

Black Swan, Call Lane, Leeds

Operating Schedule

1. A suitable Closed-Circuit Television (CCTV) system will be operational at the premises at all times when licensable activities are being carried out and at any other times where members of the public are present on the premises.
2. The CCTV system will cover all areas of the premises occupied by the public under the terms of the licence, including corridors and stairways (excluding WCs and changing rooms).
3. The CCTV system will cover the main entrance/s and exit/s and designated emergency egress routes from the premises.
4. The CCTV system will cover all external areas of the premises occupied by the public, i.e. queuing areas, beer gardens, smoking areas and car parks.
5. The location of CCTV cameras are identified on the site plan of the premises. No amendments to the locations of the cameras will be made without prior consultation with West Yorkshire Police/British Transport Police and the Licensing Authority.
6. The CCTV system will be of a satisfactory resolution quality which will enable the identification of persons and activities, and other fine details such as vehicle registration number plates.
7. The CCTV system will contain the correct time and date stamp information.
8. The CCTV system will have sufficient storage retention capacity for a minimum of 31 days' continuous footage which will be of good quality.
9. The CCTV footage will be controlled and kept in a secure environment to prevent tampering or unauthorised viewing. A record will be kept of who has accessed the system, the reason why and when.
10. A designated member / members of staff at the premises will be authorised to access the CCTV footage and be conversant with operating the CCTV system. At the request of an authorised officer of the Licensing Authority or a Responsible Authority (under the Licensing Act 2003) any CCTV footage, as requested, will be downloaded immediately or secured to prevent any overwriting. The CCTV footage material will be supplied, on request, to an authorised officer of the Licensing Authority or a Responsible Authority.
11. The data controller, under the Data Protection Act 1998, who is responsible for any CCTV images caught on cameras on the premises will, on the lawful request of an authorised officer of a Responsible Authority (under the Licensing Act 2003), be downloaded immediately, or where this is not possible, as soon as reasonably practicable, and supplied to the requesting officer. Where the CCTV images are not supplied at the time of the request being made the data controller will ensure that it is secured to prevent any overwriting.
12. The CCTV system will be capable of securing relevant pictures for review or export at a later date.
13. The CCTV system will be adequately maintained and be capable of transporting recorded material onto a removable media.

14. The CCTV system replay software must allow an authorised officer of the Licensing Authority or Responsible Authority to search the picture footage effectively and see all the information contained in the picture footage.
15. It must be possible to replay exported files immediately e.g. no re-indexing of files or verification checks.
16. A Supervisor's Register will be maintained at the licensed premises, showing the names, addresses and up-to-date contact details for the DPS and all personal licence holders.
17. The Supervisors Register will state the name of the person who is in overall charge of the premises at each time that licensed activities are carried out, and this information will be retained for a period of twelve months and produced for inspection on request to an authorised officer.
18. A minimum of 1 member of SIA registered door staff shall be employed at the premises from 21:00 until close Sunday to Thursday, and a minimum of 2 members of SIA registered door staff shall be employed at the premises from 21:00 until close Friday to Saturday.
19. The Premises Licence Holder (PLH)/Designated Premises Supervisor (DPS) will ensure that a 'Daily Record Register' is maintained on the premises by the door staff.
20. The Daily Record Register will contain consecutively numbered pages, the full name and registration number of each person on duty, the employer of that person and the date and time he/she commenced duty and finished duty (verified by the individual's signature).
21. The Daily Record Register will be retained on the premises for a period of twelve months from the date of the last entry.
22. Security staff/designated supervisors will be familiar with the premises policy concerning the admission, exclusion and safeguarding of customers whilst in the premises.
23. The PLH/DPS will ensure that an Incident Report Register is maintained on the premises to record incidents such as anti-social behaviour, admissions refusals and ejections from the premises.
24. The Incident Report Register will contain consecutively numbered pages, the date time and location of the incident, details of the nature of the incident, the names and registration numbers of any door staff involved or to whom the incident was reported, the names and personal licence numbers (if any) of any other staff involved or to whom the incident was reported, the names and numbers of any police officers attending, the police incident and / or crime number, names and addresses of any witnesses and confirmation of whether there is CCTV footage of the incident.
25. The Incident Report Register will be produced for inspection immediately on the request of an authorised officer.
26. A policy for searching patrons at the entrance to premises will be adopted and prominently displayed on the premises.
27. The PLH/DPS will inform West Yorkshire Police as soon as practicably of any search resulting in a seizure of drugs or offensive weapons.

