Guidance about this document

1. The Licensing Authority recommends that you complete this specially designed pro forma risk assessment to help you decide what should be entered in your operating schedule to show how you will promote the four licensing objectives.
2. Whilst the Licensing Authority cannot insist you use this document it takes the view that it assists responsible authorities in assessing the operating schedule, promotes discussions and partnership working and will reduce the number of representations and hearings.
3. If you do not use this risk assessment pro forma then you will need to demonstrate how you will meet the licensing objectives by providing other supporting evidence via your operating schedule.

How to use this document

1. This document has four sections which correspond with the four licensing objectives. In each section you will find information on potential control measures (each with an individual code) which we suggest may help you meet the four licensing objectives.
2. Run through the questions in the grey sections and consider the potential control measures listed in the columns beneath.
3. If you are happy to volunteer the control measures as conditions on your licence place a tick in the relevant box in the right hand column. You can then enter the corresponding codes in page 14 of your application form in the boxes which match up with the licensing objectives or simply write "see pro forma risk assessment". These measures will then appear as conditions on your licence.

Dear Mr Khaled,

Subject: APPLICATION FOR PREMISES LICENCE

PART A

Thank you for submitting your application for licensed activities at:

Name of venue:- Naeem's Tandoori

Address:- 62 Stainbeck Road, Leeds, LS7 2PW.

We write to inform you we shall be objecting to your application and a copy of this letter will be sent to the Licensing Authority.

The premises were granted planning permission for the change of use of shop to take away hot food shop in August 2001 subject to a condition restricting the hours of use of the premises. The proposed hours of use set out in your premises license application exceed those allowed by the planning permission. The Development Department objects to the granting of a Premises License in the terms as applied for due to noise and disturbance being caused to nearby residential occupiers in particular above the parade as a result of the comings and goings of customers and their motor vehicles, from customers congregating on the street in the vicinity of the building and from activities within the building. It is considered that the opening hours applied for at these premises would conflict with the Licensing objective of preventing public nuisance.

The City Development Department considers that the extended opening hours proposed are unlikely to be acceptable and that a Premises Licence should not be granted outside the hours specified in the existing planning permission unless and until an express planning permission or a Certificate of Lawful Development is obtained by the operator of the premises to extend those operating hours. If you are willing to amend your application to the hours as specified in the existing planning permission, details of which are contained in Part B, then we shall withdraw our objection.

**RE: PREMISES @ UNIT 1 WATERLOO HOUSE CROWN STREET LEEDS LS2 7DE.
NEW PREMISES LICENCE – LICENSING ACT 2003:
POLICE – LETTER OF REPRESENTATION – CUMULATIVE IMPACT POLICY:**

Thank you for submitting your application for the above premises, received at the address above on 7th January 2011.

The application relates to premises which will fall within one of the areas of Leeds currently subject to a policy of cumulative impact, as detailed in the present Statement of Licensing Policy 2011-2013, issued by Leeds City Council as the licensing authority.

The area concerned in this particular case is Area 1 Leeds City Centre.

Therefore, in line with the current statutory guidance issued by the Secretary of State under Section 182 Licensing Act 2003, West Yorkshire Police make representations based on the cumulative impact policy of the area concerned and highlighted above, where the licensing objectives and particularly the prevention of crime and disorder and prevention of public nuisance objectives, are being adversely affected.

There has been a policy of cumulative impact in Leeds City Centre since January 2005, as a part of the original Statement of Licensing Policy issued by Leeds City Council, made to introduce the 'transitional provisions' of Licensing Act 2003 in February 2005 to full implementation in November 2005. As a part of the process back then, in 2004 West Yorkshire Police provided detailed statistical analysis of

NOT PROTECTIVELY MARKED

NOT PROTECTIVELY MARKED

alcohol related crime and disorder and anti social behaviour, in relation to specific areas of the City Centre.

The original policy only applied to certain isolated parts of Leeds City Centre.

In 2007, as part of the first 3 year review of Leeds City Council's Statement of Licensing Policy, further statistical evidence was produced by West Yorkshire Police to ascertain if there was the continuing need for a policy of cumulative impact in Leeds City Centre.

As a result, in December 2007 the revised Statement of Licensing Policy 2007-2010 was issued by Leeds City Council, and whilst the policy of cumulative impact for Leeds City Centre was to continue, there was very little if any relevant change in the wording of the policy and no change at all in the affected areas of the City Centre.

