

Report of the Deputy Chief Executive

Report to Executive Board

Date: 21st October 2015

Subject: Financial Health Monitoring 2015/16 – Month 5

Are specific electoral Wards affected? If relevant, name(s) of Ward(s):	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
Are there implications for equality and diversity and cohesion and integration?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
Is the decision eligible for Call-In?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No
Does the report contain confidential or exempt information? If relevant, Access to Information Procedure Rule number: Appendix number:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No

Summary of main issues

1. The purpose of this report is to inform the Executive Board of the financial health of the authority in respect of the revenue budget and the Housing Revenue Account (HRA).
2. The 2015/16 financial year is the second year covered by the 2013 Spending Review and again presents significant financial challenges to the Council. In terms of the medium-term financial strategy, it is clear that the Government's deficit reduction plans will extend through to at least 2019/20, with the announced reductions in public expenditure meaning that further savings will be required. A report outlining the Council's 2016/17 to 2019/20 Financial Strategy is also on the agenda for the October Executive Board.
3. Executive Board will recall that the 2015/16 general fund revenue budget provides for a variety of actions to reduce spending by £45m. It is clear that action is taking place across all areas of the Council and also that significant savings are being delivered in line with the budget. However, after 5 months of the financial year the year-end forecast is for an overall overspend of £3.48m which represents a favourable movement of £0.87m compared to the previous month. The key pressures continue to be in the demand-led budgets and specifically those supporting children in care.
4. An overspend of £3.48m on the revenue budget in the current financial year, and consequential call on general reserves, is not sustainable given the anticipated reduction in government funding and financial challenges in the coming years. All

Directors have therefore been asked to implement the directorate budget contingency plans and tasked with identifying and implementing any further actions to bring the budget into a balanced position by March 2016. References to these plans and actions are included within the relevant directorate at section 3.2 and will be confirmed for inclusion in the half-year financial health report.

5. At the end of month 5 the HRA is projecting a surplus of £0.47m.

Recommendations

6. Members of the Executive Board are asked to note the projected financial position of the Authority for 2015/16.

1. Purpose of this report

- 1.1 This report sets out for the Executive Board the Council's projected financial health position for 2015/16 together with other key financial indicators.
- 1.2 Budget management and monitoring is a continuous process throughout the year, and this report reviews the position of the budget after 5 months of the financial year and also comments on the key issues impacting on the overall achievement of the budget for the current year.

2. Background information

- 2.1 Executive Board will recall that the net budget for the general fund was set at £523.78m, supported by the use of £1.4m of general fund reserves.
- 2.2 The balance of general reserves at April 2015 was £22.3m and when taking into account the budgeted use of £1.4m in 2015/16 will leave an anticipated balance at March 2016 of £20.9m.
- 2.3 Financial monitoring continues to be undertaken on a risk-based approach where financial management resources are prioritised to support those areas of the budget that are judged to be at risk, for example the implementation of budget action plans, those budgets which are subject to fluctuating demand, key income budgets, etc. In 2015/16 we have reinforced this risk-based approach with specific project management based support and reporting around the achievement of the key budget actions plans.

3. Main Issues

- 3.1 At month 5 of the 2015/16 financial year a forecast year-end overspend of £3.48m is projected as shown in the table below.

Directorate	Director	(Under) / Over spend for the current period				Previous Month (under)/over Spend
		Staffing	Total Expenditure	Income	Total (under) /overspend	
		£000	£000	£000	£000	£000
Adult Social Care	Cath Roff	(2,273)	318	309	627	632
Children's Services	Nigel Richardson	(1,854)	3,866	(1,050)	2,816	3,068

Total Current Month		(8,080)	4,708	(1,233)	3,475	4,350

3.2 The key issues are outlined below.

3.2.1 **Adult Social Care** – The directorate is currently projecting an overspend of £0.6m, which is 0.3% of the net managed budget. The overall projection at month 5 is unchanged from the previous month, although there are some changes across the main budget heads. The projected staffing underspend has increased by £0.7m to £2.3m which reflects further contingency savings being identified. These savings however have been offset by a forecast increase in costs for community care packages and transport. There continues to be some risks within the overall budget, mainly relating to the activity levels within the community care budget and progress over the coming months in delivering key budget action plans.

The year-end projection recognises some slippage and likely non-achievement of planned savings on some of the most challenging budget action plans. In addition, although there is some slippage in delivering the specific actions associated with savings of £2.8m within the community care packages budget, this has been largely offset by savings through continued careful management of care plan approvals. The year-end projection also recognises a £1m risk in respect of the revenue funding for community intermediate care beds from health which is now unlikely, but contingency plans are being developed and the projection assumes that these will offset the potential shortfall.

The month 5 projection also recognises pressures of £1.2m in the budgeted saving from reviewing grants and contracts with third sector providers, and also £0.4m on transport. There is also slippage of £0.7m in respect of the charging review will occur as any changes will not now take place until April 2016. These pressures are largely offset by the anticipated savings on staffing and by additional grant income.

The Directorate continues to identify and implement contingency actions. It is anticipated that further staffing savings of £0.2m and running expenses savings of £0.1m can be delivered by the year-end. In addition, further work is being undertaken to evaluate the maximising of potential budget action plan savings, which at this stage of the year, coupled with the above actions on staffing and running costs, is anticipated to be sufficient for the delivery of a balanced budget overall by the year end.

3.2.2 Children's Services – overall, the Directorate is forecast to overspend by £2.82m, or 2.3% of its net managed budget. This represents a favourable movement of £0.25m from the month 4 position. The forecast pressure on the children looked after related budgets, has improved by £0.5m this month, mainly due to the changing mix of placement provision. At the end of August 2015 there were 1,249 children in care which is an overall increase of 8 in the month. Externally provided residential placements have reduced by 2 this period to 49 and placements with Independent Fostering Agencies have reduced by 25 to 235. However, the month 5 projection does recognise some increased activity in other children looked after related budgets, most notably in-house foster care and direct payments.

