15 **Back Bench Community Concerns**

To receive Community Concerns in respect of:-

- 1) Councillor Finnigan – The over development of Morley.
- 2) Councillor Hardy – The impact of low level anti-social behaviour on residents in Farnley and Wortley.
- 3) Councillor Walker – The misuse of Temporary Event Notices in Inner North West.
- 4) Councillor M Hamilton – The introduction of charges for residents parking permits in Headingley ward.
- 5) Councillor A Blackburn – Future maintenance of bowling greens.
- 6) Councillor Lamb - Concerns about the proposals to cease funding for home to school transport for pupils attending faith schools.

16 **White Paper Motion (in the name of Councillor A Carter) - Supermarket Levy**

This Council notes the campaign by the Local Works group to establish a Supermarket Levy on stores with a rateable value in excess of £500,000 in Leeds and in areas throughout the country. Such a levy could generate up to £7.2m per annum for the Council which could then be used to fund growth initiatives and support local town and district shopping centres that have suffered during the economic downturn.

This Council further notes the implementation of similar proposals in Northern Ireland and while not necessarily subscribing to that exact scheme believes that similar proposals could bring benefits to people in Leeds.

Council is aware of the need to garner support from local people and would also wish to discuss any proposals in detail with large retailers before any policy is implemented.

This Council believes that this issue should be explored in Leeds and therefore calls on officers within City Development to bring forward a report to Executive Board exploring the options open to the Council in more detail.

17 **White Paper Motion (in the name of Councillor P Truswell) - NHS**

This Council is alarmed by the impact of Government policies on residents in Leeds, which have led to the fragmentation of the NHS, longer waiting times for in-patient and Accident & Emergency care, escalating financial pressures, the squandering of resources on a massive top-down reorganisation that requires greater privatisation of services, and a serious decline in staff morale and patient confidence in the NHS.

Council affirms its commitment to the NHS's founding principles of a universal service free at the point of need, and believes that though it is approaching its 65th birthday our NHS is not yet ready to retire.

P TRUSWELL

18 **White Paper Motion (in the name of Councillor T Leadley) - Housing Delivery**

This Council regrets the feebleness of the housing delivery report. Adopted by the Executive Board on 13th March 2013.
