

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration. In all appropriate instances we will need to carry out an equality, diversity, cohesion and integration impact assessment.

This form:

- can be used to prompt discussion when carrying out your impact assessment
- should be completed either during the assessment process or following completion of the assessment
- should include a brief explanation where a section is not applicable

Directorate: City Development	Service area: Highways & Transportation
Lead person: Gillian MacLeod	Contact number: 0113 37 88091
Date of the equality, diversity, cohesion and integration impact assessment: 22 October 2019	

1. Title: Equality Implications of Section 278 Process		
Is this a:		
<input checked="checked" type="checkbox"/> Strategy /Policy	<input type="checkbox"/> Service / Function	<input type="checkbox"/> Other
If other, please specify		

2. Members of the assessment team:

Name	Organisation	Role on assessment team e.g. service user, manager of service, specialist
Gillian MacLeod	LCC	Service Manager
Adrian Hodgson	LCC	Service Officer
Andrew Thickett	LCC	Service Officer
John Mills	LCC	Technical Support Team Leader
Kasia Speakman	LCC	Highways Access Officer

3. Summary of strategy, policy, service or function that was assessed:

Section 278 (S278) of the Highways Act 1980 makes provision for the Highway Authority to enter into an agreement to execute works with any other person (either an individual / organisation / developer) to make modifications, improvements and changes to the highway and for those works to be funded by that person / developer or organisation.

A S278 agreement is entered into between developers and the Council and ensures that any impact on the highway, or improvements required to the highway, as a result of developments undertaken are agreed, and paid for prior to the works commencing.

S278 agreements can be entered into with an individual, but generally they are made between Developers and the Council.

There are three types of S278 agreements:

Mini Section 278 Agreements

A Mini Section 278 Agreement is a formal arrangement to enable developers to carry out extremely minor highway works. This type of agreement covers minor footway crossing works, amendments to paving to provide level access, removal and reinstatement of planters, etc where the Developer designs and constructs the works, but provides a bond as surety. Leeds City Council obtains staff fees for checking the design and supervision of the works and fixed legal costs. This type of agreement is very minor in nature and does not include for commuted sums (payments for maintenance).

Minor Section 278 Agreements

A Minor Section 278 Agreement is a formal arrangement for developers to carry out minor highway works themselves. It follows the same format as a mini S278 agreement but is used for schemes which are slightly more involved than a footway crossing, but not so involved that there is any major requirement for traffic management on a busy road, or likely involvement with statutory undertakers, and the design is not complex in any way. This type of agreement is most often used where the development and highway works are adjacent or make use of the same site, making it very difficult for a separate contractor to be working in the same area, eg re-paving footways, provision of lay-by within a site contractor's working zone. A Minor S278 still requires the provision of a bond but does also allow for the acquisition of commuted sums for maintenance.

Standard Section 278 Agreements

A Standard Section 278 Agreement is used for all other highway works. The works are designed and supervised by Leeds City Council on behalf of the Developer. This type of agreement is used for most significant off-site highway works associated with planning applications. Standard S278 agreements do not require the provision of a bond as all monies are paid upfront.

This Equality, Diversity, Cohesion and Integration (EDCI) Impact Assessment considers the process of determining the requirements of such developments and how this process gives due regard to the equality characteristics. Specific EDCI considerations of the schemes are considered at planning application stage when the principal of the development and associated infrastructure works are approved. A summary of these considerations is included in section 5.

--

4. Scope of the equality, diversity, cohesion and integration impact assessment (complete - 4a. if you are assessing a strategy, policy or plan and 4b. if you are assessing a service, function or event)
--

4a. Strategy, policy or plan (please tick the appropriate box below)	
The vision and themes, objectives or outcomes	<input checked="checked" type="checkbox"/>
The vision and themes, objectives or outcomes and the supporting guidance	<input type="checkbox"/>
A specific section within the strategy, policy or plan	<input type="checkbox"/>
Please provide detail:	

4b. Service, function, event please tick the appropriate box below	
The whole service (including service provision and employment)	<input type="checkbox"/>
A specific part of the service (including service provision or employment or a specific section of the service)	<input type="checkbox"/>
Procuring of a service (by contract or grant)	<input type="checkbox"/>
Please provide detail:	

5. Fact finding – what do we already know Make a note here of all information you will be using to carry out this assessment. This could include: previous consultation, involvement, research, results from perception surveys, equality monitoring and customer/ staff feedback. (priority should be given to equality, diversity, cohesion and integration related information)

Process Review

When considering the requirements of a planning application that will require a S278 agreement to deliver highway works once consent is granted, a pro-forma is completed which considers the following:

- Development type and location
- Accessibility – using guidelines laid down in the Leeds Core Strategy, Manual for Streets and LCC Street Design Guide (which has been the subject of an EIA) consideration is given to; walkers, cyclists, public transport users, vulnerable road users and impact on services nearby, for example - schools
- Vehicular access – safety of this relating to width, radii, visibility splays, crossing opportunities
- Internal layout / servicing / bins – shared surface issues. Ability to move around safely.
- Parking – safety issues, availability of disabled spaces in line with the Core Strategy and Parking SPD.
- Travel Plan – Availability and accessibility of public transport.
- Off site highways works – impacts of the development on the surrounding area e.g. – increased traffic flows, do we need a new set of traffic lights.
- Road safety – current statistics and impact on these.
- Planning conditions

These items are considered in terms of the protected characteristics.

S278 (4) states that “A highway authority shall not enter into an agreement under this section unless they are satisfied that it will be of benefit to the public”, and any suggested changes are put forward with this in mind.

