## Report of the Head of Scrutiny and Member Development

### Scrutiny Board (Children's Services)

Date: 8<sup>th</sup> September 2010

Subject: CALL IN OF DECISION – BRIEFING PAPER

---

**Electoral Wards Affected:**

**Specific Implications For:**

Equality and Diversity

Community Cohesion

Narrowing the Gap

---

## 1.0 INTRODUCTION AND BACKGROUND

- 1.1 In accordance with the Council's Constitution, an officer decision has been Called In.<sup>1</sup> The background papers to this particular decision are set out as a separate agenda item and appropriate witnesses have been invited to give supporting evidence.
- 1.2 This report advises the Scrutiny Board on the procedural aspects of Calling In the decision.
- 1.3 The Board is advised that the Call In is specific to the report considered under the officer delegation decision scheme and issues outside of this decision, including other related decisions, may not be considered as part of the Board's decision regarding the outcome of the Call In.

## 2.0 REVIEWING THE DECISION

- 2.1 The process of reviewing the decision is as follows:
  - Members who have requested the Call In invited to explain their concern/reason for Call In request.
  - Relevant Officer(s) asked to explain decision.
  - Further questioning from the Board as appropriate.

---

<sup>1</sup> Scrutiny Board Procedure Rules Paragraph 22

- 2.2 Members are reminded that it is only the decision Called In that the Board can make any recommendation on.

## **OPTIONS AVAILABLE TO THE BOARD**

- 3.1 Having reviewed the decision, the Scrutiny Board will need to agree what action it wishes to take. In doing so, it may pursue one of three courses of action as set out below:

### Option 1- Release the decision for implementation

- 3.2 Having reviewed this decision, the Scrutiny Board may decide to release it for implementation. If the Scrutiny Board chooses this option, the decision will be immediately released for implementation and the decision may not be Called In again.

### Option 2 - Recommend that the decision be reconsidered.

- 3.3 The Scrutiny Board may decide to recommend to the decision maker that the decision be reconsidered. If the Scrutiny Board chooses this option a report will be submitted to the decision maker.
- 3.4 In the case of a delegated decision, the report of the Scrutiny Board will be submitted to the appropriate Officer within three working days of this meeting. The Officer will reconsider his/her decision. Where the Director believes that the original decision should be confirmed, they will refer the matter to the next Executive Board for a decision.
- 3.5 Where the Director agrees with the views of Scrutiny a new delegated decision form will be submitted indicating ineligible for call In.
- 3.6 In cases where the Director believes that the original decision should be confirmed, and in their view urgency prevents them from submitting the decision to Executive Board, the approval of the relevant Executive Board Member will be required before implementation. This Executive Member approval together with the reasons for urgency will be included in the new delegated decision form.
- 3.7 The Director and relevant Executive Board Member will also be required to attend and give their reasoning to the relevant Scrutiny Board.

### Option 3 - Recommend that the decision be reconsidered and refer the matter to full Council if recommendation not accepted.

- 3.8 This course of action would only apply if the Scrutiny Board determined that a decision **fell outside the Council's Budget and Policy Framework** and this determination were confirmed by the Council's Section 151 Officer (in relation to the budget) or Monitoring Officer (in relation to other policies).
- 3.9 If, at the conclusion of this meeting, the Scrutiny Board forms an initial determination that the decision in question should be challenged on the basis of contravening the Budget and Policy Framework, then confirmation will subsequently be sought from the appropriate statutory officer.
- 3.10 Should the statutory officer support the Scrutiny Board's determination, then the report of the Scrutiny Board will be presented in the same manner as for Option 2. If the decision maker accepts the recommendation of the Scrutiny Board in these

circumstances, then the revised decision will be published in the same manner as for Option 2 and the decision may not be Called In again. If, however, the decision maker does not accept the recommendation of the Scrutiny Board, then the matter will be referred to full Council for final decision. Decisions of full Council may not be Called In.

- 3.11 Should the appropriate statutory officer not confirm that the decision contravenes the Budget and Policy Framework, then the report of the Scrutiny Board would normally be progressed as for Option 2 (i.e. presented as a recommendation to the decision taker) but with no recourse to full Council in the event that the decision is not varied. As with Option 2, no further Call In of the decision would be possible.
- 3.12 However, the Scrutiny Board may resolve that, if the statutory officer does not confirm contravention of the Budget and Policy Framework, then it should be released for implementation in accordance with Option 1.

#### **4.0 FAILURE TO AGREE ONE OF THE ABOVE OPTIONS**

- 4.1 If the Scrutiny Board, for any reason, does not agree one of the above courses of action at this meeting, then Option 1 will be adopted by default, i.e. the decision will be released for implementation with no further recourse to Call In.

#### **5.0 FORMULATING THE BOARD'S REPORT**

- 5.1 If the Scrutiny Board decides to release the decision for implementation (i.e. Option 1), then the Scrutiny Support Unit will process the necessary notifications and no further action is required by the Board.
- 5.2 If the Scrutiny Board wishes to recommend that the decision be reconsidered (i.e. Options 2 or 3), then it will be necessary for the Scrutiny Board to agree a report setting out its recommendation together with any supporting commentary.
- 5.3 Because of the tight timescales within which a decision Call In must operate, it is important that the Scrutiny Board's report be agreed at the meeting.
- 5.4 If the Scrutiny Board decides to pursue either of Options 2 or 3, it is proposed that there be a short adjournment during which the Chair, in conjunction with the Scrutiny Support Unit, should prepare a brief statement proposing the Scrutiny Board's draft recommendations and supporting commentary. Upon reconvening, the Scrutiny Board will be invited to amend/ agree this statement as appropriate (a separate item has been included in the agenda for this purpose).
- 5.5 This statement will then form the basis of the Scrutiny Board's report (together with factual information as to details of the Called In decision, lists of evidence/witnesses considered, Members involved in the Call In process etc).
- 5.6 The Scrutiny Board is advised that there is no provision within the Call In procedure for the submission of a Minority Report.

#### **6.0 RECOMMENDATION**

- 6.1 The Scrutiny Board is asked to note the contents of this report and to adopt the procedure as detailed within it.

