Safer, Stronger Communities

Foreword

Welcome to the Leeds Safer, Stronger Communities: City Plan, which sets out our statement of intent and what we will collectively focus on to achieve better community safety outcomes.

Much has been achieved over the last three years, including reductions in recorded crime and real positive changes in the way victims are supported and encouraged to report crimes but we are not complacent, and we know there is always room for improvement. The pandemic has shone a light on a host of inequalities and through this new city plan we will strengthen our commitment to work with and for communities. As a partnership we recognise there is more we can collectively do to keep people safe from harm, prevent and reduce offending, and create safer and stronger neighbourhoods.

From listening to our communities we have heard how the impact of crime on individuals, families and neighbourhoods can be devastating and we understand how the fear of crime can affect people in their homes, on the streets and the places they go. Some communities will experience crime and anti-social behaviour because of who they are, or where they live and some may not feel comfortable in coming forward and reporting it, this is not right. In turn, peoples' experiences and perceptions can have a detrimental impact on their lives. At the same time, we know the nature and type of crime is changing and evolving; cyber related crime has become more prevalent, and there are a multitude of platforms that are now used to facilitate, exploit and groom people. There are young people and adults in this city who are being abused or exploited into criminality.

As a compassionate city, preventing victimisation and supporting people harmed by crime is central to our work, as is tailoring our response to individual needs. We will listen to, be informed by, and work with people with lived experience, to shape services.

Within the plan we outline our shared priorities; all have a 'victim, offender, location' basis and all are strongly connected, as one impacts on the other both directly and indirectly. Our 'safer, stronger communities' model will place a greater emphasis on early identification, prevention and intervention so we can be responsive to local needs and work with others to create thriving, resilient communities that promote respect. We will place a collective emphasis on meeting the needs and demands of people in this dynamic and diverse city, as well as preventing future victimisation and offending; ensuring we strive to make every contact count. Everyone has the right to live in a safe, clean and tolerant society and everyone has a responsibility to behave in a way that respects this right.

Our approach denotes both universal and targeted approaches to addressing community safety themes, regardless of the issue, with a recognition that to achieve the desired outcomes, emphasis has to be on both 'People' and 'Place'.

Finally, we would like to thank all staff and volunteers across the partnership for your continued commitment and passion to serve the people and communities of Leeds. We are truly a compassionate and courageous city and you have demonstrated this during the pandemic.

We are therefore pleased to introduce the Safer, Stronger Communities: City Plan and ask you to consider your offer in supporting and securing better community safety outcomes for the people of Leeds.

We are firmly believe we are stronger when we work together.

Kind regards

Councillor Debra Coupar

Deputy Leader of Leeds City Council and
Executive Member for Resources

Director of Communities, Housing and
Environment: Leeds City Council

About this Plan

This Safer, Stronger Communities: City Plan sets out the strategic direction of Safer Leeds Executive and will be used to hold the partnership to account for keeping communities safe.

Safer Leeds is the city's statutory Community Safety Partnership, responsible for tackling crime, and disorder; we have a strong record of partnership working, which was embedded as part of the Crime and Disorder Act (1998) and subsequent legal enhancements. Safer Leeds aims to serve all members of its communities, giving due regard to implications for different groups to ensure people are not excluded or disadvantaged because of Age, Disability, Gender, Race, Religion and Belief, or Sexual Orientation.

Our Ambition

To be the best city in the UK with the best community safety partnership and services:

- ❖ Working with and for communities, families and individuals, so people are safe and feel safe in their homes, in the streets, and the places they go
- ❖ Developing a shared sense of the assets of individuals and communities, with a focus on building self-reliance and resilience
- ❖ Getting to the root causes of issues, developing effective solutions and creating new ways of working to enhance locality working
- ❖ Building real opportunities so there is potential for people and places to prosper

Our Strategic Outcomes

As the end result, we want to:

- I. Keep people safe from harm,
- II. Prevent and reduce offending and
- III. Create safer and stronger communities

Accountability

The Safer Leeds Executive has a statutory requirement to:

- Regular engage and consult with the community
- Prepare and implement a Community Safety Plan
- Produce Joint Strategic Assessments
- Ensure information sharing arrangements
- Produce a strategy to reduce reoffending
- Be responsible for establishing Domestic Homicide Reviews and applying learning
- Be responsible for establishing Anti-Social Behaviour Reviews and applying learning

Recognising no single agency can address these complex risks, threats and harms alone, the following are committed to working collectively through the Safer Leeds Executive, in line with agreed terms of reference and information sharing protocols: - Leeds City Council, West Yorkshire Police, Leeds NHS, West Yorkshire Fire and Rescue Service, West Yorkshire Probation Services, HMP Service, and the Voluntary & Community Sector.