In respect of staffing, the directorate is projecting an underspend of £1.9m. The year-end forecast recognises slippage in the recruitment plans for services funded from the Innovations Fund [£1.6m], a forecast underspend on Children's Centre staffing [£0.8m] and a forecast overspend on Youth Services [£0.4m]. The directorate is also targeting a £0.5m underspend on the agency staffing budget of which £0.3m relates to implementation of the in-year contingency plan. Staff turnover and an in-year pause on recruitment are forecast to deliver £0.5m of savings by the end of the financial year.

The 2015/16 budget includes £3.15m of savings from service transformation across Children's Services against which the Directorate is currently forecasting a year-end overspend of £0.6m.

In addition, the 2015/16 budget includes £0.83m of anticipated savings around demand management, particularly around the transport needs of children with Special Educational Needs. At this stage £0.5m is anticipated to be at risk, particularly around the demand for transport children and young people with special educational needs. The year-end projection already recognises £0.5m pressure due to increased demand for SEN transport. There is a significant risk that the budget will come under further pressure in the second half of the year due to changes in SEN provision away from in house to externally commissioned placements.

In addition to the contingency plans already reflected in the projection, a case by case review of placements is continuing and working towards safely and appropriately reducing externally provided residential and fostering placements to 38 and 200 respectively by March 2016.

Other options are also being considered with a view to reducing the projected overspend and, once costed, will be incorporated in the half-year projection. In addition to the recruitment pause on many vacant posts, maximising the innovations fund and restricting expenditure on supplies and services there is further review of ELI requests which could save a further £0.1m if implemented for part of the year, a review of unspent direct payments for care packages that will require the repayment of unspent balances (this could potentially deliver £0.1m of repayments) and maximising improvement activity income, bringing in another £50k. These options could increase the contingency by a further £0.25m above the £1.15m already reflected in the projection.

3.2.3 City Development - the month 5 forecast is that the directorate will spend within the £51.9m net managed budget. A key change since the previous month is a reduction in the forecast overspend for Asset Management of £0.1m which reflects further staffing savings. The year-end projection for the directorate continues to

anticipate achieving further savings across the budget to offset the forecast risks, and these savings are shown within the Resources and Strategy forecast until the details have been agreed. The year-end balanced projection also assumes that the directorate will receive additional one off income in achieving its balanced position. Some slippage on the delivery of the budget action plans around increased advertising income is anticipated and the forecast recognises that the community asset transfer proposals are unlikely to progress resulting in a potential shortfall of £0.14m.

The Directorate is already closely managing recruitment and spend in order to ensure that the Directorate does not overspend this year but it will look to make further savings from a wider freeze on recruitment subject to operational needs, reducing discretionary spend during the remainder of the financial year and reviewing fees and charges. Whilst there are still potential risks, particularly around income and some budget actions still to be delivered, there is the potential to deliver additional savings of around £0.2m.

3.2.4 Environment & Housing – overall the directorate is forecasting a year-end underspend of £0.96m against its £61.2m net managed budget. The main area of underspend relates to car parking where, through a combination of staffing savings and additional fee income from both off and on-street, an underspend of £0.6m is projected. In other areas of the directorate, Waste Management are anticipating a marginal overspend of £0.1m and Community Safety are forecasting a saving of £0.15m, with the latter being due to savings on staffing offset by reduced charges to the Housing Revenue Account and other minor pressures.

3.2.5 Public Health - the allocation of the main ring-fenced Public Health grant funding for 2015/16 was frozen at 2014/15 levels at £40.5m. In addition, the responsibility for the 0-5 years services which include health visiting services and Family Nurse Partnership, will transfer to the Council from October 2015 with further funding of £5m.

On the 4th June 2015, Government announced a national £200m in-year reduction in the 2015/16 for the Public Health grant. At the end of July Government issued a 4-week consultation with a closing date of 28th August with a preferred option, based on ease of implementation, of a flat-rate cut across all local authorities, regardless of local needs and circumstances, for Leeds, this would amount to a funding cut of £2.8m. This would equate to a 7% cut of the current public health budget prior to the planned transfer in October 2015 of the commissioning responsibilities for health visiting services.

In anticipation of a reduction in government grant, the month 4 financial health report to the Executive Board included a range of potential savings totalling some £2.2m which will be implemented when the outcome of the consultation is announced.

3.2.6 Strategy & Resources – the Directorate is forecasting a potential overspend of £0.14m against its budget which is due to a forecast shortfall of income [£0.1m] in the Projects, Programmes and Procurement Unit and also an anticipated reduction in court fee income in Financial Services [£0.1m]. These pressures are offset by a forecast underspend of £0.05m in Human Resources. Across the remainder of the Directorate, services are on track to deliver against its budget action plans.

Work is continuing across the Directorate and the latest indications are that actions can be taken to bring the Directorate in under budget by year end. An underspend of £200k is being targeted.

3.2.7 Citizens & Communities – at this stage in the financial year the directorate is expecting to deliver the budgeted level of savings and deliver an underspend of £0.07m. Many of the required budget action plans have already been implemented and achieved and in all cases work is progressing to achieve the required savings.

3.2.8 Civic Enterprise Leeds (CEL) – the bottom-line year-end forecast for CEL is to overspend by £0.3m primarily due to an anticipated overspend across school catering services of £0.17m as the result of a shortfall on the expected increase in the number of meals, and also a potential £0.15m overspend on property cleaning due to delays in implementing a reduced cleaning specification and realising the associated savings.

An action plan is being developed to bring the projected overspend back to a balanced position and it looks likely that further savings from 'Better Business Management' within the Business Support Centre will significantly contribute to this.

3.2.9 Strategic & Central budgets - overall, the strategic & central budgets are forecast to overspend by £0.6m, although there are a number of key variations within this figure.

