

Ref Response to further information add to the application

As this is to be carried out by video and I have a right to produce further evidence as act 2003 and 2005 I have sent this to be distributed to whoever may require this by email

Please find the following points :

Kavanis takeaway has made the point we moved in opposite 15 years after they opened , but accepted There to be a takeaway ,not as applied for a bar with live music/Recorded music !

As this is a request for a bar the comments as follows in the risk assement do not stack up

ITEM 8pf020 sale of alcohol will be ancillary to service of **TABLE MEALS**

ITEM 8PF013 patrons are not permitted to remove drinks open bottles or glass from the premises

**(See photo NO 3 attached karvanas owned takeaway showing patrons drinking outside!!)**

ITEM 8PF052 External doors to remain closed ( doors remain open all the time )

IITEM 8PF055 Noise from plant and machinery shall be inaudible at the nearest sensitive premises

(the new extraction fan installed is so loud we have had to move into the back bedroom

This extraction is now in dispute with ourselves and also the detached house facing)

ITEM 8PF084 people under18 years of age will not be admitted to the premises

( as this is a takeaway this will clearly not be adhered to )

Noting all the above the Risk assessment is not fit for purpose and should be re-assessed before

Any decision is be made

Please find the attached photos which give a more balance view of the situation

At the moment

As noted there is already a good pub minutes away which has all the correct facilities

Good parking/toilets etc and we have pizza ,greek and Chinese takaways which

Are already serving the community

parking problems

discarded takeaway / litter 1

drinking outside 1

YOUTHS GATHERING OUTSIDE 1