<sup>1</sup> Scrutiny Board Procedure Rules Paragraph 22

This page is intentionally left blank

CALL IN REQUEST – Option (a)

A Call In request may be made by:

Any five non-executive Members of council

Date of decision publication: ..... 20<sup>th</sup> August 2010 .....

Delegated decision ref: ..... D 37174 ..... or

Executive Board Minute no: ..... \_\_\_\_\_ ..... or

Area Committee Name and decision ref: ..... \_\_\_\_\_ .....

Decision description: ..... COMMUNITY USE OF SCHOOLS POLICY .....

.....

.....

Discussion with Decision Maker:  
 Prior to submitting a Call In, a nominated signatory must first contact the relevant officer or Executive Member to discuss their concerns and their reasons for wanting to call in the decision. Please identify contact and provide detail.

Director/author of delegated decision report.

Executive Board Member <sup>rc</sup>

Detail ..... <sup>spoke</sup> Cllr John Procter with Eleanor Brazil on 27/08/10 and discussed the matter in full but was not satisfied and still wishes to call the decision in. ....

Reasons for Call In:  
 All requests for Call In must detail why, in the opinion of the signatories, the decision was not taken in accordance with the principles set out in Article 13 of the Council constitution (decision making) (principles of decision making) or where relevant issues do not appear to be taken into consideration. *Please tick the relevant box(es) and give an explanation.*

<input type="checkbox"/>	Proportionality (ie the action must be proportionate to the desired outcome)
<input checked="" type="checkbox"/>	Due consultation and the taking of professional advice from officers
<input type="checkbox"/>	Respect for human rights
<input checked="" type="checkbox"/>	A presumption in favour of openness
<input type="checkbox"/>	Clarity of aims and desired outcomes
<input checked="" type="checkbox"/>	An explanation of the options considered and details of the reasons for the decision
<input type="checkbox"/>	Positive promotion of equal opportunities
<input type="checkbox"/>	Natural justice

Explanation ..... There are significant concerns around how this decision is being taken, the view being that it should be a decision by the Executive Board. In addition, there are concerns around sufficient consultation with affected groups. ....

DATE:  
 15<sup>th</sup> July 2010

	KEY	MAJOR	OTHER
<sup>10</sup> *First publication (5 day notice)	12/08/2010		
Commencement for Call In	20/08/2010		
Last date for Call In	27/08/2010		
Implementation Date	31/08/2010		

\* If key decision not on Forward Plan, the reason and need that the decision be taken are that:-

This decision was originally on the Forward Plan for May 2010 to be taken by Chief Officer Early Years and Integrated Youth Support Service. Cllr J Blake and the Director of Children's Services asked that this decision be taken by Executive Board, this was agreed and started the process leading up to the 21<sup>st</sup> July meeting. The report was presented to CLT at the beginning of July and the advice given following that meeting was that the decision should be taken by the Director of Children's Services at the decision panel. The first available date for this to happen was 15<sup>th</sup> July 2010. The decision needed to be taken to give sufficient time for the financial procedures to be put in place for the autumn school term. During this change in the process the decision has slipped off the Forward Plan but the existence of the report/decision required is widely known.

<sup>7</sup> A separate Index should be prepared if necessary. ALL DOCUMENTATION UPON WHICH THE DECISION WAS BASED MUST BE RETAINED AND BE READILY ACCESSIBLE SO IT CAN BE PRODUCED SHOULD THE DECISION BE CHALLENGED

<sup>8</sup> Relevant Access to Information Procedure Rules to be quoted if there is an exempt appendix

<sup>9</sup> The signatory must be duly authorised by the Director to make the decision in accordance with the Department's scheme. It is not acceptable for the signature to be 'pp' for an authorised signatory. For Key Decisions only, the date of the authorised signature signifies that, at the time, the Officer was content that the decision should be taken. However, should representations be received following public availability of reports the signatory will consider the effect which such representations should have upon the final decision.

<sup>10</sup> Governance Services will enter these dates

## EXECUTIVE SUMMARY

This report seeks to confirm the budget decision to remove the central subsidy from all community use of schools from September 2010 and to establish a Community Use policy that sets maximum charges to be made by schools to 'Recommended' user groups, with an expectation that schools will consider charging lower subsidised rates where use contributes to their extended services plans, or where local costs are below the centrally determined rates.

The report seeks to confirm that a central 'hardship' grant fund be established to provide some support to users meeting corporate priorities.

Prior to April 1990, when schools commenced operation under conditions of local management, Leeds City Council had actively promoted the community usage of school facilities. In order to maintain such usage after 1<sup>st</sup> April 1990 a Community Use Policy (1990) was approved. The 1990 policy (reviewed in 1991) set out specific groups of users who could access Leeds school facilities free of charge. Schools were reimbursed from a central budget, totalling approximately £1m, for each instance of community usage. In order to administer the policy a central Lettings Unit was set up. The policy is discretionary.

Since 1990 there have been numerous changes in the field of education, the nature of which could not have been foreseen when the structure of the 1990 policy was determined such as:

Governing Bodies of Schools have become responsible for the delivery of the extended services core offer and in recent years significant funding has been provided to schools and clusters of schools from the Government to support this;

Different categories of school have been established where the power of the Local Authority to direct use does not apply.

The Director is asked to approve the following:

1. That the central subsidy on community use of schools should cease from November 2010.
2. That a hardship fund of £50,000 per year be established
3. The revised policies and procedures as set out in section 5 of the report (safeguarding provisions to follow at a future meeting).
4. That £10,000 be provided as an additional grant to support supplementary schools. Administration to be carried out by the Head of School Improvement Education Leeds.
5. That the policy set out at section 5 is applied to PFI schools, the lettings of which are administered directly by the Lettings Unit.

## **1.0 PURPOSE OF REPORT**

- 1.1 This report seeks to confirm the budget decision to remove the central subsidy from all community use of schools from November 2010 and to establish a Community Use policy that sets maximum charges to be made by schools to recommended user groups, with an expectation that schools will consider charging lower subsidised rates where use contributes to their extended services plans, or where local costs are below the centrally determined rates.
- 1.2 This report sets out revised policies and procedures which seek to safeguard the access of community groups to school premises whilst at the same time eliminating central funding for those lettings.
- 1.2 The report seeks to confirm that a central 'hardship' grant fund be established to provide some support to users meeting corporate priorities.

