Subject: Premises licence

Dear Ms Raper,

wi

I'm writing to you again, in connection with this to application for an outdoor drinking licence, to express my strongest possible objections. I have copied this into our local highways engineer and [REDACTED]. To be even considering outdoor drinking in a fixed setting next to a zebra crossing on a road known for speeding and, I might say, a road on which my former neighbour was knocked down and killed, is beyond belief.

I have to say that it is only a matter of 4 years since the council spent thousands introducing anti-speeding measures which have only partially worked, including the zebra crossing right outside the premises concerned.

I hope the Highways department will make the necessary observations and oppose this application. I also think you need to contact the Police directly.

I look forward to hearing from you.

Regards,

Cllr Andrew Carter CBE

Calverley & Farsley Ward
