Getting the most out of our resources

Leeds will:

- raise the profile of recycling centres and increase their use
- promote and support waste management at a local level to bring greater resource efficiency
- recycle and reuse more
- make reuse our first choice
- get ready to collect more recycling
- use energy from waste to heat homes
- understand our carbon footprint

OUTCOMES

- Reduction in the carbon impacts of waste generated
- Reduction in waste volumes generated
- Increase in reuse and recycling, prioritising materials offering the greatest carbon savings
- Heightened public awareness and local community ownership of waste issues, with clear evidence of increased public action and demand for change
- A growing body of businesses and other key organisations in Leeds becoming exemplars of waste reduction, and exercising clear influence for change through their own activities
- Evidence of a growing culture of reuse over disposing and buying new
- Measurable economic benefits within the city, in particular benefiting the economically disadvantaged.