## **2.0 BACKGROUND**

- 2.1 Prior to April 1990, when schools commenced operation under conditions of local management, Leeds City Council had actively promoted the community usage of school facilities. In order to maintain such usage after 1<sup>st</sup> April 1990 a Community Use Policy (1990) was approved. The 1990 policy (reviewed in 1991) set out specific groups of users who could access school facilities free of charge. Schools were reimbursed from a central budget, totalling approximately £1m, for each instance of community usage. In order to administer the policy a central Lettings Unit was set up. The policy is discretionary.
- 2.2 Since 1990 there have been numerous changes in the field of education, the nature of which could not have been foreseen when the structure of the 1990 policy was determined. Governing Bodies of Schools have become responsible for the delivery of the extended services core offer and in recent years significant funding has been provided to schools and clusters of schools from the Government to support this.

## **3.0 MAIN ISSUES**

The 1990 Community Use policy does not reflect the current responsibilities and reasons for change can be summarised as follows:

- 3.1 Funding Responsibility
- 3.2.1 The community use policy was developed prior to the introduction of extended services responsibilities on governing bodies. Governing Bodies have a responsibility for the provision of extended services and the Government expectation is that users generally should pay the economic cost of using schools. Extracts from Government guidance to

School Governing Bodies regarding the planning and funding of extended schools is reproduced at Appendix 1.

- 3.1.2 Whilst the general expectation is that users should pay the economic costs for using schools significant funding streams are available to schools to prioritise towards supporting extended services. Details of the current funding streams available to schools are shown at Appendix 2. The Government has also changed the regulations governing the activities that Schools may fund from their School Budgets. In recent years schools have been able to use their budgets to support any activity that Governors expect to bring an educational benefit to pupils as detailed in Appendix 1. However, from April 2010 the 'School Budget Shares (prescribed purposes ) (England) regulations have extended the activities that schools can support from their budgets.

### 3.2 Targeting and Economic Usage

- 3.2.1 The current policy does not target the City Council subsidy in any way. Allocations are not prioritised based on target groups or wider city council priorities, ability of users to pay, geography, age or wider thresholds such as chartered status of under 18 sports clubs. Where more than one group requests the same time and facility the school at which the letting takes place determines which user to accept.

- 3.2.2 The lack of any contribution from users or limit to the amount of use available to a particular user provides no incentive to use facilities economically and leads to a wide variation in free use provided to similar groups. It also leads to time being booked that is then not used. Groups 'block book' times each week but there are then a number of cancellations throughout the year. Appendix 3 details the reimbursements made to schools for each user under the policy over the two years to March 2010.

### 3.3 Reimbursement Rates to Schools

- 3.3.1 The power to direct the use of schools can only be used where schools receive income to offset the cost of the letting. Current reimbursement rates to schools have not kept pace with inflation and certain rates require a significant increase in order that they can be shown to cover costs. This is not affordable from the Children's Services Budget. However, as in Appendix 2 schools receive funding that may be used to subsidise this use.

### Charges for Other Council Provision

#### 3.4

- 3.4.1 The current policy does not form part of a coherent policy for access to all council facilities. E.g. The free lettings for under 18 sport are in contrast with charges being levied for under 18 sports use of parks and recreation pitches and the City Council's Leisure Centres. There is also a charge levied to users of Leeds City Council Community buildings. This provides differential access based on geography.

### Changes in Legislation

#### 3.5

The community use policy based on the power of direction is outdated due to the growth in the number of schools where the policy does not apply. Out of 39 Secondary Schools in the city there is currently no power of direction over seven (Academy and Trust), limited power over five as they are Aided schools, and a power only within the terms of contracts in a further 11 (PFI schools). As the number of City Academies and Trust Schools increases there will be large areas within the City where access will be entirely dependent on Governing Body wishes and which fall entirely outside of any City Council policy. Appendix 4 details the reimbursements for Community use by school over the two years to March 2010.

- 3.5.1 Legislative Background
- 3.5.2 Appendix 5 sets out the general legislative background surrounding the use of school premises by outside groups and by the local authority. Of particular relevance is the 2002 Education Act. This Act gave powers to governing bodies to provide any facilities or services whose provision furthers any charitable purpose for the benefit of:
- (a) pupils at the school or their families, or
  - (b) people who live or work in the locality in which the school is situated
- 3.5.3 Education Acts place a general requirement on governing bodies to have regard to the desirability of having premises available for community use outside of school hours.
- 3.5.4 Guidance issued under the Education Act 2002 allows schools to:
- (a) use their delegated budgets to support or subsidise extended activities that bring an educational benefit to children, but not to support extended activities that are solely community facilities such as sports activities for the local community.
  - (b) Use their School Standards Grant to support the full range of extended services.
- 3.5.5 Non educational community usage therefore could not be subsidised from the school budget share but such usage could be subsidised from school standards grant, other income or specific grants that may be provided for such a purpose.
- 3.5.6 The use of the school delegated budget has now been amended by the School Budget Shares (Prescribed Purposes) (England) Regulations 2010 that allows governing bodies to use school budget shares for the provision of staff, goods, services, accommodation or other resources; or the making of payments towards expenditure incurred, by, or for purposes connected with the functions of, the Children's Trust Board for the area in which the school is situated.

## 4.0 RESOURCE IMPLICATIONS

### 4.1 Current Cost

The table below sets out the expenditure on reimbursements to schools for community use funded lettings in 2009/10 Financial Year.

**Table 1. Community Use Reimbursements to Schools 2009/10**

Letting Type	Reimbursement	Types of group covered
Under 18 Sport	£366,447	Under 18 football / rugby / hockey etc teams
Voluntary Youth	£217,518	Brownies, Guides, Majorettes, Scouts, Dance, Drama groups
Supplementary Schools	£75,848	Language / curriculum classes from ethnic minority groups
Music Centres*	£62,617	Classes run by EL Music Services / Artforms
Community Groups	£29,778	Neighbourhood Watch, Action / Campaign Groups, Tenant Associations
Youth Programme*	£17,996	LCC staff run youth clubs or target groups
Polling Stations+	£14,790	Schools used for elections
Leisure Classes*	£12,386	Classes run by LCC Sports Development Unit
Holiday Playschemes	£15,521	Schemes funded through LCC
Groups with Disabilities	£12,736	Gateway Groups / Disabled sports
Parish Councils	£2,170	
Political Parties	£1,021	Monthly committee meetings
Governor Training*	£468	Area Gov meetings run by EL governor support

MP/Cllr Surgeries	£172	
<b>Total Payment to Schools</b>	<b>£829,468</b>	

+ A recharge for the polling stations expenditure is received from Central Government, in the case of general and the LCC Elections department for local elections.