Challenge and Change

As a partnership, we are ambitious and look to maximise all opportunities, review and refresh where needed, and apply lessons learnt, to:

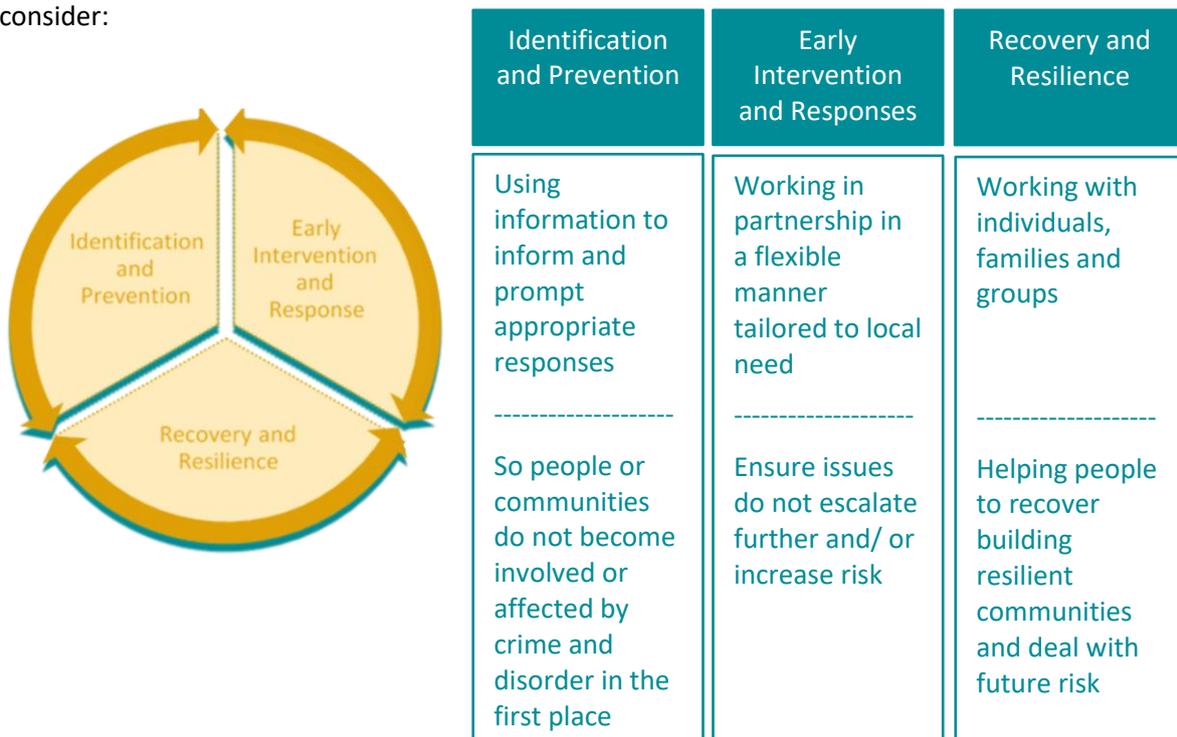

- ❖ Apply a Safer, Stronger Communities model which places a greater emphasis on early identification, prevention and intervention, so we can be responsive to local needs by working with communities before a crisis point, preventing future victimisation and offending.
- ❖ Deliver results efficiently and cost effectively, with clear accountability. We will use this plan to direct resources and activity, working with and for the people of Leeds to achieve better community safety outcomes.
- ❖ Work jointly with local connected boards (e.g. Health and Wellbeing Board, Leeds Safeguarding Children Partnership, Leeds Safeguarding Adults Partnership), and key West Yorkshire boards, including the West Yorkshire Combined Authority, on shared priorities.
- ❖ Address the impact of inequalities experienced by some members of our communities, who may be more affected by incidents and/ or crimes.
- ❖ Undertake an annual review and refresh of our delivery plans.

Approach

The **Safer, Stronger Communities** model will guide strategic thinking and operational activity across all the shared priorities, so we can:

- ❖ Strengthen the safer and stronger elements of partnership working
- ❖ Address crime and anti-social behaviour to keep people safe from harm, and
- ❖ Be responsive to local needs, to create thriving, resilient communities that promotes respect

When developing, implementing and reviewing delivery plans against the shared priorities, respective boards will consider:

The model is based around a **PEOPLE** and **PLACE** approach encompassing all aspects of lifestyle and identity. This includes neighbourhoods where people live and the places they go, but also communities of interest and groups with which a person will interact and can be applied at the following levels:

- ➔ Individual/ Family...Community/ Neighbourhood...City-wide/ Strategic

Fundamental to this model will be connecting the wider social and economic determinants that impact on safer and stronger communities, through effective partnership collaboration.

Shared Priorities

We have listened to our communities, consulted stakeholders and through the 2021 Strategic Intelligence Assessment identified a number of priority themes and issues affecting safety and feelings of safety, for individuals, neighbourhoods and communities. Listed here are the core community safety shared priorities that negatively impact on people and places. We will focus on these priorities, flexing to respond to need and demands ensuring we are intelligence led and agile in our partnership response.