- i) The Business Rates Retention Scheme came into effect in April 2013 and significantly changed the system of financing local government. In terms of business rates income, whilst there has been some growth, this has been offset by the impact of successful valuation appeals and other reductions to the rating list, either through closure, Valuation Office reviews or other appeals against the rating list. Whilst the impact of major variations in business rates income is managed through a collection fund and therefore will impact on future years, there will be an impact on the levy payment to the business rates pool which is budgeted for within the general fund. Based on the latest business rates information, we are anticipating a levy payment of £1.8m in 2015/16 which is £1m less than the budget.
- ii) An additional £1.3m of savings to the revenue budget are anticipated in 2015/16 through the additional capitalisation of eligible general expenditure (£0.3m) and eligible spend in schools budgets (£1m).
- iii) The 2015/16 budget included a £1.2m action plan in respect of reviewing and reducing directorate spend outside of council contracts. Work is on-going to realise these savings however it is anticipated that £0.6m of the savings will slip into future financial years. In addition, the forecast on the strategic budget recognises that £0.5m of the £1m corporate procurement target will be achieved through Directorate budgets.
- iv) New Homes Bonus is a funding mechanism rewarding councils that increase the number of occupied homes within their areas. The reward effectively doubles the amount of Council Tax for every new home built or empty home brought back into use, and is payable for six years. The 2015/16 budget assumes some £18.5m in respect of New Homes Bonus. At month 5, the forecast recognises an anticipated shortfall of £0.4m.

- v) In addition, there is a potential reduction in section 278¹ income of approximately £1.5m which reflects lower development activity than anticipated.

3.2.10 Additional information across the range of budget action plans, other risk areas and forecast budget variations can be found in the financial dashboards at appendix 1.

3.3 Other Financial Performance

3.3.1 Council Tax

The current Council Tax in-year collection rate stands at 46.01% which continues to be marginally ahead of the performance in 2014/15. The year-end forecast is to achieve the 95.7% target collection rate, collecting some £283m of income in the year.

3.3.2 Business Rates

The current Business Rates collection rate stands at 47.96% which is in line with the performance at this point in 2014/15. The year-end forecast is to achieve the 97.7% target collection rate, collecting some £378m of business rates income. However, whilst collection rates continue to be on target, as mentioned at paragraph 3.2.9, there is a significant issue around the total income to be collected and specifically the high number and backdating of business rates appeals. The financial impact of these will manifest through the collection fund and therefore will impact on the 2016/17 financial strategy.

3.3.3 Prompt payment of Creditors

The current performance for the prompt payment of invoices processed within 30 days is 92.68% which compares favourably against the target of 92%.

4. Housing Revenue Account (HRA)

4.1 After 5 months of the financial year the Housing Revenue Account is forecasting a net surplus of £0.47m against the 2015/16 budget.

4.2 Overall income is projected to be £0.6m more than the budget which is primarily due to additional rent income of £0.3m, along with additional income from service charges and other income. Savings of £0.3m are forecast in relation to employees, which is primarily due to vacant posts.

4.3 The HRA financial dashboard is included at appendix 1.

5. Corporate Considerations

5.1 Consultation and Engagement

5.1.1 This is a factual report and is not subject to consultation

¹ The Council receives income from developers to fund highways works which are required for new development schemes. These are known as section 278 agreements and the Council's 2015/16 revenue budget provides for income of £5.2m for such schemes.

5.2 Equality and Diversity / Cohesion and Integration

5.2.1 The Council's revenue budget for 2015/16 was subject to Equality Impact Assessments where appropriate and these can be seen in the papers to Council on 25th February 2015.

5.3 Council Policies and Best Council Plan

5.3.1 The 2015/16 budget targeted resources towards the Council's policies and priorities. This report comments on the financial performance against this budget.

5.4 Resources and Value for Money

5.4.1 This is a revenue financial report and as such all financial implications are detailed in the main body of the report.

5.5 Legal Implications, Access to Information and Call In

5.5.1 There are no legal implications arising from this report.

5.6 Risk Management

5.6.1 Budget management and monitoring is undertaken on a risk-based approach where financial management resources are prioritised to support those areas of the budget that are judged to be at risk, for example the implementation of budget action plans, those budgets which are subject to fluctuating demand and key income budgets. To reinforce this risk-based approach, specific project management based support and reporting around the achievement of the key budget actions plans is in place from 2015/16.

6. Recommendations

6.1 Executive Board are asked to note the projected financial position of the Authority for 2015/16.

7. Background documents¹

7.1 **None**

¹ The background documents listed in this section are available to download from the Council's website, unless they contain confidential or exempt information. The list of background documents does not include published works.

ADULT SOCIAL CARE

FINANCIAL DASHBOARD - 2015/16 FINANCIAL YEAR

Month 5

Overall narrative

The directorate is currently projecting an overspend of £0.6m, which is 0.3% of the net managed budget. The overall projection is unchanged since Month 4, although there are some changes across the main budget heads. The projected staffing underspend has increased by £0.7m reflecting further contingency savings being identified. This has been offset by increased costs within the budgets for community care packages and transport.

There are some risks associated with this projection, mainly relating to the activity levels within the community care budget and progress over the coming months in delivering key budget action plans. Some slippage and likely non-achievement of planned savings has been identified on some of the most challenging budget action plans. Although there is slippage in delivering the specific actions associated with savings of £2.8m within the community care packages budget this has been largely offset by savings through continued careful management of care plan approvals. £1m relates to revenue funding for community intermediate care beds from health which is now unlikely, but contingency plans are being developed and the projection assumes that these will offset the shortfall. The current projection is for shortfalls of £1.2m in the budgeted saving from reviewing grants and contracts with third sector providers and £0.4m on transport. Slippage of £0.7m on the charging review will occur as any changes will not now take place until April 2016. These pressures are largely offset by projected underspends on staffing and grant income, further details of which are outlined below.

The main variations at Month 5 across the key expenditure types are as follows:

Staffing (-£2.3m – 3.1%)

Savings due to vacancies within the care management, reablement and Telecare services amount to £0.8m. Within older people's residential care staffing savings of £0.5m reflect the closure of Primrose Hill and the Roseville laundry earlier than was anticipated when the 2015/16 budget was set. Savings of £0.8m are projected in commissioning services, resources and strategy, health and wellbeing and care reform services due to staff turnover and careful vacancy management.