28. A suitable purpose-made receptacle for the safe retention of illegal substances will be provided and arrangements made for the safe disposal of its contents as agreed with West Yorkshire Police or British Transport Police.
29. Notices will be prominently displayed at the entrances of the premises which state:
- a search may be conducted as a condition of entry to premises;
 - incidents of crime and disorder will be reported to the police and a full recorded entry will be made in the incident report register;
 - entry to the premises will be refused to any person who appears to be drunk, acting in a threatening manner or is violent; or appears to be under the influence of drugs; and
 - entry will be refused to any person who has been convicted of an offence of drunkenness, violent or threatening behaviour or the use or distribution of illegal substances.
30. There will be a communication link via radio to other venues in the city centre. This will be the system recognised by the current Business Crime Reduction Partnership for the city, Leeds City Council and West Yorkshire Police.
31. Such communication link will be kept in working order at all times when licensable activities are taking place.
32. The communication link will be available to the Designated Premises Supervisor or other nominated supervisor and be monitored by that person at all times that licensed activities are being carried out.
33. Any police instructions or directions given via the link will be complied with whenever given.
34. All incidents of crime or disorder will be reported via the link to an agreed police contact point.
35. The PLH/DPS staff will ask for proof of age from any person appearing to be under the age of 21 who attempts to purchase alcohol at the premises.
36. The PLH/DPS staff will ask for acceptable evidence (as agreed by WYP/WYTSS) from any person appearing to be under the age of 21 who attempts to purchase alcohol at the premises.
37. Drinks, open bottles and glasses will not be taken from the premises at any time, except for genuine off sales. Empty bottles and glasses will be collected regularly and promptly. Glass and other sharp objects will be stored and disposed of safely using suitable receptacles. Receptacles will be secured and not accessible to the customers.
38. The PLH/DPS will prominently display notices which inform customers that open bottles or glasses may not be taken off the premises.
39. Plastic or toughened polycarbonate (or similar) glasses/bottles will be use when requested by WYP (e.g. on football match days).
40. The PLH/DPS will belong to a recognised trade body or Pub Watch Scheme where one exists, whose aims include the promotion of the licensing objectives.
41. The PLH/DPS will operate to a written dispersal policy (attached) which ensures the safe and gradual dispersal of customers from the premises. The policy will be agreed with WYP. The PLH/DPS will ensure that staff receive training on the policy.

42. From 18:00 daily, the first floor of the premises will be accessible only to customers who are dining, and the sale of alcohol shall be ancillary to food (with the exception of private hire events).
43. The first floor of the premises will be closed to customers at 02:00 daily to encourage gradual dispersal.
44. No entry shall be permitted to the premises after 02:00 Sunday to Thursday and 03:00 Friday to Saturday, (with the exception of returning smokers).
45. The management will come to an arrangement with a private hire taxi company who will offer a ring back service. Customers will be encouraged to wait inside for their taxis. Telephone numbers for the private hire taxi company will be displayed in a prominent position on the premises.
46. Hot food will be available at the premises until 03:30 on Fridays and Saturdays.
47. The maximum number of persons allowed in the premises at any one time (excluding staff) shall be 375.
48. Before opening to the public, checks will be undertaken to ensure all access to the premises are clear for emergency vehicles. Regular checks will be undertaken when the premises is open.
49. Written records of all accidents and safety incidents involving members of the public will be kept. These will be made available at the request of an authorised officer.
50. During opening hours the cellar door must be kept locked or adequately supervised to prevent unauthorised access by the public.
51. A suitably trained and competent person must ensure regular safety checks of the premises including decorative and functional fixtures, floor surfaces and equipment (including electrical appliances) to which the public may come into contact are undertaken. Records of these safety checks must be kept and made available for inspection by an authorised officer.
52. The Premises Licence holder will not allow the sale or supply of "Legal Highs" on the premises.
53. Empty bottles and glasses will be collected regularly paying particular attention to balcony areas and raised levels.
54. Electrical installations will be inspected on a periodic basis (at least every 3 years or at a frequency specified in writing) by a suitably qualified and competent person. Inspection records/certificates will be kept and made available at the request of an authorised officer. If used, any temporary electrical wiring and distributions will also be inspected. Inspection records/certificates will be kept. These will be made available at the request of an authorised officer.
55. One of the following protective measures shall be used for all socket-outlets which may be used for the connection for lighting, video or sound amplification equipment and display models:
 - a) Each socket-outlet circuit will be protected by a residual current device having a rated residual operating current not exceeding 30mA, or
 - b) Each individual socket-outlet will be protected by an integral residual current device having a rated residual operating current not exceeding 30mA.