\* These categories represent use of schools by the City Council and adjustments to budgets will need to take place in respect of these categories.

In the first year of the 1990 Community Use Policy the reimbursements to schools totalled approximately £1m. Reimbursements have declined over the years due to a reduction in the number of schools and an inability to index link the reimbursement rates in most years since 1990. From the above table the maximum full year savings from the change in policy is £721,211. This saving will be reduced by the establishment of any hardship grants and increase in charges to be met by City Council users.

## 5.0 PROPOSALS FOR A REVISED POLICY

### 5.1 Recommended / Private Lettings

In accordance with decision made in the 2010/11 budget round it is proposed that from November 2010 the provisions of the Community Use Policy (1990) as amended in 1991 will no longer apply.

5.1.1 From November 2010 school lettings at Leeds Schools where the power of LA direction applies should be categorised into two groupings:

- (i) Recommended Community Lettings
- (ii) Private Lettings

5.1.2 Set out below are the features of both categories of Letting within this policy:

#### (i) Recommended Community Lettings

Appendix 6 is a list of recommended categories of community groups that schools should accept under this policy. This is in line with the current directed policy. Table 2. below shows a list of maximum rates chargeable to the groups falling within the categories set out at Appendix 6. These charges should be considered the break even charge to be made to groups considered to fall into the recommended categories for the relevant type of usage.

5.1.3 The rates set out in Table 2 represent the maximum charge rates applicable to the recommended groups. Schools and Extended Service Clusters should be encouraged to use their legal powers and funding as set out at section 3 and Appendices 2 and 5 to reduce the charges set out in table 2 or to provide free usage to the relevant groups, where the activities are meeting extended service outcomes. The current central reimbursement rates have been rather simplistic and it is proposed that the recommended rates from 1<sup>st</sup> November are amended to reflect broad differences in cost. For example, the current reimbursement for classrooms is based on £9 per room, whereas once the building is open the additional cost of using additional rooms will be lower.

#### 5.1.4 Table 2 Maximum Charge Rates For Recommended Groups - 1<sup>st</sup> November 2010

Facility	Reimbursement Rate Prior to 1 <sup>st</sup> November 2010	Maximum Charge to Recommended Groups From 1 <sup>st</sup> November 2010
School Hall - Primary	£19 / hr	£20 / hr
School Hall - Secondary	£19 / hr	£25 / hr
Sports Hall	£19 / hr	£25 / hr
Gym / Dance Studio	£19 / hr	£20 / hr
Classroom / Meeting room	£9 / hr	£10 / hr

Each subsequent classroom / meeting room	£9 / hr	£4 / hr
Playing Field per Match	£7.50	£20
Playing Field Seasonal Hire	N/A	£180
Changing Facility per Match	£7	£15
Changing Facility Seasonal	N/A	£150
All Weather / Astro Pitch Full	£32 / hr	£40 / hr
All Weather / Astro Pitch Half	£16 / hr	£20 / hr
Floodlights	£2 / hr	£12 / hr
Cricket Field /match	£7.50	£30
Cricket Field / season	N/A	£200
Maximum hourly charge per user group for internal use	£48 / hr	To be determined by Governing Body
For one off use of Sports Facilities and pitches the above charges are inclusive of VAT, other lettings are exempt .		

#### 5.1.5 **Notes to Table 2:**

- The reimbursement rate column shows the amount that the school would have been reimbursed under the terms of the 1990 Community Use Policy
- The maximum charges column represents the maximum charge to the groups shown in Appendix 6.
- There was no seasonal pitch hire reimbursement prior to September 2010. Seasonal usage assumes 14 uses for 2.5 hrs each use.
- Schools with specialist spaces such as ICT suites, Music Rooms and hydrotherapy pools should determine the charges for the use of these facilities.
- The current reimbursement is capped at £48 per hour where use of internal space exceeds a school hall and three other rooms.

#### 5.1.6 (ii) **Private Lettings**

These Lettings comprise all other lettings other than those falling under the category of Recommended Community Lettings. It is expected that these lettings should be charged at full cost to the hirer. Schools may however consider that, although a group or individual falls outside of the categories set out at appendix 6, it is desirable to ensure that access is affordable for particular individuals or groups and charge less than economic cost.

Regard must be paid to the legal principles concerning charging for community facilities. Schools should set out in a governor approved Charging Policy what rates they wish to charge hirers of school facilities.

In the case of both Recommended and Private Lettings schools should operate within the general principle that the use of school facilities by outside bodies should not be at the expense of school activities.

## 5.2 **Hardship Fund**

5.2.1 It is proposed to establish a hardship fund to partially support users in the 2010/11 year as they are required to pay for the use of schools. It is proposed that support will be provided where groups meet all of the following criteria:

- Group not eligible for support against core offer of Children's Centre or 21<sup>st</sup> Century school
- Group can not collect subscriptions or raise revenue to support rental
- Group meets needs of community in lowest 30% IMD (Indices of Multiple Deprivation) and of a vulnerable group.
- Group would cease to operate, is currently well attended and would leave a gap in community provision.

5.2.2 It is proposed that a budget of £50,000 be established to offset the charges to users, and that a maximum sum of £5,000 would be offset for any qualifying group in a full year. If

necessary, the support would be scaled down to stay within the total available budget.

- 5.2.3 In addition the Local Authority currently provides some grant funding to Supplementary Schools in Leeds and a separate budget of £10,000 is maintained. It is proposed that this budget is increased by £10,000 and should continue to be administered by the Head of school Improvement, Education Leeds.

