

## Outer West Area Committee - Youth Activities Fund Project Summary

<b>Project Name</b>	<b>Multi Sports Camp</b>
<b>Amount applied for</b>	<b>£1,180.00</b>
<b>Lead Organisation</b>	<b>Pudsey Cluster</b>
<b>Ward</b>	

### Pitch to young people

Pudsey Cluster is hosting a multi-sports camp at Priesthorpe School on the 7th and 8th of April. The camp will include a variety of themed sporting activities including trampolining, gymnastics, team sports such as; football, rugby or invasion games. There will be an opportunity to take part in a team building exercise and work with other young people from Years 5 and 6 at Primary School. You will receive a free t-shirt, drink and snack for taking part in the activity and will meet staff and students from Priesthorpe School. The days will be action packed where you can try new sports and meet new people. If you are aged between 9 and 10 and in Year 5 or 6 then please speak to your school to book a place.

### Full details of the project

The multi-sports camp will be held at Priesthorpe School over the Easter holidays. The camp will offer young people an opportunity to try a variety of sports in a new environment. The young people will be in Year 5 and 6 of primary school and will be invited from the 15 primary schools within the area. The 2 days will consist of themed activities. These activities will include a creative activity such as gymnastics or trampolining. This will encourage young people to try a new activity in a safe and positive environment. The second themed activity will be a team game such as football, rugby or an invasion game. These games promote team building and group working. It will give the group time to get to know each other and work positively together for a collaborative outcome. The third themed activity is a team building activity which will require young people to work together on a shared task. The young people will probably not know one another and will therefore have to communicate and compromise to ensure they achieve their goal. This ability to work with people they are unfamiliar with, in a different setting will help them to go on and access further provision on offer in their area. Barriers to accessing this provision will be broken down and a greater number of young people will access local services and provision. The camp will also form part of the Change for Life campaign across the Cluster to support young people to make informed choices about healthy eating and physical exercise. They would be encouraged to sign up to a pledge during the week. The camp will also support the work on transition to Secondary School as they will have the opportunity to spend time in a High School environment whilst the other pupils are not there. This will help young people to dispel their myths about high school and put them at ease when the time comes for transition to high school.

4 children from each of the 15 primary schools would be invited to make 3 groups of 20 pupils. Staff from Priesthorpe school would be provided for the 2 days – these would include 2 teachers, an NQT and 4 Sixth Form Students. Transport would not be required as we would expect parents/carers to bring their children to the activity.

### When will the project run?

7th and 8th of April

### How many young people can attend?

4 children from each of the 15 primary schools would be invited to make 3 groups of 20 pupils.

### Other organisations involved

--