The current operation of all residual current devices will be checked regularly by pressing the test button. If the device does not switch off the supply, an electrical contractor should be consulted. At the same time action should be taken to prohibit the use of socket outlets associated with a faulty residual current device.

56. Regular safety checks of guarding to stairs, balconies, landings and ramps will be undertaken, and a supervision policy will be maintained to prevent people from inappropriate behaviour, including climbing which may lead to a fall from height.
57. Safety glass that is impact resistant or shielded to protect it from impact will be used in all areas where the public may come into contact with it.
58. A written spillage policy will be kept to ensure spillages are dealt with in a timely and safe manner.
59. The premises shall have a current Fire Risk Assessment.
60. Members of the public will be prevented from accessing hot food and drink preparation areas to prevent risk of scald or burns.
61. A suitably trained First Aider or appointed person will be provided at all times when the premises are open.
62. Adequate and appropriate First Aid equipment and materials will be available on the premises at all times.
63. A procedure for dealing with unwell members of the public will be in place including those who appear to be affected by alcohol or drugs. Staff will be appropriately trained in such procedures.
64. A written health and safety policy covering all aspects of the safe use of strobes, lasers, smoke machines or any other special effects will be provided and staff will be appropriately trained.
65. No strobes, lasers or smoke machines will be used at the premises unless there is a clearly displayed warning at the entrance to the premises that such equipment is in use.
66. Licensable activities will be conducted and the facilities for licensed activities will be designed and operated so as to prevent a public nuisance being caused to those in adjoining properties.
67. Noise from a licensable activity at the premises will be not cause a public nuisance at the noise sensitive premises.
68. There will be no external loudspeakers.
69. Bottles will not be placed in any external receptacle after 23.00 hours and 07.00 hours to minimise noise disturbance to neighbouring properties
70. Noise from plant or machinery will not cause a public nuisance at the nearest noise sensitive premises during the operation of the plant or machinery. Plant and machinery will be regularly serviced and maintained to meet this level.
71. The activities of persons using the terrace area will be monitored after 23:00 hours and they will be reminded to have regard to the needs of local residents and to refrain from shouting and anti-social behaviour etc when necessary.

72. Signage will be displayed in the terrace area advising customers to keep noise to a minimum.
73. The PLH/DPS will adopt a “cooling down” period where music volume is reduced towards the closing time of the premises.
74. The PLH/DPS will ensure that litter arising from people using the premises is cleared away regularly and that promotional materials such as flyers do not create litter.
75. SIA registered door staff will be employed and used where queues are likely to form to manage the queues and ensure that they are restricted to cordoned areas to prevent them from obstructing footpaths and spilling out onto roads, and to keep noise and obstructions away from residential property.
76. The DPS and any door supervisors will monitor the activity of persons leaving the premises and remind them of their public responsibilities where necessary.

