Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions. Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

Main aim

The rapidly increasing birth rate in Leeds has required the Council to create new school places in order to fulfil its statutory duty to ensure sufficiency of school places. The Learning Places Programme represents the Council's response to the demographic pressures on the school provision in the city.

As part of this programme, it is proposed that Hawksworth Wood Primary School expands from a 1 Form Entry with 210 pupil places, to a 2 Form Entry with 420 pupil places from September 2017. This scheme will be completed under the City Council's Learning Places Programme which aims to ensure its statutory duties are met with respect to ensuring a school place for every child within the city, and was approved by Executive Board in September 2016.

As previously approved by the Head of Service, Learning Systems, Children and Families, the criteria used to evaluate the bids was based on a price only evaluation and Interserve Construction Limited scored 100% with their price of £1,493K. The Council intends to award the contract after the expiry of the standstill period which ends on Friday 20th April 2018,

subject to not receiving any challenge to this decision. All unsuccessful organisations were informed of the decision via YorTender on Tuesday 3rd April 2018.

An Early Works Agreement is required so that the scheme is able to remain on programme and ensure that there are sufficient places for the increased number of pupils joining the school in September 2018. This agreement will allow the contractor to commence some critical works at the school in preparation for the major intrusive works which are due to start at the beginning of the summer holidays. Without an early works agreement there is a high risk that the critical accommodation required for September 2018 will not be delivered and the project will incur additional cost.

A Design and Cost Report covering all the works included in phase 2 is currently subject to call in which is due to end on Friday 20th April 2018. The decision on whether to approve the DCR will be made by the Director of Children and Families on Friday 13th April 2018. Approval of the DCR for Phase 2 works was obtained from the Director of Resources & Housing and the Director of City Development on Wednesday 6th March 2018

Purpose

A screening exercise has been carried out to determine whether future building projects associated with this report have the potential to impact on equality, diversion, cohesion and integration.

3. Relevance to equality, diversity, cohesion and integration

All the Council's strategies/policies, services/functions affect service users, employees or the wider community – city wide or more local. These will also have a greater/lesser relevance to equality, diversity, cohesion and integration.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, carers, disability, gender reassignment, race, religion or belief, sex, sexual orientation and any other relevant characteristics (for example socio-economic status, social class, income, unemployment, residential location or family background and education or skills levels).

Questions	Yes	No
Is there an existing or likely differential impact for the different equality characteristics?	Yes	
Have there been or likely to be any public concerns about the policy or proposal?		No
Could the proposal affect how our services, commissioning or procurement activities are organised, provided, located and by whom?		No

Could the proposal affect our workforce or employment practices?		No
 Does the proposal involve or will it have an impact on Eliminating unlawful discrimination, victimisation and harassment Advancing equality of opportunity Fostering good relations 	Yes	

If you have answered no to the questions above please complete sections 6 and 7

If you have answered **yes** to any of the above and;

- Believe you have already considered the impact on equality, diversity; cohesion and integration within your proposal please go to **section 4.**
- Are not already considering the impact on equality, diversity, cohesion and integration within your proposal please go to **section 5**.

4. Considering the impact on equality, diversity, cohesion and integration

If you can demonstrate you have considered how your proposals impact on equality, diversity, cohesion and integration you have carried out an impact assessment.

Please provide specific details for all three areas below (use the prompts for guidance).

• How equality, diversity, cohesion and integration will be considered during each Basic Need project

Consultation and Involvement

Consultation will take place with the following key stakeholders throughout the development of the project:

• Public consultation session

A public consultation event was held prior to the submission of the planning proposal, the detailed plans were presented. Local residents and parents were targeted as part of this process.

• Consultation with Planning & Highways Officers

Periodic discussions have taken place with colleagues at key junctures within the project development and all comments have been incorporated into the final proposals submitted for planning.

• Staff Briefing Sessions – Hawksworth Wood Primary School

The core school management team have been involved in the development of the proposals and key considerations regarding accessibility have been included within the design.

Staff Briefing Sessions – Childrens Centre The management team of the centre have been involved in the development of

the proposals and key considerations regarding accessibility have been included within the design.

• Councillor Briefing Sessions

Local ward members have been and will continue to be kept abreast of the design proposals and their subsequent development as the scheme progresses.

• School Governing Body

The school governing body has been regularly updated on progress and allowed to feedback with comments on an ad hoc basis.

Key findings

The scheme has been designed to comply with British building regulations, a requirement of which is the adherence to the Disability Discrimination Act (DDA) and the associated building regulations linked to this legislation. As such reasonable steps have been taken to improve level access within and outside of the building.

Actions

The scheme will be assessed on an individual basis to ensure compliance with current DDA regulations. Existing access issues and other DDA related issues will be addressed where possible within the overall scope of works.

5. If you are **not** already considering the impact on equality, diversity, cohesion and integration you **will need to carry out an impact assessment**.
