| <b>Winter Warmer Packs</b> | <b>Communities Team WNW</b> | <b>ALL</b> | <b>£8,019 / £8,019</b> |
|----------------------------|-----------------------------|------------|------------------------|

**Project Outline**

To distribute packs through Neighbourhood Networks to vulnerable elderly residents to provide them with equipment and advice to stay warm during the winter months.

**Outcomes**

Each neighbourhood network received 180 packs and prioritised vulnerable older people and those who had not engaged in the last year to receive them. Changes this year included a printed bag with useful phone numbers on and a public health questionnaire which enabled recipients to be signposted on to health, housing or financial advice services. The neighbourhood networks felt that two years participating in the winter warmer pack scheme is enough and recommended taking a break in 2016/17 or focusing on another aspect of winter health.

**Project Outline**

To pay staffing costs to deliver outdoor learning and volunteering aimed at adults who have had a prolonged absence from the labour market due to health issues, particularly mental health, and would like to start to participate in some meaningful activity again.

**Outcomes**

Securing funding has been a challenge this year for TCV but thanks to the Inner West Community Committee grant has ensured the Hollybush Garden Groups on Wednesday and Fridays could continue to run during 2015-16. TCV will seek to build strong links with the elected members so they can have an input in the 2016-17 projects. The 2015/16 element of this project is now completed and closed.

| <b>Aim For IT - Revizit</b> | <b>Youth Service, LCC</b> | <b>A, B&amp;S</b> | <b>£991.14 / £1,798</b> |
|-----------------------------|---------------------------|-------------------|-------------------------|

**Project Outline**

To support Youth Service to continue their targeted programme for vulnerable and challenging young people from Armley and Bramley age 11-16 to promote positive behaviour and build self-esteem.

**Outcomes**

The first cohort completed the scheme in December 2015. The Programme included sessions around peer pressure, risk taking behaviour, consequences, drugs and the law, sex and the law, healthy relationships, and sexual health. The first 3 weeks of the REVZIT Program were held at Herd farm Activity Centre, where young people enjoyed activities such as Jacob's Ladder, Create Stack, and Archery. The programme was attended by 10 young people aged between 13 – 17 from the Armley and Bramley.

Some of the most difficult 'hard to reach' young people attended every session. Most young people were referred through agencies such as the police and family support services and several were highlighted on Police Ward Tasking Meetings as causing ASB and youth nuisance. Early indications suggest that ASB has dropped slightly on the Armley/Heights border.

A future session has been planned for all those young people who attended the programme. They will be invited to attend a motivational talk by Robert Bell (St Giles Trust – Reformed Offender) on Wednesday 27th January. Robert, who completed a life sentence in Full Sutton Prison, will explain to the group what life is really like in jail and how their risky behaviour could result in them getting a criminal record. Cohort 2 ended in Easter, monitoring not completed.