Black Swan, Call Lane, Leeds – Variation Application

Risk Assessment Statement

Style of Operation

Black Swan is a friendly, convivial pub, set in the heart of Call Lane. It is very much a food led premises. It has been trading as such since October 2014. The premises is owned and run by responsible and knowledgeable operators with vast experience of running premises both in Leeds and further afield; namely Sandanista Leeds and Manchester, Blind Tyger and Smokestack.

The food offering is split over two floors; with homemade sourdough pizzas served on the ground floor and a full restaurant menu inspired by fine British food served on the first floor. Example menus are included with this application.

As well as this, Black Swan is proud of its high quality, premium priced drinks offering, and wants its customers to be able to enjoy drinks at the premises both before and after eating. Furthermore, the premises is happy for customers to attend for the purposes of drinking only, in the hope that they will be encouraged to order pizzas, or be enticed to return to the premises in the future for a full meal.

Drinks are an important part of the offering, but food is the focus, with dedicated food and drink pairing events held on a regular basis. Certainly, this is not a vertical drinking venue and does not bring with it the associated problems with anti-social behaviour and crime and disorder. The premises provides extensive seating on both floors, and it is the consistent experience that customers who are drinking would always rather take a table and sit to enjoy the sophisticated and wide ranging offering.

Clientele

Being a food led pub premises as outlined above, the clientele is naturally more mature than those of other premises in the vicinity. The customers of Black Swan will attend the premises in small groups for food, drinks and to meet friends. They do not attend in large groups for extensive vertical drinking. The clientele are largely professionals; the premises does not attract students or other kinds of customers who cause the sorts of problems associated with the late night economy.

As such, the applicant is confident that the premises, by operating to later hours, simply does not have the propensity to contribute to the cumulative impact in the Call Lane area. It has traded successfully since October last year without giving rise to problems in terms of crime and disorder or anti-social behaviour.

However, the applicant of course appreciates that the premises is situated in the 'red zone' of the Leeds City Centre Cumulative Impact Area. We believe that the measures outlined below, combined with the nature of the premises, demonstrate the exceptional nature of this application, and are sufficient to justify the grant of this extension.

Capacity

The premises is currently subject to a maximum capacity of 450 (as per condition 34 of the current premises licence).

Should the extended hours applied for be granted, the applicant would be willing to reduce this maximum to a total of 375 persons excluding staff. Naturally a reduction in the number of people who can be catered for at the premises, and therefore a reduction in the number who will be dispersing will have the effect of reducing any cumulative impact.

Dispersal

Additionally, the premises will implement a detailed dispersal strategy, which will provide for managed gradual dispersal, lessening the impact on the area at any one time. Dispersal is presently managed by SIA registered door staff, despite the fact that there is no obligation on the licence for this to occur. The applicant would be willing to add a condition requiring a minimum of 1 SIA registered door supervisor to be employed at the premises from 21:00 until close Sunday – Thursday; a minimum of 2 SIA registered door supervisors from 21:00 until close Friday – Saturday.

An amended dispersal policy is attached, and the additional conditions detailed below will be offered.

The first floor area will be accessible only to diners from 18:00 onwards, and that the sale of alcohol will be ancillary to food (with the exception of private hire events). This ensures that the premises is genuinely food led, meaning that it is not the type of premises that generally causes concerns in respect of cumulative impact. This first floor dining area will then be closed at 02:00.

However, the ground floor will remain open, meaning that the number of customers dispersing at 02:00 will be less than is the case currently. In addition, given that all customers dispersing from the first floor will have been dining, the dispersal will naturally be very gradual as customers will leave when they have finished their meals.

The ground floor area will be permitted to carry on the sale of alcohol and provision of regulated entertainment until 03:00 Sunday to Thursday and until 04:00 Friday to Saturday, with an additional half an hour provided for dispersal and late night refreshment.

Furthermore, there will be a last entry time (with the exception of returning smokers) of 02:00 Sunday to Thursday and 03:00 Friday to Saturday. This will provide for a full hour and 30 minutes of dispersal, just for the ground floor area of the premises, again meaning that dispersal will be very gradual. Taking into account the closing of the first floor at 02:00, this will mean that dispersal is effectively taking place over a period of an hour and 30 minutes Sunday – Thursday and two hours and 30 minutes Friday – Saturday. We would submit that this is truly exceptional.

