

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being or has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

2. Please provide a brief description of what you are screening

- In February 2021, Public Health England announced additional grant funding for local authorities for additional medically managed inpatient detoxification. To access the additional funding bids were required from regional or sub-regional consortia of local authorities. Each consortium needed to be have one lead local authority. Leeds City Council has worked with Barnsley Metropolitan Borough Council, Calderdale Metropolitan Borough Council and North Yorkshire County Council to form a sub-regional consortium with Leeds City Council being the lead authority.
- Public Health England have awarded a grant of £354,805 to Leeds City Council as the lead authority of the consortium to provide additional inpatient

detoxification provision. Leeds City Council will enter into a grant agreement with Humankind, who are commissioned by each of the authorities in the consortium to delivery drug and alcohol services, to manage the inpatient detoxification scheme.

- The funding will enable 1,100 additional bed nights to be purchased across the consortium. These will be allocated to people from each local authority area in proportion to the funding allocation for that authority area as outlined in the table above. This process will be managed by Humankind and the consortium arrangements as a whole will be managed by Leeds City Council.

Please provide specific details for all three areas below (use the prompts for guidance).

- **How have you considered equality, diversity, cohesion and integration?** (think about the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected)

- **Key findings** (think about any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

- **Actions** (think about how you will promote positive impact and remove/ reduce negative impact)
