“notes with some relief that a UK–EU Trade and Cooperation Agreement has been signed, setting out the basis for the UK’s trading relationship with the EU. Council regrets the division caused by the referendum, and the significant uncertainty created over the years that it has taken to reach an agreement. Council recognises that severing our previously beneficial trading position within the EU would have been even more disastrous without a trading agreement with the EU being signed.

Now that the detail of the agreement is known, this Council requests that a report is presented to Executive Board setting out the implications for Leeds and how the city can make the most of any opportunities that may arise from the new relationship with the EU. Council also requests that the cross-party member working group continues to meet in order to inform and guide this work.”
