

## **Service Agreement between Inner East Community Committee and Environmental Action (East North East Locality Team)**

***To work with residents, other services and community based groups/organisations across the Inner East area to achieve clean and tidy neighbourhoods.***

In relation to the council function of Street Cleansing & Environmental Enforcement Services <sup>1</sup>, the Council's Community Committee Executive Delegation Scheme requires Committees on behalf of the Executive Board:

1. to develop and approve a Service Agreement which determines the principles of deployment of the available resources by:
  - the identification of priorities for service delivery annually (both geographical and in terms of types of services delivered);
  - the agreement of the most appropriate approaches to be taken to achieve local environmental cleanliness and quality;
2. to be responsible for monitoring and reviewing the delegated activities in relation to the service outcomes specified in the SLA;
3. to be responsible for negotiating amendments to the SLA with service providers to accommodate unforeseen events or patterns of service failure, during the course of the SLA.

This Agreement sets out how the above delegated responsibilities will be met.

The Agreement also sets out how the Locality Team will deliver enhanced, environmental services in areas of council owned housing in order to meet additional needs of its tenants. This is to be delivered in a way that makes best use of this additional resource and complements work of other services in these neighbourhoods.

**Agreement effective from: June 2016**

Mid-year review due: November 2016 (by Inner East Environmental Sub-Group)

Next annual refresh due: June 2017 (first Committee meeting of the 2017/18 municipal year)

### 3. Inner East Priorities:

*“The identification of priorities for service delivery annually (both geographical and in terms of types of services delivered)”*

The following issues will be prioritised by the service in the Inner East area:

1. Support to the continued development and delivery of a Keep Harehills Tidy Campaign based on a 2-year programme of work;
2. The development and delivery of an annual programme of cleansing for the main arterial routes (including guided bus and cycle lanes).

Day-to-day delivery of services will be coordinated through the Team Leaders for each of the following zonal teams of staff:

- Burmantofts and Richmond Hill (each with their own Chargehands)
- Gipton and Seacroft (each with their own Chargehands)
- Harehills (its own Chargehands)

More localised priorities to be delivered by each zonal team will be discussed primarily at ward level through the ward members meeting and with consideration to local priority neighbourhood plans. This will include:

- ✓ The number one priority for that area for the team to focus on and for the Team Leader to report progress to Ward Members and feed into the Environmental Sub Group.
- ✓ Mechanical sweeping (including which streets will receive regular, programmed sweeps and which will be reactive)
- ✓ Litter picking (including which streets will get a regular, programmed litter pick)
- ✓ Which communal/public areas will be prioritised for clean-ups
- ✓ Where the focus of enforcement action will be – both geographically and in terms of types of offence/issue
- ✓ What local groups will be supported to assist with community clean-ups etc. and how we will help them.
- ✓ What resources are expected to be needed to ensure the gardens of void Council owned properties are made ready for new tenants
- ✓ What resources are expected to be needed to ensure the gardens of vulnerable Council tenants are maintained where those tenants meet agreed criteria.
- ✓ What resources are expected to be needed to investigate and remove flytipping and other similar issues
- ✓ What resources are expected to be needed to deliver the bulky household collection service through the Locality Team in that ward.
- ✓ What preventative/educational work will be done (e.g. work with schools).
- ✓ Any other localised issue/problem to be a focus in the year ahead.
