133 Exempt Information - Possible Exclusion of the Press and Public

RESOLVED – That, in accordance with Regulation 4 of The Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012, the public be excluded from the meeting during consideration of the following parts of the agenda designated as exempt from publication on the grounds that it is likely, in view of the nature of the business to be transacted or the nature of the proceedings, that if members of the public were present there would be disclosure to them of exempt information so designated as follows:-

- (A) That appendix 5 to the report entitled, 'South Bank Regeneration', referred to in Minute No. 147 be designated as being exempt from publication in accordance with paragraph 10.4(3) of Schedule 12A(3) of the Local Government Act 1972 and considered in private on the grounds that the information contained within that appendix relates to the financial or business affairs of a particular person (including the Council). It is considered that the public interest in maintaining the content of Appendix 5 as exempt from publication outweighs the public interest in disclosing the information, as doing so would prejudice the Council's commercial position and that of third parties in the negotiation of a land transaction, should they be disclosed at this stage.

In considering the issues which had been raised, Members were advised of the range of measures which were proposed to be put in place regarding transport, highways and road safety, with it being undertaken that the effectiveness of such measures would be monitored, so that consideration could be given to adapting them, as appropriate.

142 Leeds Kirkgate Market Strategy 2021-2026

The report and the appended strategy provided details of the market's current situation, one that showed significant investment and commitment to the market by a range of partners, but also which highlighted the fact that the market was operating in the most challenging retail environment that the UK had seen for many years.

In presenting the submitted strategy and covering report the Executive Member highlighted a number of points including the key role that the market played in Leeds' city centre offer, the investment which continued to be made to the market's infrastructure and the ongoing support for traders, which included the provision of a rent discount scheme. Members also received an update on the market's occupancy levels, and the innovative work being undertaken with the aim of increasing the customer base. Also, it was noted that the Council's Capital Programme, as approved by full Council in February 2021, did include provision of £7.17m towards further maintenance works at the market, which would have a borrowing implication. Officers undertook to provide further detail on such matters to the Member in question, however, in conclusion, it was highlighted to the Board that although the Council's levels of prudential borrowing would have an effect on the Authority's overall financial position, it had no direct impact upon traders or matters such as rent levels.

Members discussed and received further information regarding the development of the market in line with the strategy, and ensuring that its offer remained sustainable and inclusive.

In response to a further enquiry, the Board was provided with an update on the projected underspend within the Housing Revenue Account, which was primarily due to the reduction in the revenue contribution required to support its capital programme, given such works were unable to be undertaken during the first wave of the pandemic. It was noted that such underspend would carry forward into 2021/22, and that over the coming months a better indication would become available regarding the level of capital works which would be achievable during 21/22.