A second review of the Statement of Licensing Policy has taken place in Leeds in 2010 and a 3rd edition has been issued by Leeds City Council as recently as early January 2011.

During this lengthy process, West Yorkshire Police, after being requested to do so, once again provided an up to date 2 year statistical overview of violent offences and anti-social behaviour in Leeds City Centre as a whole.

As a result, on this occasion the policy of cumulative impact for Leeds City Centre has radically changed, both in -:

- 1. a significantly increased geographical area, and**
- 2. modification of the wording of the policy, to include all types of alcohol led premises, rather than just a specific type of premises serving alcohol.**

The current Statement of Licensing Policy goes into further detail about the significant changes recently made and highlighted above.

For instance-:

- Paragraph 7.16 – "In the five years since the cumulative policy for the city centre was introduced, the City Centre has changed. Recent crime statistics show three main hot spots for crime and disorder:
 1. Call Lane, Boar Lane and the area behind the Corn Exchange
 2. Woodhouse Lane, Merrion Way and Wade Lane
 3. The east end of The Headrow and New Briggate.
- Paragraph 7.17 – "Other areas of concern include the Eastgate area and Briggate".
- Paragraph 7.19 – "On reviewing these facts and the previous cumulative impact policy, the council has amended the geographical area of the cumulative impact policy to incorporate the crime hotspots.....".
- Paragraph 7. 20 – "In addition there is rising concern about premises which have not been included within the scope of the previous policy, such as restaurants serving hot food and drink after 11pm. These premises have also contributed to crime, disorder and public nuisance in the city centre.
- The previous policy referenced high volume vertical drinking establishments. This reference has been removed as it is recognised that all alcohol led premises can contribute to crime and disorder in the area....."

The wording for the current policy of cumulative impact for Leeds City Centre therefore now reads-:

"It is the council's policy, on receipt of relevant representations, to refuse new and variation applications in Area 1 for alcohol led premises such as bars, pubs and nightclubs and for premises seeking late night refreshment such as takeaways and late opening restaurants, unless the applicant can demonstrate that their application would not add to the cumulative impact of such licensed premises in the area".

NOT PROTECTIVELY MARKED

NOT PROTECTIVELY MARKED

Whilst it is accepted that this application gives the impression that the premises will operate as a restaurant, the premises will be situated in one of the identified "three main hot spots for crime and disorder" – and specifically the area behind the Corn Exchange.

Therefore, in terms of location, implied description albeit that a description is not actually given and proposed trading until 0200 every day, West Yorkshire Police consider that this application implicates the current policy of cumulative impact for Leeds City Centre in every respect, and would rely on paragraphs 13.29 and 13.30 of the current Section 182 guidance in making this representation.

However, should the applicant at a future hearing before a sub-committee of the licensing authority, be able to persuade the sub-committee to rebut the presumption that applications implicating cumulative impact policies should normally be refused, as outlined in paragraph 13.29 of the said guidance and attached; then West Yorkshire Police propose the following control measures (in **addition** to those that you may have already offered), are incorporated within the operating schedule of the premises licence as conditions, which are considered relevant, proportionate and necessary in order to promote the following licensing objectives:-

- the prevention of crime & disorder;
- the prevention of public nuisance;
- the protection of children from harm.

West Yorkshire Police are satisfied that the proposed measures are not adequately dealt with by other legislation.

For clarification at this stage by the applicant, there is no indication on the application received by the police as to whether the supply of alcohol will be for consumption :

- on the premises only? or
- both on and off the premises?

Therefore, the measures shown in red below are included on the assumption that the supply of alcohol will be required for consumption on **& off** the premises.

If the supply of alcohol is to be for consumption on the premises only, then there is no need for either of the measures shown in red?

West Yorkshire Police would ask the applicant to clarify this point at the hearing.

In addition, the actual number of covers per floor identified on the plans received, are left open to suggestions from the applicant.

This is intended to give the operator some degree of flexibility in difficult economic times, but any suggested numbers must also materialise in the premises predominantly maintaining the status of a restaurant, especially in considering the policy of cumulative impact in the City Centre.

Again, West Yorkshire Police would ask the applicant to suggest sensible numbers of covers for each floor, to satisfy the police and the licensing authority especially in the context of the City Centre CIP.