Transport (+£0.4m – 8.2%)

The budgeted savings have not yet been identified, but work is ongoing in conjunction with Passenger Transport Services.

Grants and contracts (+£0.8m – 5.8%)

Savings of £1.5m have been budgeted from third sector spend through a combination of reviewing contracts and the small number of grants, and reviewing the scope for some modest charges to be introduced by these organisations. Through a review of these areas savings of £0.7m have been identified without impacting on the delivery of services by the third sector. Work is continuing to assess the scope for any further savings.

Community care packages (+£0.8m – 0.5%)

The main variation relates to residential and nursing care placements. Those relating to older people are currently running below budget but those for people with mental health needs and particularly those with complex physical impairments are exceeding the budget provision. These cost pressures relate mainly to a relatively small number of customers with very high cost care packages. Independent sector domiciliary care, the learning disability pooled budget and direct payments are slightly higher than budgeted, but this is largely offset by a projected underspend on supported accommodation.

Income (+£0.3m – 0.4%)

There is a small income shortfall due to the closure of Primrose Hill residential home earlier than was expected and there is some slippage on the charging review budget action plan. Additional government grant income of £0.5m relates to deprivation of liberty safeguarding and delayed transfers of care.

FINANCIAL DASHBOARD - 2015/16 FINANCIAL YEAR

Month 5

Key Budget Action Plans and Budget Variations:			Lead Officer	Additional Comments	Action Plan Value	RAG	Forecast Variation against Plan/Budget
A. Key Budget Action Plans					£m		£m
1.	Reablement service	L Ward	Targets set for increased referrals that will reduce the demand for community care services		0.3	G	0.0
2.	Impact of telecare	L Ward	Targets for increased telecare installations to reduce the demand for community care services		0.5	G	0.0
3.	Review of high cost mental health care packages	M Naismith	Clear strategy for achieving savings including targeting of high cost providers, but delivery not yet fully evidenced		0.7	A	0.4
4.	Review of high cost physical disability care packages	J Bootle / M Naismith	Targeting high cost providers. Review capacity required.		0.2	A	0.1
5.	Review of mental health cases (CHC and Section 117)	M Naismith	Target saving considered difficult to achieve, but work ongoing to identify all the actions that can be taken.		0.3	R	0.3
6.	Reduce growth in learning disability pooled budget	J Wright / M Naismith	Actions include reviewing care packages and reviewing the local authority that has responsibility for cases in the light of the Care Act. Monitoring of savings arising from these actions is quite difficult.		1.2	G	0.0
7.	Reducing care costs through innovation	J Bootle	Work to deliver underway, including reviews of packages, better use of technology and staff training. Monitoring of savings arising from these actions is quite difficult.		2.0	R	2.0
8.	Transfer of home care packages to independent sector	D Ramskill	Plans in place to deliver through staff turnover and ELI		0.9	G	0.0
9.	Home care Better Care Fund scheme	S Hume	Business case being developed to calculate/evidence contribution from Health. Report then to be produced to enable detailed negotiations with Health		3.0	G	0.0
10.	Health Funding	S Hume	Funding received and the need for additional spend in addition to that budgeted in 2015/16 is minimal		5.9	G	0.0
11.	Community Intermediate Care beds	S Hume	Original plan for revenue payment from Health re LCC capital to build new units now unlikely to be achieved. Contingency actions being developed.		1.0	R	1.0
12.	Transport	J Suddick	Delivery of savings not yet evident		0.4	R	0.4
13.	Review of contract/grant arrangements including Supporting People	M Ward	£1m of savings identified with good delivery plans associated with them. Remainder looking difficult to achieve at this stage.		2.0	R	1.2
14.	Charging and Income Collection	A Hill	Dependent on the outcome of customer consultation over the summer. Some slippage in the timetable but contingency savings identified.		0.9	R	0.7
B. Other Significant Variations							
1.	Staffing	Various	Savings within Access and Care Delivery relate to care management, business support, reablement, telecare and the closure of Primrose Hill residential home earlier than budgeted.				-2.3
2.	Community care packages	J Bootle	Although there has been slippage in delivering the specific actions within Budget Action Plans, the resulting pressures have been largely contained within the overall community care budget through careful budget management.				-1.7
3.	Community Intermediate Care beds - contingency actions	S Hume	Options being explored to address the likely non-achievement of the CIC bed plan, namely a reprioritisation of existing funding plans, and slippage on integration schemes				-1.0
4.	Service user income	S McFarlane	Client contributions are higher than budgeted and this is partly offsetting the slippage in the charging review.				-0.2
5.	Grant income	S McFarlane	Grants for deprivation of liberty safeguarding and delayed transfers of care				-0.5
6.	Other income	Various	Includes slippage on some minor Budget Action Plans and reduced income relating to staffing underspends				0.3
Adult Social Care Directorate - Forecast Variation							0.6

CHILDREN'S SERVICES

FINANCIAL DASHBOARD - 2015/16 FINANCIAL YEAR

MONTH 5

Overall

The Directorate is highlighting an overall potential year end overspend of £2.82m which equates to 2.3% of the Directorates Net Managed Budget and represents a favourable movement of £250k from the last period.

CLA Obsession

Overall the financial projections for CLA related spend have improved by £0.5m this month. At the end of August there were 1,249 CLA - an overall increase of 8 from P4. External residential placements have reduced by 2 this period to 49 and IFA placements have reduced by 25 to 235. A case by case review of external placements is working towards safely reducing external residential and IFA placements to 38 and 200 respectively by the end of the financial year. However, P5 has also seen increased activity in other CLA related budgets (notably in-house foster care and direct payments).