Site Specific Considerations

Dropped kerbs and tactile paving are to be introduced which will provide a safe pedestrian environment, especially for elderly or visually impaired people.

A speed table, speed cushions and build outs are to be added to David Street, this will slow vehicles speeds creating a safer environment for pedestrians and cyclists.

Are there any gaps in equality and diversity information

Please provide detail:

No, however to reinforce the need to consider equality impacts, an additional equality item will be added to the pro-forma. – completed 2012.

Review operation of equality heading on proforma. – May 2017

Action required:

Amendments to be made to the pro-forma.- completed 2012.

Update team in Technical Team Meeting to ensure importance of correctly filling in proforma. – May 2017

Procedure reviewed October 2019 – site specific considerations added

6. Wider involvement – have you involved groups of people who are most likely to be affected or interested

☒

Yes

☐

No

Please provide detail:

The works subject to the S278 agreement have been consulted on through the Planning process which includes statutory processes for consultation.

The guidelines issued by the Department for Transport and other agencies which we follow have been equality impact assessed, and this involved some element of consultation. We follow these guidelines and as such, wider consultation is not required or relevant however, each S278 proposal is sent to the relevant Ward Member for their input on behalf of residents.

Action required:

None

7. Who may be affected by this activity?

please tick all relevant and significant equality characteristics, stakeholders and barriers that apply to your strategy, policy, service or function

Equality characteristics

☒

Age

☒

Carers

☒

Disability

☐

Gender reassignment

☒

Race

☒

Religion
or Belief

☒

Sex (male or female)

☐

Sexual orientation

☐

Other

(Other can include – marriage and civil partnership, pregnancy and maternity, and those areas that impact on or relate to equality: tackling poverty and improving health and well-being)

Please specify:

Stakeholders

☒

Services users

☒

Employees

☐

Trade Unions

☐

Partners

☒

Members

☐

Suppliers

☐

Other please specify

Potential barriers.

☒

Built environment

☒

Location of premises and services

☐

Information
and communication

☐

Customer care

☒

Timing

☐

Stereotypes and assumptions

☒

Cost

☐

Consultation and involvement

☐

Financial exclusion

☐

Employment and training

☐

specific barriers to the strategy, policy, services or function

Please specify

The location and heritage of a site may affect the type of improvements allowed.

In the current economic climate, the cost of certain improvements will effect what changes are agreed.

8. Positive and negative impact

Think about what you are assessing (scope), the fact finding information, the potential positive and negative impact on equality characteristics, stakeholders and the effect of the barriers

8a. Positive impact:

The designs put forward will take into account the needs of each of the equality characteristics and will aim to meet Section 278 (4) states that “A highway authority shall not enter into an agreement under this section unless they are satisfied that it will be of benefit to the public”.

Action required:

8b. Negative impact:

None. All designs will be of benefit to the public to meet the requirements of S278 (4)..

Action required:

9. Will this activity promote strong and positive relationships between the groups/communities identified?

☐

Yes

☐

No

Please provide detail:

Not applicable

Action required:

10. Does this activity bring groups/communities into increased contact with each other? (e.g. in schools, neighbourhood, workplace)

☒

Yes

☐

No

Please provide detail: Improving and adding to the public realm with inclusive, accessible and safe design will increase use by the public.

Action required:

--

11. Could this activity be perceived as benefiting one group at the expense of another? (e.g. where your activity/decision is aimed at adults could it have an impact on children and young people)

☐

Yes

☒

No

Please provide detail:

Action required:

None

12. Equality, diversity, cohesion and integration action plan

(insert all your actions from your assessment here, set timescales, measures and identify a lead person for each action)

Action	Timescale	Measure	Lead person
Add 'Additional Equality Considerations to the S278 pro-forma.	December 2012	N/A	Gillian MacLeod
EIA reviewed and updated by Highways Development Services reps.	May 2017	Update team at technical team meeting May 2017	Gillian MacLeod
EDCI IA reviewed and amended. Specific site considerations that were considered at planning application stage has been added to section 5.	October 2019	Update TDS team and ensure site specific considerations are included in S278 HB Reports going forward.	Gillian MacLeod

Action	Timescale	Measure	Lead person

13. Governance, ownership and approval

State here who has approved the actions and outcomes from the equality, diversity, cohesion and integration impact assessment

Name	Job Title	Date
Gillian MacLeod	Transport Development Services Manager	October 2019
Date impact assessment completed		22/10/2019

14. Monitoring progress for equality, diversity, cohesion and integration actions (please tick)

- ☒ As part of Service Planning performance monitoring
- ☐ As part of Project monitoring
- ☐ Update report will be agreed and provided to the appropriate board
Please specify which board
- ☐ Other (please specify)

15. Publishing

Though **all** key decisions are required to give due regard to equality the council **only** publishes those related to **Executive Board, Full Council, Key Delegated Decisions** or a **Significant Operational Decision**.

A copy of this equality impact assessment should be attached as an appendix to the decision making report:

- Governance Services will publish those relating to Executive Board and Full Council.
- The appropriate directorate will publish those relating to Delegated Decisions and Significant Operational Decisions.
- A copy of all other equality impact assessments that are not to be published should be sent to equalityteam@leeds.gov.uk for record.

Complete the appropriate section below with the date the report and attached assessment was sent:

For Executive Board or Full Council – sent to Governance Services	Date sent:
For Delegated Decisions or Significant Operational Decisions – sent to appropriate Directorate	Date sent:
All other decisions – sent to equalityteam@leeds.gov.uk	Date sent: 24 April 2013 Reviewed and re-sent May 2017, November 2019
