

### SCRUTINY BOARD (HEALTH AND ADULT SOCIAL CARE) – WORK PROGRAMME 2007/8 Outstanding/ Potential items

ITEM	DESCRIPTION	NOTES	DATE ENTERED INTO WORK PROGRAMME
Deferred item	<p><b>Review of National Blood Service Strategy</b>            We heard from Sheffield Council that the NBS were reviewing their services nationally. This might result in Sheffield or Leeds centres closing down and blood coming from Manchester.            The NBS then held a review of its review.            Representatives have offered to attend the Board to explain current proposals and implications.</p>	Deferred from the April 08 meeting due to Cabinet Office advice to public bodies during the period before the election.	
Update	<p><b>Renal Services</b>            In 2006/7, the Scrutiny Board received regular reports regarding the long term plans for renal services in Leeds following concerns raised by the LGI Kidney Patients Association. In April 2007, the Scrutiny Board recommended that the Leeds Teaching Hospitals NHS Trust continues its ongoing dialogue with the Kidney Patients Association and Leeds PCT on this matter and that the development of a renal dialysis facility at Wharfedale Hospital remains an option for consideration. The Board also recommended that the provision of renal services continues to be monitored by Scrutiny in the new municipal year.            There was a monitoring session held on 17<sup>th</sup> March 2008. The Leeds Kidney Patients Association (LGI and SJUH) had concerns regarding the transport provided by Yorkshire Ambulance Trust under contract to LTHT.</p>	LTHT, YAS and KPA to attend to update in September and try and resolve any differences.	17 March 2008

### SCRUTINY BOARD (HEALTH AND ADULT SOCIAL CARE) – WORK PROGRAMME 2007/8 Outstanding/ Potential items

ITEM	DESCRIPTION	NOTES	DATE ENTERED INTO WORK PROGRAMME
Follow-up from scrutiny	<b>Fire Safety at LPFT</b> This was thoroughly examined a couple of years ago with an inquiry. The fire authority subsequently issued some enforcement notices to the Trust and they were asked to put some recommendations in place. The last time they attended the Board in July 07, members resolved that the Board conclude its formal scrutiny of Leeds Mental Health NHS Trust fire safety standards, leaving future monitoring to the Trust's Fire Committee, although they did formally request a short written briefing from Michele for us to circulate, rather than a presentation at a future meeting, once all the recommendations from the enforcement notices/risk assessment are in place. I've reminded Michele and she'll get something to you asap.	Just a written report required - ought to be minuted that it's been received and circulated to members.	23 <sup>rd</sup> July 2007
Working group	<b>Health Proposals Working Group</b> To consider service development proposals and refer appropriately to the main Board.	Established by the previous Board to allow on-going and regular dialogue regarding service developments	
Request for Scrutiny	<b>Infection rates for Cdif and MRSA higher in LGI and Jimmys than in other Yorks/Humber hospitals.</b>	Requests from Laurence Wood (Former co-opted member of the Board Health and Adult Social Care Scrutiny Board)	
Request for Scrutiny	<b>Shortages in maternity services in Leeds and impact on neonatal care/ transfers.</b>	Requests from Laurence Wood (Former co-opted member of the Board Health and Adult Social Care Scrutiny Board)

ITEM	DESCRIPTION	NOTES	DATE ENTERED INTO WORK PROGRAMME
Request for Scrutiny	<b>Implications for health care in Leeds of the government's review of entitlement to primary care for refused asylum seekers and undocumented migrants.</b>	Medact sent in this request too late for inclusion on the 2007/8 workplan. Told them we would contact them early in 2008/9 to arrange for them to attend the first meeting to present their request.	21 <sup>st</sup> April 2008.
Request for Scrutiny	<b>Teenage Pregnancy</b> Identified as a significant issue currently facing the City from a variety of sources.	<b>Highlighted in a statement by the previous Board as a cross-cutting issue that may need to involve members of the Children's Service Scrutiny Board.</b>	
Request for Scrutiny	<b>Polyclinics within Leeds</b> To consider the local implications arising from the governments proposals to develop 'polyclinics' across England.	Recent coverage in the media would suggest this is a matter of some public concern	
Update arising from recommend'n tracking	<b>State of Play report</b> This item has resulting from tracking of recommendations in the Childhood Obesity report from 2005/6. The Leeds Play Network were undertaking a report about play facilities in Leeds and the Board asked for an update. Frank O Malley from the Leeds Play Network presented a verbal report on 21 <sup>st</sup> April 2008 (the written report wasn't drafted due to staff shortages). The Board asked for a report to a future meeting (written, not just verbal).	Written report and attendance at a future meeting, no date specified.	21 <sup>st</sup> April 2008

**SCRUTINY BOARD (HEALTH AND ADULT SOCIAL CARE) – WORK PROGRAMME 2007/8 Outstanding/ Potential items**

ITEM	DESCRIPTION	NOTES	DATE ENTERED INTO WORK PROGRAMME
Potential item for scrutiny	<p><b>Funding for Relate</b> Minute 194 of Executive Board minutes 12<sup>th</sup> March 2008 was picked up on by Board members. Minuted that the breakdown of family relationships can have a significant impact on health issues, this was something which members wanted to suggest for next year's work programme.</p>	The Board asked to include it as a potential topic for scrutiny for next year's Board.	21 <sup>st</sup> April 2008
Request for Scrutiny	<p><b>Diagnosis of child abuse in Leeds.</b> The problem of medical mis-diagnoses and the catastrophic consequences for the families concerned. A request that the Health Board holds an inquiry into the diagnosis of child abuse in Leeds.</p>	Request from Cllr Illingworth.	8 <sup>th</sup> May 2008