Staffing

Overall the Directorate is projecting a year end underspend across staffing of approximately £1.9m. down from a £2.3m projected underspend in P4 as in overall terms the staffing costs for the directorate rose by £100k this month. The year end forecast is primarily accounted for by slippage in the recruitment plans for services funded from the Innovations Fund £1.6m, a forecast underspend on Children's Centre staffing of £0.8m and a forecast overspend on Youth Services of £0.4m. The directorate is also aiming to deliver a £0.5m underspend on agency staffing of which £0.3m relates to implementation of the in-year contingency plan. Staff turnover and an in-year pause on recruitment is forecast to deliver a further £0.5m of savings by the end of the financial year.

Service Transformation

The 2015/16 budget includes £3.15m of savings from service transformation across Children's Services against which the Directorate is currently forecasting a year-end overspend of approx. £0.6m.

Transport

The 2015/16 strategy includes £0.83m of anticipated savings around demand management, particularly around the transport needs of children with Special Educational Needs. At this stage £0.50m is anticipated to be at risk. Demand around SEN transport remains a major concern and the Transport Action Plan is therefore deemed a key risk.

Partnerships/Trading

At this stage, the action plans around rationalising/trading the learning improvement service are projected to be delivered in full.

**CHILDREN'S SERVICES
FINANCIAL DASHBOARD - 2015/16 FINANCIAL YEAR
MONTH 5**

Key Budget Action Plans and Budget Variations:						
	Lead Officer	Additional Comments	Action Plan Value £m	RAG	Forecast Variation £m	
A. Key Budget Action plans (BAP's)						
1.	Children Looked After (CLA) Placements - reducing the need for children to be in care	Steve Walker	At 31/3/15 the active cohort of CLA stood at 1, 270, down 70 from the position at 31/3/14 (1,340) but 40 greater than assumed within the budget. At P5 the CLA cohort stands at 1,249 - main issue continues to be dependency on external residential placements (49) and Independent Fostering Agency placements (235)	7.00	R	3.50
2	Service Transformation/Redesign	Steve Walker	£3.15m savings from service re-design & Early Leavers Initiative (£2.15m) and exploration of joint/co-funding from key partners (£1.00m) to support devolvement of preventative/targeted services to localities. Discussions on-going with partners re joint funding of multi-agency teams; ELI driving staffing savings through post deletions and service reconfiguration - slippage anticipated	3.15	R	0.60
3	Reduction/reconfiguration of Youth Services (recommissioning of targeted Information & Advice contract and In-house Youth Services)	Andrea Richardson	£3.05m savings from re-commissioning of the Targeted Information & Advice Contract (£1.35m) and reducing in-house provided Youth Services (£1.70m). Commissioning target delivered - pressure of circa £0.6m anticipated (£0.45m staffing; £0.10m running costs & £0.05m activity centre income).	3.05	A	0.50
4	Reconfiguration of Children's Centres (including Family Support & Parenting Team & Early Help Commissioned Services)	Andrea Richardson	Slippage in plans to re-configure Children's Centres and associated services circa £1.3m; ongoing discussions with partners re joint funding of Children's Centre services	2.16	R	0.00
5	Learning Improvement - reconfiguration and/or further trading	Paul Brennan	New "Leeds for Learning" web-site implemented enabling schools to enrol/subscribe for services on-line and services to track demand and inform marketing strategy. Services aiming to deliver through combination of vacancy management and increased trading - no slippage anticipated at this stage.	1.00	G	0.00
6	Transport -savings through reducing demand (Independent Travel Training) and general efficiency savings	Sue Rumbold	Team continue to actively work on Independent Travel Training element of savings (circa £330k) - potential pressure around SEN & GRT transport	0.83	A	0.50
7	Partner Heads/active schools/	Paul Brennan	Original plans put on hold pending the outcome of on-going consultation with schools forum (see 9 below)	0.25	A	0.25
B. OTHER SIGNIFICANT VARIATIONS						
8	"A life Ready for Learning" - development/agreement of proposals for co-funding from Schools/Health	Paul Brennan	Joint funding proposal around devolvement of early intervention/targeted services to clusters (including Childrens Centres services and Youth Services) agreed by Schools Forum in June).	0.00	A	(1.00)
9	Agency Staffing	Paul Brennan	Directorate on track to deliver £0.2m saving on agency staffing based on current activity and aims to deliver a further £0.3m reduction in spend through implementation of in-year contingency plan	0.00	A	(0.50)
10	In-year Contingency Plan	Various	Implementation of in-year contingency plan to pause recruitment, reduce spend on supplies and services and further maximise spend against Innovations Fund and other income sources	0.00	A	(1.15)
11	Other Variations		Indications are that favourable outturn variation in Vine income for 14/15 will re-materialise in 2015/16 (220k) but there will be a pressure of circa £250k on income generated by the Trading Services Team within Partnerships	0	A	0.12
Children's Services Directora					2.82	

CITY DEVELOPMENT

FINANCIAL DASHBOARD - 2015/16 FINANCIAL YEAR

MONTH 5

Overall

The month 5 forecast variation for City Development Directorate is that the Directorate will spend within the £51.9m net managed budget. The main changes since Period 4 are that the overspend projected for Asset Management has decreased by just over £100k reflecting further staffing savings. The Directorate continues to anticipate achieving further savings across the Directorate to offset its overspends, with the savings being shown in Resources and Strategy until the details have been agreed. It is also projected that the Directorate will receive additional one off income in achieving its balanced position.

Staffing

An underspend of just over £733k is projected. The budgeted reduction in FTEs has been achieved following over 100 staff leaving the Directorate through the Early Leaver Initiative scheme in the final quarter of 2014/15. Vacancies will continue to be closely managed during the year to ensure that further savings are realised. **Income** - the forecast position is an underachievement of £245k and this is mainly due to a projected shortfall in advertising and other income in Asset Management and in Sport offset by additional income in other services.

Planning and Sustainable Development

Planning and Sustainable Development is forecast to spend within budget. Staffing is currently expected to slightly overspend as the budgeted vacancy factor is not quite achieved. The service is still experiencing high volumes of planning applications and workloads and at Period 5 planning and building fee income is £2,069k against the phased budget of £1,950k. Overall, income is projected to be in line with the budget for the year.

