Public safety ☐

Please select

☐ I object to the application being granted at all

☐ I object to the application being granted in its current form\*

\*If you choose this option remember to tell us in the next section what changes you would prefer to see

The grounds of the representation is based on the following

As close by residents we are often disturbed by the activities of the establishment I was most recently awoken at 1 30am, Sunday 5<sup>th</sup> November 2018 by loud disco music despite the fact my windows were closed We often complain to the management about this regular disturbance and although they'll apologise, no real steps are taken to prevent future noise It becomes more difficult in warmer months when we would like our windows open yet often can't due to transmission of noise and smoke Soundproofing is not good enough to control noise as people enter and leave the premises The string of lights across the seating areas shine directly into two of our bedrooms

The management of Everybodys take no responsibility for the noise that goes on in the seating area outside their establishment which unfortunately we've come to expect on a weekend I've sent the manager photos of pictures of people drinking after 11am on the outside seating area as proof to which, for example on 22<sup>nd</sup> July 2018 the manager told me had been brought from other establishments and drunk by customers sitting on the seats outside Everybodys If the management refuse to take responsibility for what is going on outside their premises I fear many things will go unchecked It has never been made clear to me who is responsible for the outside area and I worry for the safety of customers as well as noise disturbance I'd like to think if I was out drinking, there would be a responsible member of staff/licensed landlord looking out for my well-being I don't believe this to be an outmoded, traditional view but a requirement of the staff of the local premises I'm pretty sure the other pubs in Guiseley would notice if I were to turn up with my own drinks There are no door staff on duty at Everybodys

12 30am 30<sup>th</sup> June I complained as I'd been awoken by 6 men, visibly drinking beer from bottles and boasting loudly about their holidays, on this occasion, James the manager assured me that he was going to look into the situation to find a solution I advised him the only solution I wanted was for him to honour his license conditions Two week later I complained again and sent a photograph of customers I could observe, drinking outside at 12 44 am

Were Everybodys to be granted permission to serve alcohol into the early hours on a daily basis I fear that a great deal of disturbance to the residents of the local area Drinks are often taken outside after 11am on a weekend which we can almost tolerate – we spend a lot of weekends away and otherwise accept the payoff for our choice of a town centre house Were this noise to become a feature of our every/weekly day life I fear our right to a reasonable family life, including children under 12, will be jeopardized I don't think it would be right to extend the Everybodys opening hours further as they don't even seem to be able to stick to their current agreement I am concerned that if the premises open until 2am this will cause a nuisance to me and other residents of the street

**Application to vary the licensing hours on or from the premises  
By an additional hour to 0200 Monday to Sunday**

Dear Sir/Madam

We live [REDACTED] on the A65 in Guiseley and are objecting to the application to extend their opening hours an extra hour to 2am seven nights per week

We already experience excessive noise from customers coming and going into Everybodys This frequently involves people walking in front of our house after midnight when other nearby public houses/restaurants have closed - they are often noisy and carrying alcoholic drinks which is illegal as the surrounding streets are supposed to be an "alcohol free zone"

We hear the shouting of smokers who are outside Everybodys – they regularly move to the ginnel for shelter and warmth (often taking drinks with them) This constantly disturbs our family's sleep and that of our neighbours which is annoying

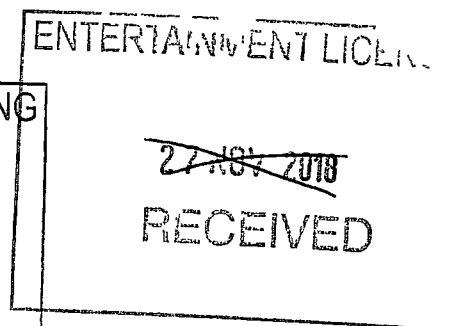

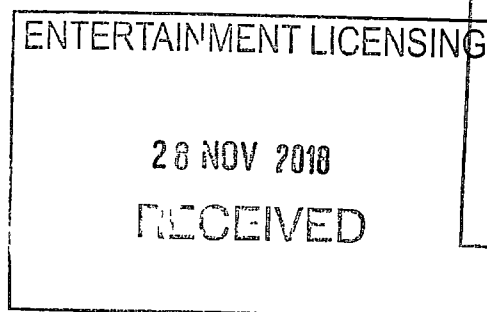

We have a layby in front of our row of houses and also experience excessive noise from taxis and other cars (picking up and dropping off) late at night This includes shouting and the banging of car doors Also the access to our houses is often obstructed by Everybodys' customers and taxis parking for long periods of time which is not permitted

The application to extend yet another hour of the noise and inconvenience we experience is not acceptable to us for the above reasons The current closing time of 1am is bad enough but 2am every night (or morning) is an excessive interference in our lives and that of our neighbours Please bear in mind 1am closure means noise and inconvenience for us until at least 2am already so a 2am closure will mean noise and interference for us until at least 3am Would you want to have to live with that?

The increase in bars and restaurants in Guiseley is resulting in larger numbers of footfall It is time that action was taken to ensure that licensees act responsibly and look after and respect the interests of neighbours

We await the result of this application with interest

Re: Everybody's Social  
91 - 97 Otley Road  
Gussey  
LS28 8PS.

Dear Sir/Madam,

I am objecting to the application to extend the licence of Everybody's for a further hour to 2 A.M. seven nights / mornings per week.

This is an obvious breach of our privacy and peace and quiet as we are residents in

the houses very <sup>2</sup> nearby.

We already experience excessive noise with people coming over the road in front of our houses until at least 1.30 AM. There is often shouting as people come and go to Everybody's. The noise is worse when car doors are being closed by taxis etc in the lobby outside our house. often we cannot access our houses because our drives are obstructed.

Cussey is a residential and conservation area where we do not hear noises until 2.30 AM seven nights a week.

The noise of music & people smoking & talking outside

3.

the bar cause even more disruption  
- especially in better weather  
when their doors are often open  
This includes people drinking  
in the street - which is illegal.

Everybody's licence needs  
reducing to they are open less  
hours and not more hours as  
they and two other local  
bars - within 100 yards - make  
this part of Gulseley far too  
noisy. I do not want my  
family disturbing any more
