow Towers CCTV (£4,400 – capital)
 - d) West Yorkshire Probation Services: Community Payback Scheme Pilot (£5,000 - revenue)
62. The Area Committee is asked to debate the following applications in light of the recommendations made by the Member Wellbeing Group and reach a decision on whether to approve or not:
- (a) LCC: Roundhay Festive Lights (£4,000 - capital)
 - (b) Roundhay Planning Forum: Neighbourhood Design Statement additional costs (£4,220 – revenue)
63. The Area Committee is requested to agree that the REEMAP: Making the Difference Programme (£18,600 - revenue) application be deferred and that the Locality Enabler for Childrens Services be requested to work with the North East Childrens Leadership Team to bring back a report on all out of school support available to those at risk of under-achieving, with proposals on how any gaps could be filled.

WELL BEING FUND SMALL GRANTS APPROVED

Moor Allerton Community Event - £428

The event was held on the 17th September and attracted around 1,500 people from the area. The grant was match funded by the North East Area Committee and paid for banners advertising the event, hiring temporary toilet facilities and the purchase of a small marquee. At the event the North East Area Management Team set up a stall and conducted a 'Planning For Real' exercise to identify priorities in the area.

Talbot primary School - £500

Talbot Primary School is seeking to establish an eco-friendly, green school environment which will benefit both the school and the local community. The project will grow vegetables and flowers in purpose built raised beds as well as in different areas around the school buildings to try to improve the environment and enhance the children's understanding and awareness of ecological issues. The grant has funded gardening tools, seeds and compost, bird feeders, a hosepipe and water butt, a small greenhouse and seed trays, canes, gloves, kneelers and twine.

Bulb Bonanza - £250

Groundwork will improve the environment of the ward by supplying bulbs and working with local community groups to plant them.

Church Crescent Fencing Scheme - £500

East North East Homes applied for funding to extend security fencing to protect and deter unauthorised access to properties on both Church Crescent and Highwood Avenue on the Queenshill Estate in Moortown. This project was identified through consultation with local residents who complained that access through their gardens has led to criminal activity including burglary and damage to property. The project has improved the quality of the local environment by enclosing a grassed area. The scheme was supported by West Yorkshire Police and cost £1201.29. This paid for the clearance of the land and the supply and installation of palisade fencing.

Wensley Drive Centenary Street Event - £225

The Wensley Drive residents held an event in September to celebrate the 100th birthday of one of its residents, and to bring the local community together. The event included music and dancing through the decades with prizes, a centenary quiz, a treasure hunt, boules, BBQ, bouncy castle and a children's entertainer for the young residents. The group was formed as a result of the Jubilee Street Party which brought all the residents closer together. They are taking responsibility for their area and feel part of a stronger and safer community as a result. The grant was used to provide children's entertainment, food and competition prizes.

Meanwood Junior Play Scheme - £500

The Meanwood Junior Play Scheme took 150 children from Hillcrest Primary School, the Prince Philip Centre and Meanwood Community Centre to Flamingo Land at the end of the summer holidays. These programmes provide good quality play for children aged 5-12 years over the school holiday periods. They help to reduce anti-social behaviour and the majority of children attending are from families who are on low incomes or are dependant on benefits. The grant funded the cost of hiring three double-decker buses to transport the children to and from Flamingo Land.

Nelson Mandela Birthday Celebrations - £450

The grant was given to the Chapeltown 10-2 club to organise an event to celebrate the 90th birthday of Nelson Mandela. It was a family event that included speeches, poetry, music and fun activities. The grant was used to pay for the hire of a bouncy castle, inflatables and face painting.

Report of the Director of City Development

North East (Inner) Area Committee

Date: 20th October 2008

Subject: AREA COMMITTEE INCOME FROM ADVERTISING ON LAMP POSTS

Electoral Wards Affected:

All

Specific Implications For:

Equality and Diversity

Community Cohesion

Narrowing the Gap

Council
Function

Delegated Executive
Function available
for Call In

Delegated Executive
Function not available for
Call In Details set out in the
report

Executive Summary

The council has entered into a contract for advertising on street lighting columns for a minimum ten year period. On 14th May 2008 the Executive Board agreed income share proposals which will benefit the local communities where the lamp post adverts are located. This report advises of the implications for Area Committees.

BACKGROUND INFORMATION

1. The contract for advertising on lamp posts covers the whole of the city with the exception of the city centre area. The adverts will be the same size as those seen around the city on bus shelters but these will be mounted on panels fixed to the lighting columns as shown in the attached appendix A.
2. Adverts will only be located where advertising consent has been granted through the planning process. The council's Advertising Design Guide limits the number of suitable locations. For example adverts will not be located in wholly residential areas or where there is a known poor highway safety record.
3. The contract has been let to a service provider called Streetbroadcast. They are responsible for identifying sites, obtaining advertising consent, installing panels to support the adverts and selling the advertising space. They will pay for a replacement column if a stronger column is required to carry the extra weight of the panel.
4. Income to the council is a fixed amount for each site with advertising consent. There is RPI index linking built into the contract.
5. There are already 52 sites in the city which were installed as part of a trial. Additional sites will be installed, mainly over the next three years, and will be coordinated with the column replacement programme for the street lighting PFI. The Service Provider would eventually like to install 800 sites by 2012/13.

WHAT HAPPENS NEXT

6. The Service Provider is identifying sites in batches of around 100. These are being checked by planning and highway officers and unsuitable sites are being eliminated. Ward Members will be consulted on the remaining sites by Streetbroadcast in advance of applications being submitted for advertising consent.
7. Once a site has advertising consent, the Service Provider will arrange for the panel to be fixed to a suitable column and will start selling the advertising space. Highways will start receiving income, quarterly and in arrears based on a schedule of sites.
8. Highways will split the sites down by ward and will arrange for the agreed proportion of the income to be transferred to the relevant Area Committees. The transferred amount will be £220 per column in the first year and £280 per column per annum thereafter.
9. This share of the income is to be spent at the discretion of the Area Committees to enhance local services in the wards where the advertising sites are located.
10. Wards which already have sites installed from the trial will receive immediate benefit. A schedule of these is attached as Appendix B.
11. Area Committees may wish to suggest sites for lamp post adverts. Such suggestions should be submitted to Highways who will ensure that they are considered. Sites will need to comply with the Advertising Design Guide and where possible will be coordinated with the street lighting PFI replacement programme. Streetbroadcast have the right to reject potential sites on the basis of commercial viability.

CONCLUSION

12. The lamp post advertising income share arrangement provides an opportunity to enhance service provision in the wards where the adverts are located.
13. The financial benefits to a ward can be maximised by supporting and promoting applications for advertising consent.

RECOMMENDATIONS

14. The Area Committee are requested to:
 - a) Note the content of this report
 - b) Suggest sites for lamp post adverts.
