

Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being or has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

1. Title: Helm Person Held Record

Is this a:

Strategy / Policy

Service / Function

Other

If other, please specify

Person Held Record developed by the Leeds City Council

2. Please provide a brief description of what you are screening

The decision to allocate the Better Care Fund grant capital to deliver Phase 2 of the Helm Person Held Record.

Helm is an existing platform developed by the Leeds City Council to provide people with a joined-up view of their health and care record and empower them to make more informed decisions about their health and care.

Phase 1 has delivered an 'open source' digital platform and Phase 2 will focus on enhancing its functionality and wider roll out.

3. Relevance to equality, diversity, cohesion and integration

All the council's strategies and policies, service and functions affect service users, employees or the wider community – city wide or more local. These will also have a greater or lesser relevance to equality, diversity, cohesion and integration.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, carers, disability, gender reassignment, race, religion or belief, sex, sexual orientation. Also those areas that impact on or relate to equality: tackling poverty and improving health and well-being.

Questions	Yes	No
Is there an existing or likely differential impact for the different equality characteristics?		√
Have there been or likely to be any public concerns about the policy or proposal?		√
Could the proposal affect how our services, commissioning or procurement activities are organised, provided, located and by whom?		√
Could the proposal affect our workforce or employment practices?		√
Does the proposal involve or will it have an impact on <ul style="list-style-type: none">• Eliminating unlawful discrimination, victimisation and harassment• Advancing equality of opportunity• Fostering good relations		√

If you have answered **no** to the questions above please complete **sections 6 and 7**

If you have answered **yes** to any of the above and;

- Believe you have already considered the impact on equality, diversity, cohesion and integration within your proposal please go to **section 4**.
- Are not already considering the impact on equality, diversity, cohesion and integration within your proposal please go to **section 5**.

4. Considering the impact on equality, diversity, cohesion and integration

If you can demonstrate you have considered how your proposals impact on equality, diversity, cohesion and integration you have carried out an impact assessment.

Please provide specific details for all three areas below (use the prompts for guidance).

- **How have you considered equality, diversity, cohesion and integration?** (think about the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected)

The Helm platform accessibility has been tested and its compliance with the WCAG AA standards as advocated by Government Digital Service has been confirmed.

The development is being done with full involvement staff, patient and citizen networks, including the Leeds Citizen Panel.

- **Key findings** (think about any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

The on-going development will continue with full involvement staff, patient and citizen networks, including the Leeds Citizen Panel

- **Actions** (think about how you will promote positive impact and remove/ reduce negative impact)

A training and support programme is in place addressing any issues during the roll out.

5. If you are **not already considering the impact on equality, diversity, cohesion and integration you **will need to carry out an impact assessment**.**
