**58 Forums & Sub Groups** - Boundaries for the Hyde Park & Woodhouse DPPO consultation have been redrawn, in-line with the Area Committee's request in December. For further information please refer to February's Area Manager's report.

**58 Forums & Sub Groups** – Parks & Countryside have confirmed that there are plans to create a MUGA on Woodhouse Moor. The plans form part of the agreement for re-provision of recreational facilities as part of Leeds University's take over of the old Boys' Grammar School site. Parks will be undertaking a consultation on the planned MUGA in the near future. The Area Committee Chair has written to the acting Parks & Countryside Chief Officer, requesting that any plans for a MUGA be put on hold pending further discussion/consultation.

**58 Forums & Sub Groups** – A request has been sent by the Chair to the Director of City Development regarding obtaining accurate traffic flow projections for the A65. These will be circulated once they have been received.

**59 Well-being Report** - The Local Futures Project's Access to Employment application was unsuccessful, therefore the Area Committee is no longer being asked to contribute match funding. Three organisations have been successful in securing funds for citywide projects. Work will be undertaken with these to ensure they are targeting the correct neighbourhoods within the Inner North West.

The bins funded by the Area Committee will be new ones, however, Streetscene are also planning on replacing missing bins throughout the area with refurbished ones from the city centre.

**62 Community Centres Pricing Review** – An initial meeting of the Members working group has been arranged.

**63 Area Manager's Report** – A meeting has taken place between members of the Royal Park Community Consortium and North West Area Management.
