1. Introduction

- 1.1. This report provides Members of Council with comments on the robustness of the proposals contained in the amendments to the budget motion in the name of Councillor David Blackburn.

2. Robustness of the budget

- 2.1 The Local Government Act (Part II) 2003 places a requirement on the Council that when making decisions on the setting of the council's budget and the council tax, they must consider a report from the council's statutory finance officer (the Deputy Chief Executive) on the robustness of the budget and the adequacy of reserves within the proposals. The report of the Deputy Chief Executive at item 10 (i) on the council summons includes at section 11 comments to this effect in respect of the proposed budget motion.
- 2.2. Given this requirement, in considering any proposed amendment to the budget motion, members must also consider the comments of the Deputy Chief Executive on the robustness of the proposals. These comments supplement those contained in the main report.

3. Proposed amendments

- 3.1 Councillor Blackburn's amendments to the budget motion set out his proposals showing areas of additional spend and the sources of funding which are largely self explanatory. In considering these amendments, the Deputy Chief Executive would wish members of Council to be aware of the following:
- (a) Amendment 16 proposes a 5% reduction in salaries in salaries above PO6 and equivalent which will impact of employees terms and conditions of employment which can only be achieved either through collective agreement with the trade unions or through dismissal and engagement of staff on new contracts of employment. The amendment assumes that this could be achieved within a six month timescale.
 - (b) A number of savings and spending proposals in the amendments are interdependent which creates additional risks to the budget. Where possible, this risk should be managed by not committing to the additional spend until the additional savings have been realised
- 3.2 Should these budget amendments be approved, they will be subject to the council's procedures for further consultation and will need to be informed by equality impact assessments as appropriate.
- 3.3 The budget amendments do not have any impact on the council's general reserve.

4. Overall conclusion

The budget motion to Council reflects a significant reduction in funding and cost pressures and as such contains savings proposals which carry varying degrees of risk. This is set out in section 11 of the main revenue budget report and in each of the specific directorate reports attached.

In conclusion, whilst the proposals in this amendment will increase the risks associated with the delivery of the council's budget, the amendments to the budget motion in the name of Cllr David Blackburn will not materially impact on the overall robustness of the Council's estimates for 2017/18 or the adequacy of its general fund reserves as at 31st March 2018.
