

# Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being or has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

Is this a:

**Strategy / Policy**

**Service / Function**

**Other**

**If other, please specify**

**2. Please provide a brief description of what you are screening**

- Temple Newsam golf course covers 104 hectares of the well-known estate in East Leeds.
- Reflecting a national decline in the number of people playing golf, user and income figures for golf at Temple Newsam have steadily declined over the last decade. As a consequence, managing the golf course is now costing the council over £200k a year.
- To increase the popularity of the area for estate visitors and reduce costs, it is proposed that the section of Temple Newsam estate currently used for golf is transformed into a family cycling centre including road-safety park, family cycle trails and small BMX pump track that is managed and operated by the Temple Newsam estate team.

- It is also proposed that the potential to create an events space in the area is explored with the aim of increasing income from commercial events, whilst reducing the impact that some events can have on the estate visitor hub and local residents.
- And lastly it's proposed that, where suitable, the area is landscaped to reflect its original, historic design (by famous landscape architect, Capability Brown) to complement the rest of the heritage estate and benefit local wildlife.

### 3. Relevance to equality, diversity, cohesion and integration

Please provide specific details for all three areas below (use the prompts for guidance).

- **How have you considered equality, diversity, cohesion and integration?**  
(**think about** the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected)

- **Key findings**  
(**think about** any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

- **Actions**  
(**think about** how you will promote positive impact and remove/ reduce negative impact)