### **5.3 Recommended Administrative Procedures**

It is recommended that schools adopt the following procedures from 1<sup>st</sup> September 2010:

- 5.3.1 (i) Lettings Agreements  
It is essential that, for all uses of school premises that are not 'pay and play' uses, a lettings agreement is produced to evidence the usage and confirm to the hirer the conditions under which the usage takes place. Agreements should be produced either by the Lettings Unit or at the school on approved stationery.
- 5.3.2 (ii) School Lettings / Charging Policies  
The law requires that that a governing body may not charge for anything unless it has drawn up a statement of general policy on charging (advice on this subject was previously distributed to schools by Education Leeds Financial Services in November 2008. From November 2010 school governing bodies should include within their charging policy a section concerning school lettings. This section should outline the charges set for the various types of school facilities that may be in use in the forthcoming year. The policy should make it clear upon what basis any remission is made from the recommended rates set out for recommended lettings at Table 2.  
School governors should ensure that their policies in respect of school premises lettings are authorised by the Governing Body or by a properly delegated sub committee of the Governing Body.
- 5.3.3 (iii) Insurance  
In order to safeguard the premises and property at the school site it is essential that checks be carried out to ensure that groups using school facilities have up to date third party liability insurance.
- 5.3.4 (iv) Safeguarding  
Although the young persons and vulnerable adults using schools through lettings are not under the direct control of the school it is clear that the school cannot divorce itself entirely from any responsibility with regard to safeguarding in respect of lettings in school buildings. In the past the Lettings Unit have performed CRB checks and also checks on qualifications of teachers and instructors in contact with vulnerable persons. At the time of writing a review of necessary safeguarding actions in respect of lettings is taking place. Information regarding this important aspect of lettings will be communicated to schools as soon as possible and this should form an important element of the school safeguarding and/or lettings policies.

### **5.4 Lettings Unit**

- 5.4.1 The 1990 Community Use Policy authorised the establishment of a central Lettings Unit to administer the policy. Costs of the unit have always been recovered as an overhead on the central cost of free lettings.
- 5.4.2 It is expected that during the financial year 2010/11 the unit will be involved in extra work administering the policy changes. From 1<sup>st</sup> April 2011 it is proposed that the Lettings Unit will operate as a traded service, with a Service Level Agreement to be agreed with schools.

## **5.5 Use of Schools for Elections**

It should be noted that separate legislation exists which requires the use of schools where necessary for the purpose of elections. Specific rules also exist as to what reimbursement schools can receive for this usage.

## **6.0 Recommendations**

The Director of Children's Services is asked to approve the following:

- that the central subsidy on community use of schools should cease from November 2010.
- that a hardship fund of £50,000 be established
- revised policies and procedures as set out in section 5 of this report (safeguarding provisions to follow at a future meeting).
- that £10,000 be provided as an additional grant to support supplementary schools. Administration to be carried out by the Head of School Improvement Education Leeds.
- that the policy set out at section 5 is applied to PFI properties, the lettings of which are administered directly by the Lettings Unit.

## 1. Appendix 1

### Extract From DCSF Document 'Planning and Funding Extended Schools'

#### • **Sustainability and charging:**

Families need to be able to base important decisions, such as returning to work, on the reliability of services, particularly childcare and holiday provision, offered through schools so it is crucial that the services offered should be well researched, robust in their business planning and realistically costed.

Charging enables schools to enhance the quality and frequency of the extended opportunities they offer and to make these more sustainable and so more reliable for families in the long term.

Schools should charge for:

#### • **all childcare except for the free entitlement.**

Parents on lower incomes may be eligible to reclaim up to 80% of the costs of childcare through the childcare element of the Working Tax Credit

#### • **community access**

Many schools already offer access to sports, arts, ICT facilities and adult learning for their local communities as well as their own pupils and families. Schools are often the only local community resource, offering much-valued facilities for clubs and adult learning. Schools themselves can also benefit from community use, for example by better engagement with and improved health and qualification levels in their local communities. Schools should charge the communities for using their facilities, and will need to ensure that their charges include adequate cover for additional and 'hidden' costs such as site management, heating and cleaning. However, schools will also wish to ensure that access is affordable for particular individuals and groups. Many schools operate a separate 'tariff' for such groups, charging them at cost, rather than at a profit, to help support their work.

Supplementary schools, for example, should be charged at cost. The extended schools policy offers enhanced opportunities for schools and supplementary schools to work more closely together, and to share their knowledge and expertise in languages, the national curriculum, community cohesion and engagement with parents. Such cooperation can contribute to the higher attainment of the children and young people who use them. (More advice can be found at [www.resourceunit.com](http://www.resourceunit.com)).

Schools may charge for

#### • **some study support**

We expect all schools to offer *some* free study support to support personalisation, and that all targeted offers to support the attainment of children who have fallen behind, such as literacy and numeracy 'catch up' provision, will also be provided free of charge. Likewise, schools are expected to provide some free after-school sport activities – often in conjunction with their School Sport Partnership – to enable children and young people to take up their entitlement to two hours of high quality PE and school sport each week. But schools may, after appropriate local consultation, fund other study support activities by charging parents. Many parents are already familiar with charges for clubs, trips and holiday activities. To fund access to 'catch up' study support activities, and to study support generally for the children and young people in low income families, schools may use their delegated budgets, including their School Development Grant and the School Standards Grant.

• **Children and young people from low income families:** Extended schools offer particular benefits for the most disadvantaged children and young people. So it is important that they have free access to at least some study support activities, especially those designed for children who have fallen behind in attainment, to enhance their achievement and enjoyment and support personalised learning.

- Children who have disabilities or special educational needs: By working in clusters and with your children's trust you will need to develop provision to support the needs of these children.

