report

Executive Summary

1.0 Purpose Of This Report

Inform the inner west Area Committee of the current resource levels affecting their wards. This covers the full range of services offered by Streetscene.

2.0 Background Information

Streetscene Services formed to allow Refuse Collection, Street Cleansing and Waste Management to operate as a joined up service. Delivering the appropriate service and cutting across service boundaries.

3.0 Main Issues

The West Inner Wards cover a diverse range of city life. This requires a multi-disciplined workforce to ensure service delivery.

4.0 Implications For Council Policy and Governance

This report sets out the requirements of Streetscene Services under the current Waste Strategy and Environmental Protection Act.

5.0 Legal and Resource Implications

Resource implications are current service levels may fall if core service budget requirements are not maintained.

6.0 Conclusions

Service delivery has improved in the Inner West Wards. Without core funding to enhance the services offered by Streetscene a detrimental effect may be felt in service delivery.

7.0 Recommendations

Members should note this report