Economic Development

Economic Development is forecast to spend within budget. The main risk area is the level of income and expenditure at Kirkgate Market, particularly with the commencement of the re-development scheme. Income at Kirkgate Market is currently in line with the budgeted assumptions.

Asset Management and Regeneration

Asset management is forecast to overspend by £377k. Staffing is projected to underspend by £440k as a result of a number of vacant posts. A shortfall in income of £1,149k is forecast, mainly due to longer lead in times required to secure new income from various budget initiatives including new commercial property acquisitions, additional advertising income and income from operating additional car parking at the Leeds International Pool site. Although all these are progressing income will be less than the budgeted assumptions this financial year.

Highways and Transportation

Highways and Transportation is forecast to spend within budget with an underspend on staffing and additional spend on premises and supplies and services offset by additional income mainly as a result of additional spend on contractors reflecting the increase in work that the service is managing.

Libraries, Arts and Heritage

The service is projected to overspend by £103k. The overspend is as a result of some budget actions not progressing as quickly as reflected in the budget.

Sport and Active Recreation

The service is expected to spend within budget with a shortfall in income of £272k expected to be offset by expenditure savings including savings on energy costs.

Resources and Strategy

The service is projected to have an underspend of £411k. A Directorate staff saving target of £300k is currently included in the Resources and Strategy budget together with saving targets for the Better Business Management work stream. These saving targets will be allocated to individual services during the year and overall further savings in staffing and supplies and services are expected across the Directorate together with additional one-off income. These are currently shown as an additional underspend in Resources and Strategy.

CITY DEVELOPMENT

FINANCIAL DASHBOARD - 2015/16 FINANCIAL YEAR

MONTH 5

Key Budget Action Plans and Budget Variations:

		Lead Officer	Additional Comments	Action Plan Value	RAG	Forecast Variation against Plan/Budget
A. Budget Action Plans				£'000		£'000
1.	Efficient and enterprising Council - Reduction in asset running costs	Ben Middleton	Mostly savings on Merrion rent and on schedule to be delivered. Merrion purchase completed end of May.	560	G	0
2.	Dimming/switching off street lights	Gary Bartlett	A further report on delivery options being produced for discussion with the Executive Member. A possibility that an Executive Board report may be required. Proposals may need to include invest to save initiative. Other savings expected to make up any shortfall.	300	A	0
3.	Staff savings through ELIs and vacancies	Ed Mylan	ELI reductions managed across directorate. FTE reductions achieved following a number of ELI leavers at the end of March.	680	G	0
4.	Joint working with WYCA and City Region efficiencies	Tom Bridges	Leeds and Partners now wound up and new arrangements put in place which will deliver the budgeted savings. The budgeted £250k contribution from L&P reserves has been received.	950	G	0
5.	New income in Asset Management including increased income from advertising from 2 new advertising towers, new commercial property acquisitions and income from establishing a temporary car park on the LIP site	Chris Gomersall/Ben Middleton	JC Decaux progressing with the new sites including discharging the planning conditions. They are also progressing with awarding appropriate contracts. Determination period a min of 8 weeks, construction 4-6 mths. Earliest 'go live' date estimated end Oct. Max potential income 15/16 is £100k. Harper St car park purchased, additional acquisition being explored. LIP car park expected to open in August/September 2015.	700	R	620
6.	Increased income Planning and Building Control	Tim Hill	Pre-application planning charges have been implemented and there is an increased income target for building control. Additional income is also assumed from the Community Infrastructure Levy to fund administration costs.	300	G	0
7.	Other additional income from fees and charges/VAT exemption and changes in volumes	Various CO's	Proposed price increases have been implemented. Some risks in terms of the increases in volumes but this will be monitored during the year.	810	A	0
8.	Arts grant reduction - new funding arrangements	Cluny MacPherson	New grant allocations will deliver the savings. DDN published 25 March and implemented 1st April	500	G	0
9.	Other Culture savings. Including savings on the events budget, Breeze and CAT proposals for Pudsey Civic Hall and Yeadon Tarn Sailing Centre and other running cost savings	Cluny MacPherson	Most saving proposals being implemented. The CAT proposals are unlikely to progress so alternative savings will need to be brought forward in the service.	820	A	140
10.	Savings in Sport and Active Recreation including reduction in operating hours and realignment of sports development unit	Cluny MacPherson	Detailed proposals being worked up. Any changes will require consultation therefore implementation not possible by 1 April and likely to be October and this will impact on savings target although expected to be offset by other savings.	200	A	60
11.	Reduction in highways maintenance budgets	Gary Bartlett	Budget reduced	360	G	0
B. Other Significant Variations						
1.	Other Staff savings	Ed Mylan	Projected net savings from vacancies and expected ELIs			(504)
2.	Other expenditure	Ed Mylan	Additional spend mostly in Highways and LAH largely funded by additional income.			195
3.	Other Income (net)	Ed Mylan	Additional one off income anticipated to be received in 15/16 subject to final agreement being reached.			(512)

STRATEGY AND RESOURCES

FINANCIAL DASHBOARD - 2015/16 FINANCIAL YEAR

MONTH 5

Overall

In respect of the savings associated with the Council's commitment to reduce the cost of support services by 30% over a 4 year period, plans are progressing well to achieve the savings in 2015/16. Use of the early leavers initiative together with non-filling of leavers and exploitation of income opportunities means that services should be able to realise the savings required.

Currently a small overspend of £141k is projected for the year mainly due to lower court fee income and the level of non-chargeable work in PPPU. However, the Directorate will endeavour to bring the budget into a balanced position by year end.

Strategy and Improvement

The service has met its staffing efficiency savings targets for this year and the projection is for a small underspend of £3k. The Intelligence Council staff have now been transferred back to their original directorates.

Finance

The main challenge for this service is to meet the current shortfall based on staff in post to date and known recruitment and leavers through to year end and shortfall in income. The service is pursuing options and the budget is expected to come in on target by year end. A number of minor pressures on income reduction are offset by reduced staffing costs and savings on supplies and services. However, the trend in court fee income, which is dependent on the number of summonses raised in respect of Council debt, is lower than budgeted and a pressure of £92k is now expected.

