

Bulge schemes for September 2016 cohorts

School	Scope of Works
Chapel Allerton Primary	Install mezzanine floor in IT room to create new classroom at ground floor and staff accommodation above.
Brudenell Primary	Extension to reception classroom to create adequate space.
Pudsey Greenside Primary (scheme not required for 2016).	Internal remodelling to reception class. (possible support of modular accommodation) TBC.
Allerton C of E Primary	New build classroom (minor hall extension - phase2).
Bramley Primary	Internal remodelling of existing undersized classrooms.
Parklands Primary	Breakout existing unused toilet and changing facilities to create new classroom.
Middleton Primary	Installation of double temp.
Hovingham Primary	New foundation stage provision required to accommodate: 2 year olds / Nursery / Reception & ancillary areas. This work will support the proposed permanent expansion of the school to 3FE.
Greenhill Primary (scheme no longer required)	Phase 1 - Minor internal remodelling to KS1 to form larger reception class base. Phase 2 - Supply a single classroom modular unit for a period of six years.
Hunslet St. Mary's C of E Primary	Install modular unit on hard play area and increase the external play onto adjacent field (this will support a possible permanent expansion).
Iveson Primary	To be determined. (internal works)
Carr Manor Through School	Installation of a 3 classroom modular block.
Low Road Primary	Installation of a double modular unit / External work to allow access to the unit. This work will support the proposed permanent expansion of the school.
Windmill Primary	Installation of a modular unit to the reception area. Current access to the school will be improved by creating a one way system for traffic through the school grounds to ease congestion during drop off and pick up times. (Highways to specify and deliver the required works).
Hawksworth Wood Primary	To be determined.

School	Scope of Works
Beecroft Primary	Minor internal remodelling to support the 2016 bulge cohort, this work will be delivered by the school. (A possible expansion to 1.5FE is currently being considered).
Talbot Primary	Create new reception class (extension from main building) replace two existing modular units (poor condition) with double modular. Create appropriate external reception play.
Primrose Hill	Creation of additional teaching space in reception area.
Grimes dyke Primary	Remodelling of internal areas to create required space (keystage 1 classrooms)
Shakespeare	Minor internal remodelling to staff room.
St Nicholas Primary	Minor internal remodelling – delivered by the dioceses. LCC 50% contribution.
Bramham Primary	Create two additional classrooms and minor remodelling of main entrance to school. (This work will permanently increase the admission from 20 to 30 pupils per year)
