

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being or has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

1. Title: Authority to undertake a procurement exercise in accordance with Contracts Procedure Rule (CPR) 3.1.6 for the supply of Telecare Equipment

Is this a:

☐ **Strategy / Policy**
☐ **Service / Function**
☒ **Other**

If other, please specify: Financial

2. Please provide a brief description of what you are screening

Approve the authority to undertake a procurement exercise in accordance with Contracts Procedure Rules (CPR) 3.1.6 for a period of 2 years to commence 1st September 2020 until 31st August 2022 with an option for the Council to extend up to a further period of 24 months.

The Leeds Tele Care Service has a responsibility to provide high quality telecare equipment for the people of Leeds.

Once the current contract ends there will be no suitable contract or arrangement in place that the Tele Care Service can utilise for the purchase of Telecare equipment, which meets the needs and requirements of both the service and the service users. Alternative procurement options have been considered as part of an options appraisal including the use of a Dynamic Purchasing System and External Framework. However, these are considered not to be suitable due to the lack of flexibility on both options.

The proposed framework will provide contractual security for the Tele Care Service, whilst allowing the Service to purchase a range of products that meet service user requirements

without stifling innovation or technological advancements.