Human Resources

HR have met the £622k savings incorporated in the budget and a modest underspend of £50k is now forecast. The Manager Challenge Programme is expected to be funded from the earmarked reserve created in 2013/14.

Information Technology

Savings targets are expected to be achieved and the only issue identified to date is an overspend of £50k on ICT4Leeds due to insufficient sign up from schools and academies. At present the projections assume that this overspend will be covered by other compensating savings. Further potential pressures could arise from the expansion of the city wide Smart Cities Agenda and on ongoing dispute with Virgin Media.

Projects, Programmes and Procurement Unit

Following the outturn 2014/15 a key risk area is PPPU income, specifically the level of non-chargeable or reduced rate work. Work is ongoing to maximise the charges and for this month an overspend of £100k is projected. PPPU are leading on the plan to achieve £860k savings from a review of PFI contract management and work is progressing to deliver the target. It is anticipated that a proportion of the saving will be realised in general fund services, but a significant saving is expected within HRA and Schools, where a charge can be made by the PPPU for the work on contract review. In respect of the £1.2m reflected in the budget for non-contract spend savings (allocated across directorates) scoping work done by PPPU suggests that a maximum of £883k can be achieved in 2015/16. However, of this £387k has already been included within Directorate budgets and £143k relates to capital spend or HRA. The remaining £353k is still under review.

Legal Services

Savings built into the budget for 2015/16 are on line to be delivered. The staffing budget is currently underspent but there are plans to recruit to posts and Legal Services have two locums covering vacant posts (Planning and Housing Disrepair) as these have proved difficult to recruit to.

Democratic Services

It is expected that the savings targets will be met this financial year although not necessarily be delivered in line with the original strategy.

CITIZENS AND COMMUNITIES

FINANCIAL DASHBOARD - 2015/16 FINANCIAL YEAR

MONTH 5

Overall

At this stage in the year the Directorate is expecting to achieve the budgeted level of savings. Many of the actions have already been achieved and in all cases work is progressing to deliver the savings and a small underspend of £64k is now projected.

In terms of other volatile budget areas, trends in housing benefits overpayments can significantly impact on the budget position however it is too early in the year to confidently predict the outcome at this stage.

Communities

Community Centres were overspent by £100k last year and £75k of this is recurring meaning the true pressure in 15/16 is £175k. Whilst it is expected that this will be contained within Citizens and Communities overall we are working with Facilities Management to deliver efficiencies. All other action plan items have been delivered. The Communities Team and Area Support have some vacant posts and a number of staff are on maternity leave, posts will be filled in due course but delays in recruitment will generate a budget saving of approx £100k.

Customer Access

Currently the staffing cost is under budget. However recruitment is needed to be able to cope with existing workloads at the Contact Centre as efficiencies based on Transactional Web Services developments have not yet been fully realised. The delays in implementation of Customer Access Phase 1 mean there is a risk that the staffing cost will be over budget by the year end. Some of the pressure is partly offset with in year savings in Business Support staffing. Community Hub recruitment could also create an in year pressure - worst case scenario suggests this may be as much as £250k but this is dependent on timing and recruitment and to some extent may be avoidable.

Elections, Licensing and Registration

Overall budgets are online but the shortfall in income in Registrars and Entertainment Licencing in 2014/15 is continuing with a forecasting shortfall this year of £100k in each service (£200k in total). Savings on staffing budgets in the same service areas are expected to offset the income shortfall.

Benefits, Welfare and Poverty

BWP is expected to slightly underspend (£64k) by year end based on the information detailed in Period 5. Additional spend on overtime and supplies and services costs is to be funded from grants from the DWP and the DCLG relating to new burdens work which the section is involved with. Following a realignment of budgets, housing benefit payments are expected to be £3,801k overspend, though this is funded by increased grant and overpayment income.

In respect of the revised Local Welfare Support Scheme for 2015/16, the budget of £1.1m is projected to be fully spent and this now includes estimated spend of £100k on support for the migrant third sector as reported to Executive Board on 23/9/15.

A. Key Budget Action Plans							
1	Review of Communities running costs	Shaid Mahmood	Budget reduced	0.1	B	0.0	
2	Further integration of Contact Centre with Council Tax	Lee Hemsworth/Steve Carey	Low risk and ELI based. Depends on finding more efficient ways of working together	0.1	G	0.0	
3	Reduce property visits in Council Tax Service	Steve Carey	Use more efficient ways of identifying properties that may be occupied	0.1	G	0.0	
4	Increase in fees in Licensing and Registration services and Translation and Interpretation	John Mulcahy	Actioned	0.1	B	0.0	
5	Housing Benefits overpayments	Steve Carey	Assumes we continue our improved performance in this area	0.2	G	0.0	
6	Fraud and error reduction incentive scheme	Steve Carey	Govt grant. Level of payment depends on how effective we are at reducing fraud	0.3	G	0.0	
7	Use Social Inclusion Fund to support financial inclusion work	Steve Carey	Actioned	0.2	B	0.0	
8	10% reduction in Well Being budget	Shaid Mahmood	Budget reduced - to be managed by Area Committees	0.2	B	0.0	
9	Review of community centres	Shaid Mahmood	Consultation process started. Once complete a delivery plan will be developed including: general efficiencies in facility management; CAT or other community management arrangements and closure options. Any proposals for closure will require Executive Board decision.	0.1	A	0.2	
10	Reduce Advice Agency Grant by 10%	Steve Carey	Actioned	0.1	B	0.0	
11	Reduce opening hours of contact centres 9am-5pm	Lee Hemsworth	Opening hours reduced as planned on 1st April.	0.1	B	0.0	
12	Delivery of transactional web services	Lee Hemsworth	Some technical issues with new system meant that it was only part implemented on 1st April (employee portal only) in the areas of environmental services and highways. Customer portal will go live in May. This may result in lower overall savings being achieved.	0.3	A	0.0	
13	EClaim for Benefits	Steve Carey	Introduce online claim form for HB and CTB. May be delayed after April which may mean slightly reduced saving	0.1	G	0.0	
14	Reduce innovation fund by 25%	Shaid Mahmood	Budget reduced	0.1	B	0.0	
15	Community based assets -reduction in relevant costs from participating services as Community Hubs formed	Lee Hemsworth	Budgets (£2.5m) transferred to C&C on 1st April. New management arrangements will be introduced during the year and there is a high level of confidence that full savings will be delivered.	0.1	G	0.0	
A. Other Significant Budgets							
1	Housing Benefit Payments, Subsidy and Overpayment Income	Steve Carey	Gross expenditure budget of £295m. Monitored monthly throughout the year. No variance to budgets currently anticipated.		G	-0.1	
2	All other budget headings		Savings to be identified to fund the overspend on Community Centres		G	-0.2	
Citizens and Communities Directorate - Forecast Variation							-0.1