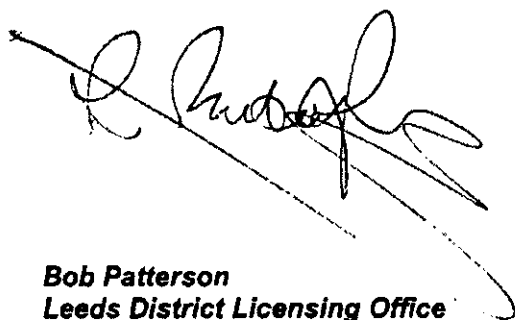

Measures / Additional measures proposed:

- A suitable CCTV system will be operational on the premises at all times when licensed activities are being carried out;
- CCTV security footage will be made secure and retained for a minimum period of 31 days time to the satisfaction of WYP;
- At all times that licensable activities are taking place there will be a member of staff on duty who is conversant with operating the CCTV system and who is able to download immediately any footage requested by an officer from any of the Responsible Authorities or the Licensing Authority;

NOT PROTECTIVELY MARKED

NOT PROTECTIVELY MARKED

- A Supervisor's Register will be maintained at the licensed premises, showing the names, addresses and up-to-date contact details for the DPS and all personal licence holders;
- The Supervisors Register will state the name of the person who is in overall charge of the premises at each time that licensed activities are carried out, and this information will be retained for a period of twelve months and produced for inspection on request to an authorised officer;
- The Premises Licence Holder/Designated Premises Supervisor and all members of staff will ask for proof of age from any person appearing to be under the age of 21 who attempts to purchase alcohol at the premises;
- The PLH/DPS will belong to a recognised trade body or Pub Watch Scheme where one exists, whose aims include the promotion of the licensing objectives;
- Notices indicating the existence and effect of an Alcohol Designated Public Places Order will be prominently displayed at the exits to the premises;
- No sale / supply of alcohol or any form of regulated entertainment shall take place in any external area within the curtilage of the premises at any time;
- Consumption of alcohol within any external area within the curtilage of the premises, will at any time only take place in accordance with a separate street café / pavement licence issued and renewed by Leeds City Council;
- The premises will operate predominantly as a restaurant and a substantial menu will be made available at all times that the premises licence has effect;
- A minimum number of X covers will be maintained on the lower ground floor, a minimum number of X covers will be maintained on the upper ground floor and a minimum number of X covers will be maintained on the first floor, at all times that the premises licence has effect.

Evidence of cumulative impact

13.26 There should be an evidential basis for the decision to include a special policy within the statement of licensing policy. For example, Crime and Disorder Reduction Partnerships will often have collated information which demonstrates cumulative impact as part of their general role on anti-social behaviour; and crime prevention strategies may have already identified cumulative impact as a local problem. Similarly, environmental health officers may be able to demonstrate concentrations of valid complaints relating to noise disturbance. The open meetings recommended at paragraph 1.22 of this Guidance should also assist licensing authorities in keeping the situation as to whether an area is nearing this point under review.

13.27 After considering the available evidence and consulting those individuals and organisations listed in section 5(3) of the 2003 Act and any others, a licensing authority may be satisfied that it is appropriate and necessary to include an approach to cumulative impact in the licensing policy statement. In this case, it should indicate in the statement that it is adopting a special policy of refusing new licences whenever it receives relevant representations about the cumulative impact on the licensing objectives which it concludes after hearing those representations should lead to refusal (see paragraphs 13.29 – 13.32 below).

13.28 The steps to be followed in considering whether to adopt a special policy within the statement of licensing policy are summarised below.

STEPS TO A SPECIAL POLICY

- Identify concern about crime and disorder or public nuisance
- Consider whether there is good evidence that crime and disorder or nuisance are happening and are caused by the customers of licensed premises, or that the risk of cumulative impact is imminent
- Identify the boundaries of the area where problems are occurring
- Consult with those specified in section 5(3) of the 2003 Act, and subject to the outcome of the consultation
- Include and publish details of special policy in licensing policy statement

Effect of special policies

13.29 The effect of adopting a special policy of this kind is to create a rebuttable presumption that applications for new premises licences or club premises certificates or variations that are likely to add to the existing cumulative impact will normally be refused, following relevant representations, unless the applicant can demonstrate in their operating schedule that there will be no negative cumulative impact on one or more of the licensing objectives.

13.30 However, a special policy must stress that this presumption does not relieve responsible authorities or interested parties of the need to make a relevant representation, referring to information which had been before the licensing authority when it developed its statement of licensing policy, before a licensing authority may lawfully consider giving effect to its special policy. If there are no representations, the licensing authority must grant the application in terms that are consistent with the operating schedule submitted.
