

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being or has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

Service Transformation have been awarded £30k and specialist support in User Centred Design techniques as part of the Social Care Digital Innovation Programme. The funding will be to explore the problem statement “How might we improve the experience for individuals and for staff, when an emergency transfer from a care home to hospital takes place

The purpose of the discovery phase is to carry out extensive user research and develop a prototype solution which can be submitted in an application to the next phase of SCDIP, which provides £90k and further support for implementation. The timescales for the project are extremely challenging with the Discovery Phase and application for the Implementation Phase expected to be complete by 27th September 2019

The support required to complete the work includes an advanced knowledge and application of user centred design techniques, and familiarity with the health and social care system. Mhabitat is an agency offering specialist skills in user centred design and are ideally placed to support the project given they are hosted by Leeds and York Partnership NHS Foundation Trust and specialise in supporting digital innovation in

health and social care. The accompanying DDN Report details the decision to use £21,700 plus VAT from the £30k allocated to the project from the LGA to appoint Mhabitat as a delivery partner.

Please provide specific details for all three areas below (use the prompts for guidance).

- **How have you considered equality, diversity, cohesion and integration?** (**think about** the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected)

- **Key findings** (**think about** any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

- **Actions** (**think about** how you will promote positive impact and remove/ reduce negative impact)
