Cleaner Neighbourhoods Team	<ul style="list-style-type: none"> • CNT will be providing a cleansing response similar to previous years where any accumulations of waste on either public or housing maintained land will be removed asap. This will be done on a referral basis and only where there is a clear risk identified by the fire service. CNT cleansing staff work 7 days a week across the City from 0600hrs-1630hrs. • Bonfires built prior to bonfire night will be dismantled and removed only where there is a significant risk as there have been incidents where staff have been subject to verbal abuse and put into confrontational situations previously. Again these will be done on a referral basis ideally where identified by WYF unless CNT Team Leaders feel that it is dangerous and warrants immediate removal. • Where waste is on private land unless deemed as being a significant danger and imminent threat to properties or persons, we will look to take enforcement action through the use of CPW/CPN which do have specified time limits on. This will include some bin yards where they are under private ownership. 	Chris Chamberlain
