**Subject:** Premises Licence Application - Euro Mix Food [NOT PROTECTIVELY MARKED]

Darius

It was good to meet you yesterday and get an idea of what you are trying to achieve.

You have said that the shop will target the Eastern European market and that you will not be selling such brands as Stella/Carling etc. You also said that none of your beer or cider products would be above 5.5% (ABV), and that all spirits would be displayed behind the counter.

You told me you intend to have 8 cameras in the premises and that you will make sure you can operate the CCTV system properly so that CCTV footage could be downloaded for police immediately if necessary. You also said you would make sure the CCTV system kept footage (images) for at least 31 days.

We spoke about the big problem with street drinkers who cause anti social behaviour in that area including outside a childrens nursery, and that off licences must be selling alcohol to them. It is very difficult sometimes to find out who is selling alcohol to them. People sell alcohol to them because they are frightened of them or just don't care about the consequences. A big part of promoting the crime and disorder licensing objective would be to become a member of BACIL(Business Against Crime in Leeds), and have a radio connecting you to other premises, and access to a website which shows the faces of people who have been banned. Included in these photos are pictures of the most problematic street drinkers. I have asked Sean Walker from BACIL to contact you about BACIL.

As you know I would like to see more measures offered to promote the licensing objectives in order to consider withdrawing my objection.

Those measures are:

- The CCTV system will contain the correct time and date stamp information.
- The CCTV system will have sufficient storage retention capacity for a minimum of 31 days' continuous footage which will be of good quality.
- A designated member / members of staff at the premises will be authorised to access the CCTV footage and be conversant with operating the CCTV system. At the request of an authorised officer of the Licensing Authority or a Responsible Authority (under the Licensing Act 2003) any CCTV footage, as requested, will be downloaded immediately or secured to prevent any overwriting. The CCTV footage material will be supplied, on request, to an authorised officer of the Licensing Authority or a Responsible Authority.

- The Incident Report Register will contain consecutively numbered pages, the date time and location of the incident, details of the nature of the incident, the names and registration numbers of any door staff involved or to whom the incident was reported, the names and personal licence numbers (if any) of any other staff involved or to whom the incident was reported, the names and numbers of any police officers attending, the police incident and / or crime number, names and addresses of any witnesses and confirmation of whether there is CCTV footage of the incident.
- The Incident Report Register will be produced for inspection immediately on the request of an authorised officer.
- There will be a communication link via radio to other venues in the city centre. This will be the system recognised by the current Business Crime Reduction Partnership for the city, Leeds City Council and West Yorkshire Police
- Such communication link will be kept in working order at all times when licensable activities are taking place
- The communication link will be available to the Designated Premises Supervisor or other nominated supervisor and be monitored by that person at all times that licensed activities are being carried out.

I look forward to hearing from you soon.

Regards

Cath