Shared Priorities	What are the key issues?
ASB and Public Order	<ul style="list-style-type: none"> Victims/ witnesses who suffer from the impacts of ASB Youth nuisance and disorder Communities where there is high prevalence of incidents
Domestic Violence and Abuse	<ul style="list-style-type: none"> Victims/ witnesses of traumatic incidents, including young people living in abusive households and repeat victims High risk offenders
Hate Crime	<ul style="list-style-type: none"> Impact on victims' and communities' feelings of safety Rises in tensions and incidents following local/ national/ international events
Illicit Drugs and Substance Use	<ul style="list-style-type: none"> Impacts of illicit drug markets on communities and families Complex drug supply networks
Offending Behaviours	<ul style="list-style-type: none"> Offender management and repeat offending Use of violence/ intimidation, including targeting associates and families of individuals Communities where there is high prevalence of offending

These priorities interrelate and interlink with wider social and economic determinants, such as impacts of poverty and deprivation, mental health and chronic effects of trauma, substance use, family/peer relationships, education, housing and homelessness, employment, and community/ neighbourhood design. All have a potential 'Victim-Offender-Location' basis, and all provide clarity for defining and measuring outcomes.

Implementation Framework

To support and manage the delivery of this Safer, Stronger Communities: City Plan, Safer Leeds Executive has undertaken a review and refreshed its governance and accountability arrangements including:

- **Safer Leeds Executive (Gold)**, consists of officers from the 'Responsible Authorities' and 'Co-operating Bodies', and includes political representation from the Lead member for Community Safety and co-opted local representation from the West Yorkshire Police Crime Panel.
- **Delivery Boards (Silver)**, are chaired by a member of Executive reporting on progress, risks or threats as part of their duties. Below are sub groups and/ or where appropriate Task and Finish Groups (Bronze)
- **Task & Finish Steering Groups**, will be assigned by the Executive, as when required...these could be to consider cross cutting opportunities, for example around communication / campaigns, funding/ bids, and/ or specific commissioned intelligence products
- **Connected Boards/ Significant Partnerships**, play a significant role in contributing to Safer Leeds shared priorities and at least one person from the Executive is a member of these Boards, to ensure synergy at a strategic and operational level. In addition, this strategy links to other strategic plans, priorities and other Boards, including alignment to and contributing directly to West Yorkshire's Police and Crime Plan.
- **Community Safety Champions**, are elected members, who 'champion' the work of Safer Leeds through their activity with local people and with local service providers.
- **Funding**, is primarily funded by mainstream resources of each organisation and work 'in-kind' and/ or other grants where additional funding is secured; including the West Yorkshire Community Safety Fund.
- **Governance, Information Sharing and Accountability Arrangements**, governance arrangements are through Leeds City Council.

Focus on our Strategic Outcomes

To achieve our strategic outcomes we will work with and for communities, and collaborate with trusted third sector organisations and connected partnerships who share our ambitions.

Our Strategic Outcomes...we want to:

- I. Keep people safe from harm,
- II. Prevent and reduce offending and
- III. Create safer and stronger communities

Keep people safe from harm...what does this mean?

We want all people who live, work and socialise in Leeds to be safe and feel safe. This outcome is at the heart of the work that all partner agencies do. Anti-social behaviour and crime can cause considerable distress to people, it is damaging to individuals, families and communities, affecting their health and wellbeing and can escalate into other serious behaviours. People who come into contact with services may have multiple and compounding complex needs, so having person-centred approaches and improving our collective response in a trauma informed manner is fundamental.

It is about:

- ❖ Protecting people who are victims of crime or at risk of being victimised and safeguarding people from harm
- ❖ Preventing people from being victims and/ or being exploited
- ❖ Promoting feelings of safety and confidence in policing and community safety, building resilience and recovery

Prevent and reduce offending...what does this mean?

We want people who commit crime and anti-social behaviour to change their behaviour. This outcome is fundamental to keeping people safe and is central to services working for and within the criminal justice systems. Offending takes many forms, and for those causing harm there are and should be appropriate consequences, including diversionary and rehabilitation programmes, custodial sentences, supervision in the community etc. With support people should be given opportunities to turn their lives around and desist from commit offences. People who offend, reoffend or who are at risk of first time offending do so for a host of different reasons but it is their behaviour that has a direct impact on their victims, their families and communities and ultimately themselves.

It is about:

- ❖ Preventing acts of ASB and criminal behaviour
- ❖ Problem solving justice, across services with and for people
- ❖ Intervening early to reduce the risk of escalation of offending and rehabilitating people to change their lives

Create safer and stronger communities...what does this mean?

We want Leeds to continue to be a compassionate and caring city that tackles poverty, reduces inequalities and promotes tolerance and respect. This outcome is fundamental to the city's visions of being welcoming, fair, with a sustainable strong economy that brings opportunities to all. With existing and new crime and disorder demands there is a requirement to focus the right resources in the right place at the right time.

It is about:

- ❖ Building resilient communities, supporting those in need as well as ensuring people are empowered to help themselves
- ❖ Strong local leadership, system change through listen to and acting on community conversations to resolve problems and conflict locally, raising aspiration and creating better links to social and economic opportunities
- ❖ Protecting the places where people live, socialise, travel to and creating places that are safe and promote/ engender feelings of safety
