

## **Matters Arising from previous meetings**

The following provides an update on issues from the last Area Committee meetings held on 3<sup>rd</sup> July and the special Area Committee meeting held on 31<sup>st</sup> July that do not appear on the agenda of this meeting.

### **Area Committee meeting 3<sup>rd</sup> July**

#### **5 Bethel Day Centre**

The Director of adult social services and head of commissioning met with members of the Bethel management committee on 16th July. A decision was made by mutual agreement that the council will cease permanent funding for the centre on 31st March 2009. Managers from adult social services dept will support the management committee in bringing the service to a close. In addition it was agreed that remaining service users will be provided with an assessment of their needs by care managers and that appropriate support to meet their needs will be offered and provided to them.

This information has been circulated to members of the Inner North West Area Committee and in addition to Bethel Day Centre Management Committee for their information. At the request of the Chair of the Inner North West Area Committee, as there is no follow up to this issue or concerns raised, there will be no report made to this meeting of the Area Committee from the Director of Adult Social Services.

#### **5b Disposal of St Ann's Mill**

A letter was sent on 17<sup>th</sup> July 2008 from the Chair of the Inner North West Area Committee to request Executive Board support that the local community be given the opportunity to develop a Community Interest Company and produce a business plan for alternative use of the mills.

In response to the deputation, a report was submitted to Executive Board on 2 September. In relation to the land to the rear of St Ann's Mills subject to flooding, Executive Board agreed that this will be a key factor in assessing any planning application submitted by a developer.

#### **6a Resident Parking Zones**

An action to review parking provision, including resident parking zones, has been included in the 2008/09 Area Delivery Plan. Similarly an action to support 20 mph zones, initially in Hawksworth Wood. A meeting of the Transport sub group is being arranged in October, date to be confirmed.

#### **8b Woodhouse Moor – Proposed Bus Lane**

A letter was sent on 7<sup>th</sup> July to Transport Strategy Department expressing concerns regarding the creation of a bus lane along the Woodhouse Moor section of Woodhouse Lane. It was stressed that if the creation of a bus lane were to result in loss of the existing Yorkstone pavement and require land being taken from Cinder Moor, then the Committee would object to such plans.

#### **12 Leeds Girls' High School**

A letter has been sent to advise of the Inner North West Area Committee's endorsement of the Community Planning Brief.

## **Area Committee meeting 31<sup>st</sup> July 2008**

### **20 Area Delivery Plan**

The membership of the Area Delivery Working Group has been revised to include the following members

- Cllr Ewen
- Cllr Matthews
- Cllr Chastney
- Cllr Atha

A meeting of the group took place on Monday 1<sup>st</sup> September. Comments submitted at the meeting on 31<sup>st</sup> July were considered and amendments made. The revised plan has been circulated to members of the Area Committee and local community groups.