**Further DCSF Guidance is shown below from the DCSF publication**

Planning and Funding Extended Schools

# Annex B: Financial management and sustainable funding

## Schools can:

- use their delegated budgets to support or subsidise extended activities that bring an educational benefit to children, but not to support extended activities that are solely community facilities such as sports activities for the local community
- use their School Standards Grant to support the full range of extended activities
- report income and expenditure on extended activities that have an educational benefit alongside core school activities

## Schools should:

- have a clear understanding of the ongoing costs of delivering extended activities, and how they will be funded
- report separately income and expenditure on community facility activities
- seek the advice of their LA on accounting procedures, and on VAT
- consult the Financial Management Standard website and toolkit to ensure that systems are fit for purpose

## Use of delegated budgets

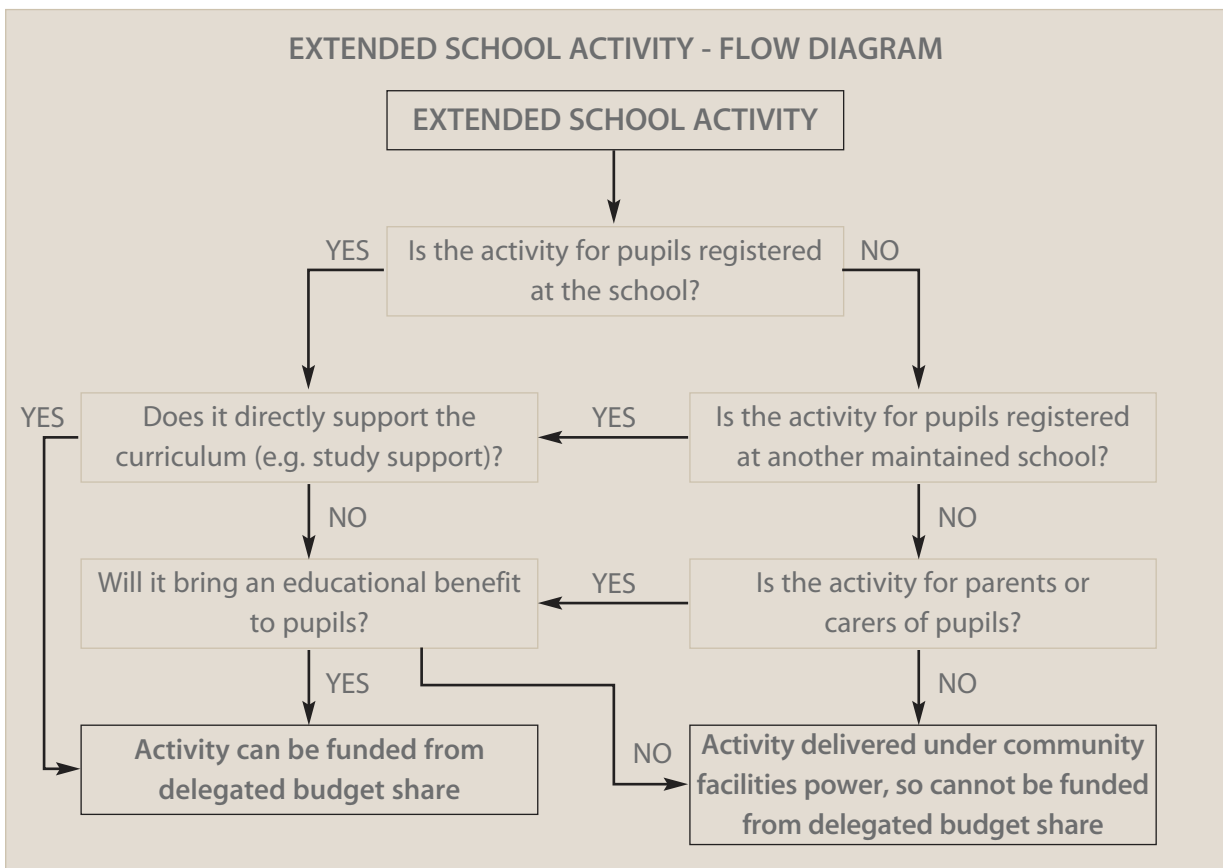

1. A school's delegated budget, or 'budget share', is the funding that schools receive from the local authority for the 'purposes of the school'. Although the meaning of this term is not spelt out fully in legislation, it covers all the teaching and learning activities that schools are required to deliver for their pupils, or for pupils registered at other maintained schools

(where, for example, they are working collaboratively). Legislation does set out certain activities that are *not* 'purposes of the school', and which schools therefore cannot fund from their delegated budget, and these include the provision of community facilities. (At present the only exception is for maintained nursery schools, where schools may fund community facilities, including childcare,

from their delegated budget.) The Government’s view is that the term ‘purposes of the school’ could be construed as embracing all activities that bring an educational benefit to pupils at the school, or to pupils registered at other maintained schools. This could include activities within childcare.

2. To decide whether a particular extended activity is eligible to be funded from the delegated budget, schools may find it helpful to consider the table below:

3. Having asked these questions, and considered the particular circumstances, a school might decide, for example, that a parenting class *is* eligible for funding from the delegated budget because it helps pupils' parents/carers to support their learning. Schools might also decide that a breakfast club for children held during term time *is* eligible for funding from the delegated budget because it would help to ensure that pupils are in class on time and ready to learn, but that a play scheme during school holidays is *not* eligible for funding from the delegated budget if its purpose is mainly childcare, and is therefore a community facility. A school may, however, use its delegated budget to buy a place in an educational activity within that holiday programme for a child, such as a trip to a museum.

4. The distinction between extended activities that are eligible for funding from the delegated budget and those that are not is important as it also affects the way schools manage and report spending on various activities (see the section on financial management and accounting procedures below). If the governing body is unsure about the classification of a particular activity for funding purposes, the school should consult the local authority for legal advice.

5. Governing bodies must also consult and take into account advice from their local authority on any plans to provide extended activities under their community facilities power, as the scheme for financing local schools may place some restrictions or

prohibitions on the activities to be developed. Such prohibitions or restrictions will have been designed to ensure that the financial interests of the local authority are protected, and could include (for example) requiring the governing body to obtain indemnity insurance for risks associated with the activity in question.

### ***Financial management and accounting procedures***

6. Under current finance scheme guidance ([www.teachernet.gov.uk/management/schoolfunding/](http://www.teachernet.gov.uk/management/schoolfunding/)), the school's accounting procedures must distinguish between those extended school activities that can be funded from the delegated budget, and those that must be funded from outside it. There is no general Government requirement that schools use a separate bank account for extended school activities. The key principle is that a school's financial management and reporting should identify separate spending on those activities that are not eligible for funding from the delegated budget. Schools can do this within the main school account if schools use separate coding arrangements. But where extended school activities are significant, largely free standing and managed separately, a separate bank account may be appropriate. Schools should discuss with their ESRA and local authority finance officer the most appropriate arrangements in their circumstances.

