# Equality, Diversity, Cohesion and Integration Impact Assessment

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration. In all appropriate instances we will need to carry out an equality, diversity, cohesion and integration impact assessment.

## This form:

- can be used to prompt discussion when carrying out your impact assessment
- should be completed either during the assessment process or following completion
  of the assessment
- should include a brief explanation where a section is not applicable

## 3. Summary of strategy, policy, service or function that was assessed:

Leeds City Council

This report outlines the framework for the Local Lettings Policy developed for the 27 new council houses on Beeches, Gipton, Leeds 9.

specialist

Housing Manager

The properties will be available to rent in July 2020.

The Local Lettings Policy has been developed in line with the council's framework for letting new build homes which aim to create mixed communities, reward good behaviour and waiting time and meet housing need in the local area.

This approach is supported by the Localism Act 2011 and the Code of Guidance on Allocations 2012 which states the policy objectives behind the changes in the Act included making 'it easier for existing social tenants to move by removing the constraints of Part 6

Katie Dixon-White

e.g. service user, manager of service,

from those social tenants who apply to the housing authority for a transfer, unless they have reasonable preference. Housing authorities will be able to strike a balance between meeting the needs of existing tenants and new applicants for social housing, while making best use of their stock' (paragraph 2.1).

Information held on the Leeds Homes Register on demand for housing in the Gipton &

Harehills ward area			
Consultation responses by equality groups			
Are there any gaps in equality and diversity information			
Please provide detail:			
Action required:			
Some equality information is missing from the Orchard Housing system, mainly on older			
applications registered before we introduced questions on equality issues.			
6. Wider involvement – have you involved groups of people who are most likely to			
be affected or interested			
✓ Yes No			
162			
Please provide detail:			
The council has consulted with local ward members and the local community in developing			
the proposals for the local lettings policy. This included a mailshot being sent to local			
residents and customers on the housing register, a survey questionnaire left available for pick up at the local housing office and a 'drop in' consultation event outside the local shop			
on Coldcotes Circus. People who responded to the consultation were asked to provide			
information about their background.			
5			
Action required:			
A summary of the consultation responses is included as an Appendix to the delegated			
decision to approve the local lettings policy.			
7. Who may be affected by this activity?			
Please tick all relevant and significant equality characteristics, stakeholders and barriers			
that apply to your strategy, policy, service or function

## 8. Positive and negative impact

Think about what you are assessing (scope), the fact finding information, the potential

positive and negative impact on equality characteristics, stakeholders and the effect of the barriers

## 8a. Positive impact:

The LLP gives preference to customers with a connection to the Gipton & Harehills ward area. This will benefit people living in or having close family living in the area or who can establish a connection with the area in another way, and will contribute towards community cohesion and integration.

The LLP gives preference to Leeds City Council tenants with an excellent tenancy record, taking into account any rent arrears, the condition of the property and any antisocial behaviour. This will make the development sustainable and contribute towards community cohesion and integration. This will also create additional voids by freeing up other council homes when existing tenants transfer. By including the excellent tenancy record which takes account of the condition of the property the council aims to keep void costs and void times to a minimum, meaning the homes that are freed up will be reallocated to other applicants on the housing register as quickly as possible, including other households in housing need.

The LLP gives preference to disabled applicants who require adaptations to their home. This will offer the applicant or their family member's independent living which will have a positive effect on their physical and mental wellbeing for the applicant.

The LLP gives preference of offers to applicants who are in the most housing need, helping to rehouse the most vulnerable applicants from the housing register. They will be placed in secure tenancies in a well-insulated, warm and secure home which will meet their needs for the remainder of their lifetime.

The properties will be allocated in accordance with the council's main lettings policy, namely to applicants on the housing register who have primary care of dependent children, or with an assessed medical need for a house as opposed to any other property type. The council will aim to let the houses at full occupation based on the bedroom standard set out in the main lettings policy. Prior to any offer being made the council will undertake affordability checks to ensure prospective tenants are able to afford the rent to avoid and issues arising at a later stage.

#### **Action required:**

- Leeds City Council to monitor lettings outcomes
- Properties to be advertised with details of the Affordable Rent and applicants to be advised if they are not able to afford the rent following affordability checks

## 8b. Negative impact:

The LLP gives preference to customers with a connection to the area which disadvantages customers with and urgent housing need who have no connection to the area.

The LLP gives preference to customers with an excellent tenancy record which may disadvantage customers who have accrued arrears or committed anti-social behaviour due to unmet support needs.

The LLP gives preference to customers who need adapted properties to meet their needs which will disadvantage non-disabled applicants in urgent need on the housing register.

Action required:			
The connection to the Gipton & Harehills ward area is wide enough to encompass residence, family, employment and other reasons.			
The definition of residence includes previous periods of residence within the last 5 years, so someone who had to move away from the area recently for example due to being threatened with violence would still be able to establish a connection provided they had lived in the ward for 3 of the last 5 years or 6 of the last 12 months. To mitigate any adverse equality impacts, the council has the discretion to waive the connection requirement in exceptional circumstances where undue hardship would otherwise result.			
The council will normally look at tenancy record over the last 5 years. In exceptional circumstances, customers with minor tenancy breaches who have demonstrated a change in behaviour to be exempted from the requirement for an excellent tenancy record. In addition, the council will also consider whether the breach has arisen because the customer required a support package or if there are any other exceptional circumstances that may justify overlooking a tenancy breach.			
If a household is in housing need due to having a child in need, and they are not able to meet the strict criteria of the LLP (for example, in terms of tenancy record), the council will consider their application on a case by case basis when working through the shortlist.			
In exceptional circumstances, customers who top the shortlist who are in urgent housing need for reasons other than those listed in the local lettings policy may be considered on a case by case basis.			
9. Will this activity promote strong and positive relationships between the groups/communities identified?			
✓ Yes No			
Please provide detail: Under the LLP, customers will have to demonstrate an excellent tenancy record and a connection to the area. This will contribute towards community cohesion and sustainable tenancies, increase tenant satisfaction, reduce turnover and help create a balanced community.			
Action required: The council will monitor the outcome of lettings.			
10. Does this activity bring groups/communities into increased contact with each other? (e.g. in schools, neighbourhood, workplace)			
✓ Yes No			
Please provide detail: See point 9 above.			
<b>Action required:</b> Post-handover Housing Leeds will contact the new tenants and residents to promote the local tenant and residents group.			

11. Could this activity be perceived as benefiting one group at the expense of another? (e.g. where your activity/decision is aimed at adults could it have an impact on children and young people)				
orman or all target opens,				
✓ Yes No				
Please provide detail:				
The demand for the new properties is likely to outstrip the supply and the new build homes are likely to be perceived as being more desirable than the council's existing stock, meaning the council's local lettings policy will determine which households are offered accommodation. Customers who do not receive preference may perceive the LLP to be unfair.				
Action required:				
The connection definition is wide enough to encompass residence, employment, family and other reasons. To mitigate any adverse equality impacts, the council has the discretion to waive the connection requirement in exceptional circumstances where undue hardship would otherwise result.				
In exceptional circumstances, customers with minor tenancy breaches who have demonstrated a change in behaviour may be exempted from the requirement for an excellent tenancy record. In addition, the council will also consider whether the breach has arisen because the customer required a support package.				
LCC to ensure that new properties are publicised and that the property adverts in the Leeds Homes website and flyer include clear details about the LLP criteria.
