

APPENDIX C.

Examples

1. A request is received for road markings to help a disabled person park outside their home. The request is from a resident of Cooper Road,.

Accidents

The request is for road markings. This is a form of signing for which the accident record plays no part in the prioritisation procedure.

Road Classification

The road is unclassified, therefore the weighting for this issue is 5 (unclassified + signs).

Speed Limit

The road is a restricted road by virtue of the presence of a system of street lighting, therefore its weighting is 20 (Urban 30 mph + signs).

Environment

The area is predominately residential, therefore its weighting is 25 (Urban residential + signs)

2. Residents of a village express concern regarding the speed of vehicles negotiating a sharp bend on the approach to the village.

Accidents

The concerns expressed relate to road safety. Only three accidents have been reported at the site over the last 5 years. However, two of these have been serious and 1 slight. With 3 accidents the weighting is 12 (accidents and safety)

Accident Severity

With 2 serious and 1 slight accidents the weighting is 2×2 (no. of serious accidents x factor for serious) = 4; plus 1×1 (no. of slight accidents x factor for slight) = 1.
Total weighting is $4 + 1 = 5$

Road Classification

The road is unclassified, therefore the weighting for this issue is 12 (unclassified + road safety).

Speed Limit

With no street lights or a speed limit restriction its weighting is 15 (Rural > 40mph + road safety).

Environment

The area is rural but away from housing, therefore its weighting is 10 (Rural Other + road safety)
