

# Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

**2. Please provide a brief description of what you are screening**

Leeds City Council host 6 community bonfire events throughout the city each year attended by thousands of people from a broad range of backgrounds. Events of this size require rigorous partnership planning between the council, emergency services, and the local community, and 3<sup>rd</sup> party services are an important part of this process. Leeds City Council has worked with Fantastic Fireworks at 6 community bonfire events for a number of years, and have found that the company is able to employ operatives who have earned the respect of our partner organisations and the wider community, this being an important consideration for the management of these events which attract at times a boisterous and energetic audience. The decision requests a waiver with respect to the procurement of pyrotechnic services at 6 community bonfire events held in 2018 & 2019, in order to ensure that the events are managed safely in the interests of the local and wider community.

### 3. Relevance to equality, diversity, cohesion and integration

All the council's strategies/policies, services/functions affect service users, employees or the wider community – city wide or more local. These will also have a greater/lesser relevance to equality, diversity, cohesion and integration.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, carers, disability, gender reassignment, race, religion or belief, sex, sexual orientation and any other relevant characteristics (for example socio-economic status, social class, income, unemployment, residential location or family background and education or skills levels).

Questions	Yes	No
Is there an existing or likely differential impact for the different equality characteristics?		X
Have there been or likely to be any public concerns about the policy or proposal?		X

If you have answered **no** to the questions above please complete **sections 6 and 7**

If you have answered **yes** to any of the above and;

- Believe you have already considered the impact on equality, diversity, cohesion and integration within your proposal please go to **section 4**.
- Are not already considering the impact on equality, diversity, cohesion and integration within your proposal please go to **section 5**.

#### 4. Considering the impact on equality, diversity, cohesion and integration

If you can demonstrate you have considered how your proposals impact on equality, diversity, cohesion and integration you have carried out an impact assessment.

Please provide specific details for all three areas below (use the prompts for guidance).

- **How have you considered equality, diversity, cohesion and integration?** (think about the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected)

The decision is to appoint Fantastic Fireworks to provide pyrotechnic services at 6 community bonfire events to be held in 2018 & 2019 via a waiver of procurement procedures. Leeds City Council has worked with the organisation previously to provide pyrotechnics for these events, and have found that the company is able to employ operatives who have earned the respect of our partners and the broader community, this being an important consideration for the management of these events which attract at times a boisterous and energetic audience. They have been integral in the preparation of the overall event strategy and developed significant operational knowledge from previous events, which in turn has resulted in these running smoothly in previous years. The selection of the appropriate provider is essential to the successful running of these events in a manner which would maintain and enhance community cohesion and harmony, whilst ensuring the safe deployment of pyrotechnic displays. For the above reasons it is considered that it would be extremely difficult to procure an alternative provider of the same caliber, expertise and experience which command the respect of the local community, WYP & other agencies. Additionally the council gains assurance by using a supplier successfully utilised in the past with a tried and tested service and understanding of these particular events and the impact of the local communities in the area.

- **Key findings** (think about any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

If the decision is not implemented then the event is at significant risk of disruption or potential cancellation as it would be extremely difficult to procure effective alternative services.

- **Actions** (think about how you will promote positive impact and remove/ reduce negative impact)

Implement the decision and event plan for power & distribution services.
