1.0 Introduction

- 1.1 Last year Overview and Scrutiny Committee agreed to adopt a new, more formal system of recommendation tracking, to ensure that scrutiny recommendations were more rigorously followed through.
- 1.2 As a result, each Scrutiny Board now receives a quarterly report on any recommendations from previous inquiries which have not yet been completed.
- 1.3 This will allow the board to monitor progress and identify completed recommendations; those progressing to plan; and those where there is either an obstacle or progress is not adequate. The board will then be able to take further action as appropriate.
- 1.4 A standard set of criteria has been produced, to enable the board to assess progress. These are presented in the form of a flow chart at Appendix 1. The questions should help to decide whether a recommendation has been completed, and if not whether further action is required.
- 1.5 For each outstanding recommendation, a progress update is provided. In some cases there will be several updates, as the board has monitored progress over a period of time.
- 1.6 To assist members, the Principal Scrutiny Adviser has given a draft status for each recommendation. The board is asked to confirm whether these assessments are appropriate, and to change them where they are not.

- 1.7 In particular, members should note that a number of recommendations have a draft status of 4 or 5. For these recommendations, the Principal Scrutiny Adviser suggests that progress has been made. However, the decision as to whether this progress is acceptable is a judgement for board members to make.
- 1.8 In deciding whether to undertake any further work, members will need to consider the balance of the board's work programme.

2.0 Next Steps

- 2.1 The next cycle of quarterly recommendation tracking reports will be presented to Scrutiny Boards in October 2008, enabling the Board to judge progress against outstanding recommendations.
- 2.2 Elsewhere on this agenda, the board is considering a formal response to the statement on Inclusion, published in April 2008. Any recommendations which require ongoing action will be added to this report for the next cycle of recommendation tracking.

3.0 Recommendations

- 3.1 Members are asked to:
- Agree those recommendations which no longer require monitoring;
 - Identify any recommendations where progress is unsatisfactory and determine the action the board wishes to take as a result.
