

THE LEEDS £ PLAN ON A PAGE

VISION: Leeds will be a healthy and caring city for all ages

Our ambition to achieve this within our significantly reduced financial envelope is:
A Sustainable and High Quality Health and Social Care System

in which the outcomes of the Joint Health and Wellbeing Strategy are met,
and people who are the poorest, will improve their health the fastest:

People will live longer and have healthier lives	People will lead full, active and independent lives	People will enjoy the best possible quality of life	People are involved in decision made about them	People will live in healthy and sustainable communities
--	---	---	---	---

We will do this by making best use of our collective resources:
The ‘Leeds £’ is spent wisely through...

A Commissioning Strategy via the Integrated Commissioning Executive
with a Services Strategy via the Transformation Programme Board

In which we can harness and deliver the following 5 national strategic drivers:

Better Care Fund	Care Bill	Call to Action	Children & Families Bill	Health Innovation
------------------	-----------	----------------	--------------------------	-------------------

Underpinned by the Integrated Health and Social Care Pioneers programme
which enables us to go ‘further and faster’ through new freedoms and flexibilities

**And under the leadership of the Health and Wellbeing Board...
Leeds will be the Best City for Health and Wellbeing in the UK**
