

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions. Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

**1. Title: Children’s Services Residential Review**

Is this a:

**Strategy / Policy**

**Service / Function**

**Other**

**If other, please specify**

**2. Please provide a brief description of what you are screening**

Children’s Services have recently completed a review of the Council’s residential homes. The review recommends significant changes to the purpose and staffing of the homes in order to better meet need and to help more children successfully return to a family-type setting.

The homes support some of the most vulnerable young people in the city, including those with protected characteristics under Equalities legislation. As such the service is conscious that, once Executive Board have approved the broad proposals, there is a need to make sure that any changes are considered in detail for their impact on equality.

### 3. Relevance to equality, diversity, cohesion and integration

All the council's strategies/policies, services/functions affect service users, employees or the wider community – city wide or more local. These will also have a greater/lesser relevance to equality, diversity, cohesion and integration.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, carers, disability, gender reassignment, race, religion or belief, sex, sexual orientation and any other relevant characteristics (for example socio-economic status, social class, income, unemployment, residential location or family background and education or skills levels).

If you have answered **no** to the questions above please complete **sections 6 and 7**

If you have answered **yes** to any of the above and;

### 4. Considering the impact on equality, diversity, cohesion and integration

If you can demonstrate you have considered how your proposals impact on equality, diversity, cohesion and integration you have carried out an impact assessment. Please provide specific details for all three areas below (use the prompts for guidance).

- **How have you considered equality, diversity, cohesion and integration?** (think about the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected)

<ul style="list-style-type: none"> <li>• <b>Key findings</b>  <b>(think about</b> any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)</li> </ul>
<ul style="list-style-type: none"> <li>• <b>Actions</b>  <b>(think about</b> how you will promote positive impact and remove/ reduce negative impact)</li> </ul>
