

# Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

## 2. Please provide a brief description of what you are screening

The Director of Adults and Health is being requested to approve the request to modify the Community Home Care Service Contract under Public Contract Regulations 2015, Section 72. The Community Home Care Service contract expires 31st May 2021 and work is currently underway to develop a new home care model for Leeds based on community wellbeing teams. This is a significant change programme which commenced in 2019 and the directorate has now implemented an 18 month pilot project, which commenced in September 2020, to test and develop the new model of care. There has been a delay to the commencement of the pilot project due to the impact of the Covid pandemic on the health and social care sector in the city. To allow for wider recommissioning work to be effectively delivered, and learning from the pilot realised, this modification is required to ensure there is the time needed to develop this new service model and consult with necessary stakeholders. This modification will extend the period of the original contract for up to 12 months from 1st June 2021, with an option for a further 12 month period. This will provide the flexibility to commission future services sooner if the necessary work has been completed. The decision to modify the contract in this way would be taken under section 72 of the Public Contract Regulations 2015. This decision will ensure continuity of service to the people of Leeds and that LCC fulfils its statutory responsibilities.

### 3. Relevance to equality, diversity, cohesion and integration

- **How have you considered equality, diversity, cohesion and integration?**

- **Key findings**  
(**think about** any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)
