Does the report contain confidential or exempt information? If relevant, Access to Information Procedure Rule number: Appendix number:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No

Summary of main issues

1. A Tree Preservation Order ("the Order") was made in respect of the above site on 27 March 2018 on a provisional basis.
2. Under the Town and Country Planning (Tree Preservation) (England) Regulations 2012 the Order will expire if it has not been confirmed (whether or not subject to modification) within 6 months of the date of making.
3. Two objections to the TPO was subsequently received, one from the landowners and the other from the owners of an adjacent property.
4. The Chief Planning Officer is requested to determine whether or not the Order should be confirmed or confirmed subject to modification in light of the objection.

Recommendation

5. That the objections are overruled and the Order be confirmed as originally served.

1. Purpose of this report
 - 1.1 To set out the background to the making of the provisional Tree Preservation Order and to note the fact that two objections to the Order has been submitted to the Council
 - 1.2 To seek a determination from the Chief Planning Officer that the objections should be overruled in all the circumstances and that the Order should be confirmed as originally served.
 - 1.3 Background information
 - 1.4 In February 2018, a Conservation Area Tree Works notification was received from the owners of No.8 Meadow Croft East Keswick, proposing the removal of an Ash tree in the rear garden.
 - 1.5 Subsequently the tree was inspected by the Tree Officer and found to be making a significant contribution to the amenity of the area.
 - 1.6 In view of this amenity value it was considered expedient to protect the tree by way of a Tree Preservation Order. The Order was therefore made and served on 27 March 2018.

2 Main issues

- 2.1 Objections to the Order were received from both the landowners (with supporting documentation and photographs) and the owners of an adjacent property at 14 Church Drive on 1 May 2018.
- 2.2 All grounds of objection, have been considered by the Tree Officer and for the reasons given in his comments it is considered that the Order should be confirmed as originally served.

3 Corporate Considerations

3.1 Consultation and Engagement

- 3.1.1 Tree Preservation Orders are served on landowners on a provisional basis any other party holding an interest in the land other parties and adjoining landowners where any trees overhang their boundary.
- 3.1.2 A minimum statutory objection period of 28 days applies in respect of any Order made.

3.2 Equality and Diversity / Cohesion and Integration

- 3.2.1 Human Rights. It is necessary to balance the rights of the landowners against the public interest in the protection of trees provided for by the statutory provisions. Local Planning Authorities have the powers to make Tree Preservation Orders if it appears to be expedient in the interests of amenity to make provision for the preservation of trees or woodlands in their area. In the present case the amenity

of the trees is considered on balance to justify the making confirmation of a Tree Preservation Order and to outweigh the rights of the property owners to manage trees without local authority control.

3.3 Council policies and City Priorities

3.3.1 The work of the Sustainable Development Unit forms a vital element of the 'Vision For Leeds', 'City Priority Plan' and 'Council Business Plan', which are relevant to the aims of: maintaining high quality buildings, places and green spaces which are clean and looked after; respecting the City's heritage; enabling the growth of the city whilst protecting its distinctive green character. These aims are promoted by the making of Tree Preservation Orders.

3.4 Resources and value for money

3.4.1 There are no resource implications.

3.5 Legal Implications, Access to Information and Call In

3.5.1 The Report is not subject to call in.

3.5.2 The Chief Planning Officer is authorised to take the decision whether to determine Tree Preservation Orders under Part 3 Section 2A of the Constitution (Council non-executive functions).

3.6 Risk Management

3.6.1 There are no specific risks involved.

4 Conclusions

- 4.1 All grounds of objection have been considered by the Tree Officer and for the reasons given in his comments it is considered that the objections to the Order should be overruled.

5. Recommendation

That the Order be confirmed as originally served.

6 Background documents¹

- 6.1 City of Leeds Tree Preservation Order (No.5) 2018 (8 Meadow Croft, East Keswick, Leeds, LS17 9EH) dated 27 March 2018.
- 6.2 Objection submitted by the landowners dated 1 May 2018 landowners, with supporting documentation and photographs. **(Exempt under Access to Information Rule 10.4(2))**
- 6.3 Objection submitted by the adjacent property owners dated 1 May 2018. **(Exempt under Access to Information Rule 10.4(2))**
- 6.4 The Tree Officer's comments in respect of the Objections.
