This screening exercise is to consider the impact of the procurement exercise associated with the re-roofing of 47no. properties with regards to equality, diversity, cohesion and integration. Although the procurement function will not directly involve input from the residents of Belle Isle direct, consultation has taken place with the Full Board to understand how the work stream related to this exercise will impact on residents. Primarily it will ensure that tenants who live in property with elements of an older construction are not disadvantaged by the proposals which form part of a longer term plan to ensure all properties managed by BITMO are maintained in an equitable manner for all residents.