7. Extended school activities funded from the delegated budget do not require

separate identification in school accounts, and should be treated alongside spending on other core school activities. To support this approach, the Department has introduced changes to the Consistent Financial Reporting Framework that create additional codes for 2006-07 to capture separately income and expenditure that relate to activities that cannot be funded from a school's delegated budget. Detailed advice on the changes was published in February 2006 at [www.dfes.gov.uk/valueformoney](http://www.dfes.gov.uk/valueformoney).

8. Schools should discuss their VAT position for extended services with their local authority finance officer and ESRA.

#### ***Management of extended activity finances***

9. The headteacher and governing body will need to ensure that due care is taken not to compromise the financial position of the school's delegated budget whilst extending the provision of services. In particular, schools need to ensure that they:

- can demonstrate a clear audit trail confirming decisions to undertake individual extended activities and their sources of funding, including whether such activities were eligible or ineligible for funding from the delegated budget
- have a robust process for fully costing all extended activities, including the apportionment of the school's fixed costs or overheads, as appropriate, as well as the identification of direct costs, and that they have a clear and transparent process for agreeing and making all relevant charges

- have all the appropriate systems, processes and controls in place to support a robust charging regime

10. The DfES has developed a toolkit for schools that is designed to help schools evaluate the quality of their financial management, and in training staff to become good financial managers. The *Financial Management Standard* is a simple statement of what a school that is managed well financially looks like. Further details of the *Financial Management Standard* are at [www.teachernet.gov.uk/management/schoolfunding/schoolfinance/](http://www.teachernet.gov.uk/management/schoolfunding/schoolfinance/)

#### ***Liability for debts***

11. So long as governors act honestly and reasonably and within their powers when carrying out their functions, any liability will fall on the governing body rather than on individual members. If a third party makes a claim against a governing body in its provision of community activities and services, the Education Act 2002 provides for the local authority to deal with the claim. But the local authority will be entitled to be reimbursed by the governing body from its community services budget. Where the governing body's community services budget is not in funds, the governing body will be in debt to the local authority. The governing body may not use funds from its delegated budget share to repay the debt. Except in extreme circumstances, where governors have acted unlawfully or have acted individually rather than as a corporate body, the local authority cannot recover the money from individual governors.

## Appendix 2

### Funding Available to Leeds Schools to Support extended services

#### Purposes of the School

School Budgets may only be spent on activity meeting the definition of 'Purposes of the School'. This definition was widened on the introduction of Extended Services requirements on schools to include any activity that is expected to bring an educational benefit to children. School Budgets have been increased by funding of **£7,980,000** per year over the last three years in order to meet ministerial expectations on personalisation, including the provision of extended activities. In addition, The Secretary of State for Education can prescribe other activities that can be supported from school budgets and these are set out in regulations shown below.

#### Community Access.

The DCSF has increased funding available to schools through the School Standards Grant and has introduced a second School Standards Grant for personalisation. This grant is not ring-fenced in any way and can be used to subsidise any extended services. In 2010/11 the School Standards Grant is **£16,339,000** and the School Standards Grant (personalisation) is **£5,375,000**. The funding available through these two grants has increased by over £10m per year since the extension in remit to support extended services.

In addition the DCSF is providing three additional grants to support extended services. These are for start up, sustainability and a grant to subsidise extended services charges for deprived pupils. Clusters of schools will receive a share of **£3,250,000** per year over 2009/10 and 2010/11 from the start up and sustainability grants.

In 2010/11 Leeds has been allocated **£2,550,000** to introduce an extended schools subsidy scheme for deprived pupils across all school clusters.

**The targeted funding directly available to schools to subsidise personalisation and extended services totals over £35m in 2010/11.**

<b>Expenditure Heading</b>	<b>2010/11 Budget</b>
<b>Personalisation allocation within school budgets that can be used for extended activity for pupils</b>	<b>£7,980,000</b>
<b>Grant Funding that can support any Community Activity</b>	<b>2010/11 Budget</b>
<b>School Standards Grant, can all be used for Extended Activities</b>	<b>£16,339,000</b>
<b>School Standards Grant (Personalisation), can all be used for Extended Activities</b>	<b>£5,375,000</b>
<b>Extended Schools Standards Fund, should be used to promote activity in addition to development and coordination of activity</b>	<b>£3,250,000</b>
<b>Extended Schools Subsidy, must be used to subsidise activity for deprived pupils and pupils in care</b>	<b>£2,550,000</b>
<b>Total Funding managed by schools that can be used to promote /subsidise Community Use / Access</b>	<b>£27,514,000</b>
<b>Total Funding</b>	<b>£35,494,000</b>

**The Secretary of State for Education has made regulations widening the scope of the use of a School's Delegated Budget as follows**

In exercise of the power conferred on the Secretary of State by section 50(3)(b) of the School Standards and Framework Act 1998, the Secretary of State for Education and Skills hereby makes the following Regulations:

**1.**

(1) These Regulations may be cited as the School Budget Shares (Prescribed Purposes) (England) Regulations 2010 and shall come into force on 1st April 2010.

(2) These Regulations shall apply for the purposes of the expenditure of budget shares of maintained schools in England.

**2.** The following purposes are hereby prescribed for the expenditure of the budget share of a maintained school by its governing body -

- a.** the provision of teaching to pupils registered at other maintained schools;
- b.** the provision of learning materials, educational resources, transport, meals and accommodation for pupils registered at other maintained schools.
- c.** in respect of maintained nursery schools only, any educational or other provision made for children on the premises of the school (including any such provision made by the governing body under section 27 of the Education Act 2002), or administrative support provided for other maintained nursery schools in the area of the same local education authority.
- d.**
  - (i) the provision of staff, goods, services, accommodation or other resources to a relevant person or body; or
  - (ii) the making of contributions to a fund out of which relevant payments may be made,

for the purposes of arrangements made under section 10 of the Children Act 2004 (co-operation to improve well-being)(1) ("CA 2004"), and in this sub-paragraph "relevant person or body" and "relevant payment" have the meanings given by section 10(11) of CA 2004;"

- e.**
  - (i) the provision of staff, goods, services, accommodation or other resources ; or
  - (ii) the making of payments towards expenditure incurred, by, or for purposes connected with the functions of, the Children's Trust Board(2) for the area in which the school is situated."

