

Hello, my name is Gail Asquith. Here with me today are:-

Mr Alan Proctor

Mr Drakes

Mr Gill

Michele Wishard

I speak today for all the residents of Leeds 16, Farrar Lane and Raynel Way especially.

This used to be a beautiful part of Leeds which we the residents were so proud of. The new school looks horrendous, blocking peoples' beautiful views over greenbelt. Also due to the Education digging on fields we have had to suffer noise, dust and now with the weather landslides into peoples' gardens.

We the residents do not want new houses and new buildings built on our doorsteps, instead let's get the area back to its original beautiful historical site and get some pride back for our children and grandchildren. Let's rebuild the roman wall which is now no longer visible for overgrown shrubbery, also all the rubbish and broken bottles which animals are injuring themselves on. Also Ralph Thorsby has put not only one fence around the school, it has 2 which has taken more land of Farrar Lane which <sup>NE</sup> I don't think is theirs. We have all got to take stock and look at these issues concerning us all now and be able to go for walks in one of Leeds oldest lanes and enjoy our heritage.
