**RE SPACE TO EAT, HIRSTS YARD, LEEDS, LS1 6DL  
APPLICATION FOR A NEW PREMISES LICENCE – LICENSING ACT 2003  
POLICE – LETTER OF REPRESENTATION – CUMULATIVE IMPACT POLICY**

Thank you for submitting your application for the above premises

The application relates to premises which fall within one of the areas of Leeds currently subject to a policy of cumulative impact, as detailed in the present Statement of Licensing Policy 2014-2018, issued by Leeds City Council as the licensing authority

The area concerned in this particular case is **Area 1 Leeds City Centre**

Therefore, in line with the current statutory guidance issued by the Secretary of State under Section 182 Licensing Act 2003, West Yorkshire Police make representations based on the Cumulative Impact Policy (CIP) of the area concerned and highlighted above, where the licensing objectives and particularly the prevention of crime and disorder and prevention of public nuisance objectives, are being adversely affected

The proposed premises are located in the current red zone in the cumulative impact area. The Council's policy states

NOT PROTECTIVELY MARKED

## NOT PROTECTIVELY MARKED

7 20 *"The council will seek to refuse all applications in these red areas on the basis that the impact on the licensing objectives are at such a level that the area cannot support any more premises opening or extending their hours no matter how impressive the concept or application is The council will only grant applications in the red zone in exceptional cases", and*

7 24 *"It is the council's policy, on receipt of relevant representations, to*

- *Refuse new and variation applications in the red area*
- *To seek additional measures for new and variation applications in the amber area*
- *To seek good quality applications for application in the green area*

7 25 *"This applies to alcohol led premises such as bars, pubs, and nightclubs, and for premises seeking late night refreshment such as takeaways and late opening restaurants"*

The location of these premises is in very close proximity to a multitude of other licensed premises in this area such as Space, Red Door, Mook and The Duncan Pub. Other late night licensed premises in the immediate area are Cuckoo, Neon Cactus, Jakes Bar, Oporto, Call Lane Social, Brooklyn Bar, Revolution, Norman Bar and Back Room Bar, The New Penny, The Bridge, Baracoa, Revolucion de Cuba, Mission Nightclub, Smokestack, Bar Fibre, Queens Court, Viaduct, Stone Roses Bar, Bowers Tap (The Hourglass), and McDonald's. It is an alcohol related violent crime hotspot for robbery, assault and theft. The peak time for crime is between 23 00hrs and 04 00hrs. The majority of hours of operation applied for by the applicant therefore fall right in to these peak times.

Extra police resources have to be deployed to this area on Friday and Saturday evenings, and over Bank Holiday weekends, in an attempt to help reduce the crime and disorder associated with people frequenting the large amount of licensed premises in the immediate area. These crimes/incidents range from thefts and robberies to public order offences, assaults, serious disorder and also sexual offences. An ambulance is also regularly parked in the area to help deal with the amount of injuries sustained due to assaults and accidents caused by over intoxication in the Night Time Economy (NTE). This is in an attempt to help reduce the strain which the NTE puts on the Accident & Emergency Department of the NHS.

The saturation of the area is such that determining which venues may bear some responsibility for the issues is practically impossible, and means that they cannot be dealt with by way of review or enforcement meetings. A strong Cumulative Impact Policy is therefore imperative to prevent already existing venues extending their licensable hours, and to prevent further premises licences being granted in that area which would add to the considerable impact already being.

The latest analysis of crime data provided to Leeds City Council upon which the Cumulative Impact Policy is based shows that the Briggate/Call Lane area has experienced a 15% rise in reported crime since the last review of crime statistics a year ago. The peak times for crime in the Night Time Economy have become earlier in the evening (starting from 23 00), and assaults, robberies and thefts have risen. This area is not improving – it is deteriorating.

Hirsts Yard has its own particular problems and much work has been carried out between operators, local police officers, and licensing officers to help reduce the amount of assaults, robberies and drug issues therein. The applicants have played their part in this co-ordinated work but the yard and the area where it is located remain problematic with regards to crime and disorder.

Therefore, in terms of location (RED ZONE OF THE CITY CIP), and in terms of applying for a new premises licence to provide late night refreshment from 23 00 until 05 00, West Yorkshire Police consider that this application implicates the current policy of cumulative impact for Leeds City Centre in the red area, and advise that it be refused, unless the presiding Sub-Committee are convinced that the