---

(1) 2004 c. 31. Section 10 was amended by section 193 of the Apprenticeships, Skills, Children and Learning Act 2009 (c.22).

(2) Sections 12A to 12D of the Children Act 2004 make provision for the establishment, functions, funding and supply of information to Children's Trust Boards. These sections are inserted by section 194 of the Apprenticeships, Skills, Children and Learning Act 2009.

COMMUNITY USE REIMBURSEMENTS TO SCHOOLS BY GROUP - APPENDIX 3

**LEGISLATION AND REGULATIONS COVERING COMMUNITY USE**

- a) There is a statutory framework for the community use of school premises that has been amended by various Education Acts:
- a) Education (No. 2) Act 1986. Under Section 42 of this Act, governing bodies were given control of the use of school premises, subject to any reasonable directions by the LA. Governors are, however, required to have regard to the desirability of school premises being made available for community use.
  - b) Education Reform Act (1988) enabled governing bodies to determine hire charges for any non-school use and to retain lettings income. Governors must ensure that any non-school use is not subsidised from the delegated schools budget. The Act also required that where a LA directed use of school premises, it had to reimburse the school for the costs of energy and caretaking with a contribution towards repair and maintenance.
  - c) Education Act (1993) gave powers to governing bodies to enter into “transfer of control agreements” for the purpose of promoting community use outside school hours. Linked to this was a recognition that non-governors could be voting members of committees established by governing bodies to manage community use.
  - d) Education Act (2002) gave powers to governing bodies to provide any facilities or services whose provision furthers any charitable purpose for the benefit of-
    - (a) pupils at the school or their families, or
    - (b) people who live or work in the locality in which the school is situated.

The Education Acts now place a general requirement on governing bodies that in exercising control of the occupation and use of the premises outside school hours the governing body shall have regard to the desirability of those premises being made available for community use.

Guidance issued under the Education Act (2002) allows Schools to:

- use their delegated budgets to support or subsidise extended activities that bring an educational benefit to children, but not to support extended activities that are solely community facilities such as sports activities for the local community
- use their School Standards Grant to support the full range of extended activities

Governing bodies must ensure that any such provision does not interfere with the delivery of education to pupils. Community use not aimed at bringing an educational benefit to pupils must be self-financing, and the school’s budget must not be allowed to subsidise this in any way – profit from one letting or activity can be used to offset costs on another, but there must be an overall balance or profit. Where there are no additional costs to a school a user must still pay a fair apportionment of the costs attributable to the use. Whilst this use may not be subsidised from a school’s budget Governors can determine to subsidise this use from the school standards grant, other income or specific grants that may be provided for such a purpose.

In summary, although the City Council owns the site and buildings of community schools, is the landlord and has often contributed capital funding to enhance facilities for community use, it is the governing body that has overall control of the use of the school both during the day and outside school hours. The only constraint on this is the LA’s power to direct the use of school premises which is considered in the next section.

### **Local Authority Directed Use of School Premises**

- a) Under Schedule 13 of the 1998 Education Act the local education authority may give such directions as to the occupation and use of the premises of a community or community special school as they think fit. Schools are reimbursed for the cost involved in using their premises for these activities.
- b) For voluntary controlled schools, the local authority may direct the governors as to the use of premises on weekdays, and may also direct the use on Saturdays for any purpose connected with education or with the welfare of the young for which the local authority desire to provide accommodation on the premises (or on the part in question) if the premises are not being used by the school.
- c) For Voluntary Aided schools, the LA may direct the governors as to the use of the premises where not required for the school for up to three days a week excluding weekends where that is necessary for the education and welfare of young people and there is no suitable alternative accommodation available. Again, schools are reimbursed for any costs involved.
- d) For Foundation, Trust Schools and City Academies the LA has no power of direction, and Governing bodies will determine access and charging policies.
- e) For PFI schools the LA has a power of direction but only within any overall contract under which the school has been built and is operated.
- f) In practice, the LA does not direct use formally as relationships with schools are such that it is usually possible to agree arrangements for the use of school premises outside the school day. There is good liaison and co-operation with schools in administering the system.
- g) It should also be noted that governing bodies are required through other legislation to make premises available at cost for activities such as:
  - h) Polling stations in local or national elections
  - i) Planning for and acting in civil emergencies
  - j) Meetings of statutory bodies, e.g. Parish Councils

## APPENDIX 6 External Groups and Activities to be recommended at the Education Leeds charging rates

All organisations must be voluntary and non-profit making. Those organisations that will be considered as recommended and will pay no more than the recommended rate set by Education Leeds must meet the following criteria;

- all adults involved with the organisation should be employed in a voluntary capacity and not receive any payment/salary for their time/work **(excluding registered voluntary organisations)**
- any income from subscriptions collected should only be to cover the running costs of the organisation such as insurance, CRB's, travel and subsidiary expenses, hire fees and purchase of essential kit and equipment.

Any organisation not meeting the above criteria will be considered a commercial organisation and schools can set the charges that should be a minimum of cost recovery, examples are;

- operating in a business capacity
- limited company
- charging competitive fees for tuition or admission
- income collected results in the retention of profit and/or equipment that can be considered as a resalable asset

<u>Category</u>	<u>Examples of groups included and any Specific criteria</u>	<u>Type of activity allowed</u>	<u>Any activity not allowed</u>
Voluntary holiday playscheme	Organisation must be registered with and receive grant aid through LCC.	Holiday playscheme for children only	Fundraising / social events / Adult committee meetings
Voluntary youth	Brownies / Guides / Rainbows / Scouts / Cubs / Beavers / majorettes / music, dance & drama clubs / art & craft / brigades / mixed activity. Term time only Monday to Friday.	Children's regular activity / training sessions	Fundraising / social event / Adult meetings / tournament assessments & grading / competitions / gala / religious teaching observance.
Special Needs / disability	Gateway / social and activity clubs. Term time only Monday to Friday.	Groups with only registered disabled participants on role undertaking an activity session.	Respite care Health / rehabilitation sessions linked to health or social care services / Fundraising / social events