PUBLIC HEALTH

FINANCIAL DASHBOARD - 2015/16 FINANCIAL YEAR

MONTH 5

Overall

The allocation of ring fenced Public Health grant for 2015/16 had been frozen at 2014/15 levels of £40.5m. However, in addition the responsibility for the 0 - 5 years services (health visiting services and Family Nurse Partnership) transfers to LCC in October and further funding of £5m will be provided. Work is ongoing with the current provider of health visiting and Family Nurse Partnership services to ensure a smooth transition to LCC from NHS England.

In 2014/15 there was an underspend of £1,211k of the ring fenced grant which has been brought forward for use in 2015/16 in line with grant conditions. Of this amount, £800k had been expected to fund the base budget for 2015/16 and the remaining £411k has been allocated to services committed to during 2014/15 but which have not yet taken place.

The Government announced on the 4th June a national £200m reduction in 2015-16 for the Public Health Grant provided to local authorities. A consultation with local authorities on implementation was issued on 31st July and closed on 28th August. However, the consultation states that the Department of Health's preferred option is to reduce each local authority's allocation by 6.2%, which would mean a reduction of £2,823k for Leeds City Council. At this stage there is no firm information that these cuts will be recurrent, however there are suggestions that this will be the case following the comprehensive spending review. Although the Public Health grant for 2015-16 is already committed, work is ongoing to identify potential savings, critical decisions will need to be made in order to meet this significant challenge. To date, £2,282k of potential savings have been identified and are reflected in the projections below. This leaves a further saving of £541k required (still to be identified) if the reduction is 6.2%.

Detailed Analysis

New contracts for integrated sexual health services and drugs and alcohol services commenced on 1st July. Work is ongoing to identify any potential financial pressures particularly in relation to Shared Care activity, medical costs, testing and prescribing and dispensing costs for drugs and alcohol treatment and recovery.

There is currently an underspend on the staffing budget due to posts going through the recruitment process, any underspend achieved will be considered as part of any current pressures and the challenge to meet the Government's announcement on the reduction to the Public Health grant.

CIVIC ENTERPRISE LEEDS

FINANCIAL DASHBOARD - 2015/16 FINANCIAL YEAR

MONTH 5

Overall

The overall projected position at period 5 for CEL is an overspend of £314k which is primarily accounted for by a £165k overspend against the Catering net budget and a £150k overspend on Property Cleaning. The Catering overspend is a result of an income shortfall against the increased budgeted number of meals whereas the Property overspend arises from not meeting efficiencies included within the base budget.

Business Support Centre

A balanced position is projected, savings on staffing budgets due to delays in recruitment are offset by shortfall against the income budgets. In order to create Shared Services budgets for Mailroom, Document Management and Services Agency (Print and Signs) have transferred to BSC (from Facilities). The income shortfall arises from where schools switch to academies and no longer use some of the BSC's services (£31k) and a shortfall against the purchasing card rebate of £38k.

Commercial Services

The Commercial Services overspend of £315k is, as explained above, accounted for by a shortfall against an increase in the budgeted number of meals on Catering (£350k full year effect for Universal Free School Meals assumed in the 2015/16 budget) to Period 5; the projection assumes that the budgeted number of meals will be achieved for the remainder of the financial year. Due to delays in implementing the £200k budgeted savings by implementing a lower cleaning specification, Property Cleaning are forecasting an overspend of £150k.

The projection assumes that the transfer of budgets for ASC catering and cleaning staff will be cost neutral.

Facilities

A balanced period 5 position is projected. There's a £56k pressure on the staffing savings as a result of non delivery of closure savings assumed in the 2015/16 Asset Rationalisation programme for community centres. This pressure is recharged to Citizens and Communities.

Corporate Property Management

A balanced position is projected with the projected overspend against staffing to be managed by a combination of additional income and savings against running costs.

STRATEGIC & CENTRAL ACCOUNTS

FINANCIAL DASHBOARD - 2015/16 FINANCIAL YEAR

Month 5

Overall :

The Strategic budget forecast for period 5 is for an overspend of £0.6m.

External debt costs and Minimum Revenue Provision (MRP)

The budget for MRP includes £14.8m of savings targets - £10.5m from the use of capital receipts and £4.3m for the realignment of MRP on pre-2007/08 debt to an asset lives based approach. To support the achievement of these savings we are closely monitoring the levels of capital receipts both in 2015/16 and across the medium-term and also working with the Council's valuers around the reasonable determination of asset lives.

Corporate targets

The Strategic budget includes targets for general capitalisation of £4.9m, capitalisation of spend in schools revenue budgets of £2.5m and in line with the 2014/15 outturn, the latest 2015/16 projections anticipate additional savings from capitalising eligible costs. In addition the strategic budget includes savings of £1m around procurement [£0.5m forecast variation at month 4) together with a PFI contract/monitoring target of £0.9m [which will be allocated to service budgets following confirmation of where the reductions in spend will actually be achieved]. The month 4 projection also recognises a potential shortfall in achieving the £1.2m Directorate Procurement target which is currently held across Directorate budgets.
