

Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

2. Please provide a brief description of what you are screening
<p>Leeds City Council currently commissions a programme that provides services offering breastfeeding peer support by providing training for mothers to enable them to provide a wide variety of support and information groups, monthly group supervision sessions for trained peer supporters and networking sessions.</p> <p>The current contract arrangements with Health for All and Women’s Health Matters to deliver this service were put in place on 1st April 2017 for 2 years (with an option to extend for a further 2 years). However these contracts will end on 31st March 2021 and there are no further contract extensions available on the existing contracts.</p> <p>Based on the findings of the review work and consultation, it is the Council’s intention to procure a single service model for a breast feeding peer support service for women and children in Leeds. The new service model incorporates and builds on the services offered by the existing providers. Approval is being requested to grant the authority to enter in to a</p>

competitive tender process to procure a new 'Breast Feeding Peer Support' service for a period of 2.5 years (with an option to extend for a period of up to 36 months in any combination) with a maximum budget of £38,810 pa (£232,860 for the overall contract period). Due to the slippage in the current procurement time line due to pending decisions regards the budget, 6 month contract variations are being requested to ensure that we have adequate time to go out to procure a new combined Breastfeeding Peer Support service. It is intended the competitive tender process will now begin in January 2021 and the new Breastfeeding Support service will commence on the 1st October 2021.

The new service will work collaboratively with Public Health and key partners including Leeds Community Healthcare 0-19 Public Health Integrated Nursing service, LTHT Maternity and Neonatal services and Children's Services (children's centres) to ensure breastfeeding peer support provision is an embedded part of the offer for pregnant women, new mothers and their families.
