	<p>England. The purpose is to ensure highways are clear from snow and ice throughout the winter period reducing winter accidents and maintaining the flow of traffic.</p> <ul style="list-style-type: none"> Leeds City Council and the Yorkshire Highway Alliance Authorities deliver their Winter Service Plans through their depots and contractors to ensure mobility and free flow of traffic during the winter months; this is a fulfilment of the Secretary of State obligations as the Highway Authorities. This contract allows the service to be carried out in a cost effective and practical manner.
	<p>Brief details of any alternative options considered and rejected by the decision maker at the time of making the decision</p> <ol style="list-style-type: none"> The extension of this contract is an efficient use of council resources and is judged to be value for money in comparison to preparing quotes for each individual forecast. The extension will allow us to keep using the compliant contractor we procured at the first time of tendering on the same terms and conditions and retendering is unlikely to result in any additional savings.