We would further submit that such gradual dispersal will actually lessen the cumulative impact in the area. Currently, customers disperse from both floors at 02:00. This means that a large number of customers are directed onto Call Lane at once at a sensitive time, when police officers are changing shifts. Furthermore, these customers may not leave the Call Lane area, but rather migrate to other premises that are still open.

As such, we are confident that it would be preferable for Black Swan's customers to remain in the relaxed, seated environment of the premises, until such a time as they naturally decide to end their night and leave the area entirely. Providing extended opening hours gives these customers that option.

Furthermore, the premises will come to an arrangement with a private hire taxi company who will operate a ring back service. Customers will be encouraged to wait inside for their taxis, and indeed will be provided with ample time in which to do so by virtue of the extended dispersal period.

Late Night Refreshment

The premises will provide pizzas (whole or by the slice) in the ground floor area until 03:30 on Friday – Saturday. Our pizzas are very popular and are always in demand. This late night food offering will differentiate us from the other premises in the area, which are alcohol led. The effect of this will be that our customers will not leave the premises at the end of the night and migrate to late night takeaways. They will be able to enjoy the food offering whilst remaining on the premises and waiting for their taxis.

Operating Schedule

The current conditions attached to the licence are lengthy, with many being outdated or redundant. This new premises licence application seeks to replace these with an up to date schedule, which incorporates all the relevant conditions of the existing premises licence, together with the additional conditions referred to above. As such, we submit that the result will be a much clearer and much more comprehensive licence which clearly demonstrates how the premises will operate to the additional hours without adding to the cumulative impact in the area.

Temporary Event Notices

Finally, we are confident that the extended opening hours will not cause problems in the area not only because of the extensive measures that we have devised, but also because the premises has experience in operating to these hours.

The premises has had the benefit of Temporary Event Notices permitting licensable activities until 04:00 plus 30 minutes dispersal on the following dates this year:

- 23 – 25 January
- 30 January – 1 February
- 6 – 8 February
- 12 – 14 February
- 20 – 22 February
- 27 February – 1 March
- 2 – 3 April

- 5 – 6 April
- 3 – 4 May

No representations were submitted in respect of these TENs, and no complaints were received or issues raised by any responsible authority following these dates. As such, the premises can clearly trade to these hours without adding to the cumulative impact, which again demonstrates the exceptional nature of this application.

BLACK SWAN, CALL LANE

DISPERSAL POLICY

The purpose of this Dispersal Policy is to ensure, so far as it is possible, that minimum disturbance or nuisance is caused to our neighbours and to ensure that the operation of the premises makes the minimum impact upon the neighbourhood in relation to potential nuisance and anti-social behaviour. This will be achieved by exercising pro-active measures towards and at the end of the evening.

By ensuring that this Dispersal Policy document is brought to the attention of Management and Staff we will seek to encourage the efficient, controlled and safe dispersal of our patrons during our closing period.

1. At the end of the evening management and staff will assist with the orderly and gradual dispersal of patrons.
2. Staff Members (including door personnel when employed) will advise patrons to leave the premises quickly and quietly out of respect for our neighbours.
3. Notices will be displayed requesting our customers to leave quietly and in an orderly manner out of consideration to neighbours and their attention will be drawn to these notices by members of staff.
4. We will ensure the removal of all bottles and drinking receptacles from any patron before exiting the premises (this does not apply in the case of consumption in any delineated external drinking area).
5. We will actively discourage our customers from assembling outside the premises at the end of the evening.
6. There is a condition on the licence which requires that the first floor of the premises will be closed to customers at 02:00 daily to encourage gradual dispersal.
7. There is a condition on the licence which requires that no entry be permitted to the premises after 02:00 Sunday – Thursday and 03:00 Friday – Saturday.
8. There is a condition on the licence which requires that an arrangement be reached with a private hire taxi company who operate a ring back service. Customers should be provided with this information, and should be encouraged to wait inside for their taxis.
