

Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being or has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

Directorate: City Development	Service area: Active Leeds
Lead person: Steven Baker	Contact number: 3780293

1. Title: Change of swimming lesson delivery to 50 weeks

Is this a:

Strategy / Policy

Service / Function

Other

If other, please specify

2. Please provide a brief description of what you are screening

Screening for changing the delivery of Active Leeds swimming lessons from 46 weeks per year to 50 weeks and include free public swimming for the member.

3. Relevance to equality, diversity, cohesion and integration

All the council's strategies and policies, service and functions affect service users, employees or the wider community – city wide or more local. These will also have a greater or lesser relevance to equality, diversity, cohesion and integration.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, carers, disability, gender reassignment, race, religion or belief, sex, sexual orientation. Also those areas that impact on or relate to equality: tackling poverty and improving health and well-being.

Questions	Yes	No
Is there an existing or likely differential impact for the different equality characteristics?		X
Have there been or likely to be any public concerns about the policy or proposal?		X
Could the proposal affect how our services, commissioning or procurement activities are organised, provided, located and by whom?		X
Could the proposal affect our workforce or employment practices?	X	
Does the proposal involve or will it have an impact on <ul style="list-style-type: none">• Eliminating unlawful discrimination, victimisation and harassment• Advancing equality of opportunity• Fostering good relations		X

If you have answered **no** to the questions above please complete **sections 6 and 7**

If you have answered **yes** to any of the above and;

- Believe you have already considered the impact on equality, diversity, cohesion and integration within your proposal please go to **section 4**.
- Are not already considering the impact on equality, diversity, cohesion and integration within your proposal please go to **section 5**.

4. Considering the impact on equality, diversity, cohesion and integration

If you can demonstrate you have considered how your proposals impact on equality, diversity, cohesion and integration you have carried out an impact assessment.

Please provide specific details for all three areas below (use the prompts for guidance).

- **How have you considered equality, diversity, cohesion and integration?** (think about the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected)

Delivering swimming lessons over 50 weeks will make them more accessible to more people, not all families go on holiday during bank holiday weeks.

Some staff used the break from swimming lessons to use their annual leave which will still be possible.

Increasing the weeks swimming lessons will be delivered will ensure recreation assistants who act up to be swimming teachers will have consistent pay.

- **Key findings**

(think about any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

Increasing the weeks swimming lessons will be delivered will ensure recreation assistants who act up to be swimming teachers will have consistent pay.

More opportunity to attend lessons and practice skills will result in faster progression therefore reducing the amount of time spent in lessons and the cost to the customer.

Including free swimming in the membership option will make a family activity much more affordable and will have health benefits to the individuals.

A child aged 8+ who has some swimming ability would be able to attend public/fun swimming sessions for free with their friends encouraging individuals to spend their social time exercising is a great way to imbed healthy lifestyles.

- **Actions**

(think about how you will promote positive impact and remove/ reduce negative impact)

Promote the changes with our customers, explain the benefits of the new 50 week delivery and the inclusion of free public swimming for the member.
